St. Lawrence Chapter Gains 5 Point Pay Plan

SYRACUSE, June 20 — Employees of city and County of Syracuse have been granted the 5-point plan, which includes retirement contributions under the plan developed by the Civil Service Employees Association in the State Legislature this year.

The CSEA proposed the State constitute the first five points of a State workers payment to the Retirement System, and got the Legislature to extend the privilege to political subdivisions.

Because Mayor Rainbow, who proposed the plan locally, estimated that 2500 city employees would benefit.

The legislation will take effect July 3. The increase in take-home pay provided by the bill will apply to practically every salaried worker on the City payroll, including most police and firemen.

For these public employees, the 5-point plan will in effect mean a seven per cent increase on their gross salary.

NEW SPA SCHEDULE

ALBANY, June 20 — The State-owned Saratoga Spa will operate the Roosevelt Baths as a year-round basis, under the new schedule just announced. Its Roosevelt Baths will be open from June 16th to Sept. 16th.

Seek Joint Plan Credit For Troopers, L.I. Police

ALBANY, June 20 — A ruling which would allow troopers and members of the Long Island Police who have completed 25 years service to qualify for the State’s five point retirement in the Retirement System has been requested by the Civil Service Employees Association.

As matters stand now, these employees were denied the State’s contribution because the employees no longer contribute themselves to the Retirement System. The Employees Association contends that these employees, through no fault of their own, are being unjustly denied a benefit granted to other state employees.

The Association viewpoint was presented in a letter to Assistant Attorney General George S. Rudolph from Harry W. Albright, Jr., CSEA counsel. It read:

As you know, the Civil Service Employees Association.

CSEA Represented At Public Personnel Conference, City Meet

Representatives of the Civil Service Employees Association were in attendance at the annual regional meeting of the Public Personnel Association, held in Atlantic City.

Association President Joseph P. Foley, along with John Goff, president of the County Court (N. J.), Civil Service Employees Association, were among the panel members on a discussion of employee organizations.

With Mr. Foley were Joseph D. Lochner, CSEA executive director, and Philip Kerker, CSEA public relations director. They later met with representative of other public employees organizations in the East.

Correction

In a previous issue of The Leader, it was announced that the forthcoming meeting of the Western Conference of the Civil Service Employees Association would be held June 8 at L’Alouette Restaurant in Cohoes. The correct date is June 18.

Among the more than 150 persons in attendance at the annual dinner dance of the Southern Conference of the Civil Service Employees Association in Poughkeepsie were, from right, President James O. Anderson, President; Mrs. Nellie Davis, president of Hudson River State Hospital chapter; Dr. Robert Hunt, Hudson River State Hospital director; Sen. Ernest Hatfield, (R-Dutchess), and Francis McDonald, a past president of the Conference.

Jim Anderson Re-Elected

POUGHKEEPSIE, June 20 — James O. Anderson was re-elected president of the Southern Conference of the Civil Service Employees Association when the group convened here June 11.

Elected first vice president was Edwin Van Wert. Other officers chosen were William Hoffman, second vice president; Nicholas Fusterman, third vice president; Vincent D. Russo, fourth vice president; Robert Cooper, treasurer; and Ellery MacDonnell, secretary-at-arm.

Mrs. Nellie Davis, immediate past president of the Conference, was installed as the new officers.

The Southern Conference has already initiated a program of resolutions for the coming year and a large part of the meeting was devoted to action on resolutions submitted to date. A session on amendments to the Conference constitution was presented over by Francis MacDonnell.

H. J. Van der Donck, third Vice President P. P. Foley was among those who spoke briefly during the business session of the conference.

The installation dinner dance was held at Hudson River State Hospital.

Housing Manager Open Test Draws Heavy Protests

Heavy protests were made last week against the City's plan to hold an open competitive examina-

tion for housing manager. The Association of Assistant Managers, in a telegram to Mayor Wagner, the Civil Service Com- mision and members of the Board of Estimates, opposes the proposed test on four grounds:

1. Morale of management employees in the Housing Authority is very low, and would be further impaired by an open competitive test for housing manager.

2. Morale of management employees in the Housing Authority would be seriously impaired by an open competitive examination for housing manager.

3. The Association of Housing Managers seeks a public hearing to give detailed reports on the plans and reasons why it believes an open competitive manager examination is unnecessary, unwise and unjustified.

4. The Association of Housing Managers seeks the opportunity to present its objections to the Department of Personnel concerning the plans and reasons why it believes an open competitive examination for housing manager is unnecessary, unwise and unjustified.

OPEN COMPETITIVE EXAMINATION FOR HOUSING MANAGER

The New York City Housing Authority has elected Francis V. Madigan to serve a one-year term as its vice chairman, it was announced by Authority Chairman William H. Neil last week. Mr. Madigan succeeds Ira H. Robbins, who has been vice chairman for the past year, under an arrangement whereby they will alter.

Welfare Aide (Lady) Heads Legion Post

An investigator in the Welfare Department has been elected command- er of the Wall St. Post of the American Legion. The new command-

er's not unusual service record includes service from 1940 to 1945 in the United States and European fronts.

The new commander, however, is unusual in another respect. The new commander in a woman. Her name is Polly Bond and the Amer-

ican Legion has been her favorite hobby since she joined the Wall St. Post in 1946.

During the 14 years since then, she has been third, second and first vice commander. She also spent three years as service offi- cer, two years on the executive committee and a year as adjutant.

She looks forward to spending her vacation every year at the American Legion convention.

MENTAL HYGIENE MEMO
BY ANDRE COCCARO
Political Effectiveness

Although our Association constitution provides a "no strike clause" responsible people in our Association have wondered from time to time whether this phase of our constitution should be amended.

The feeling seemed to have reached a peak during the days of the New York City employee strike and during the Mount Sinai Administration when the Governor actually recommended repeal of the Cohan-Walden Act. Inspired by these acts, the delegates of our Association requested that the President appoint a state-wide association political-action committee.

The various conferences and chapters of the Association followed the lead of the parent group and organized their own political-action committees. Conference and legislator committees have been established during the past few years.

Van Riper Evaluates Program

It was at the Concord Hotel that the Metropolitan and Southern Conferences of the CSEA had Dr. Paul Van Riper evaluate the CSEA program.

Van Riper, of Cornell University, an expert of public administration, told the assembled delegates that they were on the right track. He said that the Association is becoming more politically effective to "do more and more of what you are presently doing."

Dr. Van Riper stated that it would not be wise for our Association to align itself with one of the major political parties. A non-partisan approach could make our group continuously effective. "The key to effectiveness lies just in riding with one particular party but in being the difference of power between the two major parties," he said.

Relating to the strikes in public service Van Riper said that "to employ the techniques of regular labor organizations one must also accept the prospect that laws would be passed forbidding public employ any political activity."

Our chapters and conferences would do well to encourage more and more of these educational workshop programs. In addition to enlisting the delegates who attended, it adds prestige to the organization and has significant public relation value.

7½ Per Cent Raise Passed by House

The C.S.E.A. News Service has passed a compromise 7½ per cent pay bill, which was knocked down to a 7¼ per cent bill by the Senate. The vote was 37 to 24, a vote which would be enough to override a veto from the President, which is expected.

The end of the eight years of legislative battles of pay raises in the last 15 years, including, in some cases a 2 per cent increase two years ago.

He said that the employment levels, which are 2500 per cent below what they have already gotten a few, which seems a little like telling a man that he doesn’t have to eat after her 30 years old, because he has already eaten for 30 years.

The bill now goes to the Senate, where quick action is expected. Then it will face the President, and a veto is expected, since the President has opposed all such plans for this year, under any conditions.

Post Office Art

Exhibition Now On

Paintings in oils and watercolor by New York postal employees, are on exhibit at 4500 of the General Post Office, 3rd St. and Eighth Ave. until Friday, June 28, the Post Office has announced.

Prizes of U.S. Postal Service and artists’ materials, will be awarded to three of the many postal employees who spend their spare time painting.

“Beginning June 27, the winning paintings will be shown a week at a time in the Hoboken of each of the Post Office terminal, at the Grand Central, Four C Trail Station, Church Station Station, Brentwood Central Station, and Grand Concourse, respectively.

New York continues to grow, too — and our job is to keep ahead, electrically. New buildings going up everywhere use many times as much electricity as those they replace.

Homes, too, are upping their use of electricity. In fact, the average home uses twice as much as it did 15 years ago — that's why many bills are higher. But though bills are up, the average price per kilowatt hour is down from 3.04 cents in '46 to 3.88 in 1959.

Aging Due in Queens

During the past several weeks, this newspaper has received numerous letters from employees of the Queens Borough President’s office complaining of poor working conditions and unfair employment practices. The letters are not always accurate; sometimes there is smoke there is fire,” we urge Borough President John T. Clancy to look into the situation. If the criticisms are accurate, correction would benefit everyone concerned (including Mr. Clancy), if they are not, an airing of the facts would prove they are not.

Summer Time

Vacation Time is setting in and we wish all public workers a pleasant and relaxed summer. At the same time, we can’t help wanting to place one or two thoughts in their minds to mull over in the next several weeks.

First, let us remind all of you that an election year is at hand and out of the clouds of oratory that will loom as tenuous at best, but sharp ears should be pointed toward any platform or statement that offers some action or plan at hand and out of the clouds of oratory that will loom as tenuous at best, but sharp ears should be pointed toward any platform or statement that offers some action or plan for the present items and departments.

Already one hears commitments to reduce taxes, increase this or lower that in different items and departments. Any action here is going to affect your pocketbook.

The wearying problems of grievances and injustices go growing more deplorable every day. In his exposure to appear in the newspapers (dedications, testimonials, etc.), he has been publishing the injustices of his employees. Having employees representative among its members, and knowing that for the most part injustices are too much anyhow, the Board of Appeals and the Board of Estimate, which approves of the really drastically needed ones and discards the rest, is the only avenue to go.

The ones that the Board of Estimate cannot approve of, but justifies most of its management choices to his benchmen. Here is where the trouble exists. Board of Estimate official J. Wolfe Chassan and Highway Commissioner Frank Livini are the real enemies. The naysayers of Clancy will become aware of the situation and remedy it. He had best, if he knows what is good for him, get in line now, while there is time.

Says Upgradings Are No Bargain

Editor: The Ledger. The Ledger is a New York City employees fight for upgrading and the appeals keep getting laid on the Board of Estimate almost like a new man comes in and starts at the same salary as this veteran employee, it’s also ridiculous for the Appeals Board to act like Santa Claus when it recommends something in one of these cases.

Employee representatives among its members, and knowing that for the most part injustices are too much anyhow, the Board of Appeals and the Board of Estimate, which approves of the really drastically needed ones and discards the rest, is the only avenue to go.

Wolfe Chassan and Highway Commissioner Frank Livini are the real enemies. The naysayers of Clancy will become aware of the situation and remedy it. He had best, if he knows what is good for him, get in line now, while there is time.

Plain Sense

It is plain sense that the Governor is not to be blamed for every tactless and stupid act of every State Officer. The Governor was the principal speaker at the dinner, and he is, after all, only a man. He is not part of the Civil Service Defense Commission official to employees of the supposedly non-political civil defense outfit.

I believe him. I don’t like putting the bite on you for this money, but I have no alternative,” said CD official Raymond J. Barbour in the remit to his underlings.

The New York Times story on Thursday morning wrote that the “invitation” (and I am using quotation marks only because the Times did) “aroused the wrath of Governor Rockefeller’s office.”

Moral Suspcion

Let me start with the fact. As soon as political solicitation starts in an office, it constitutes moral suasion on the employees in the competitive class. In an office, it constitutes moral suasion on the employees in the competitive class. As emphasized by him at a Cabinet meeting early in his administration, he had best, if he knows what is good for him, get in line now, while there is time.

The moral suasion is a crime regardless of the classification of the employees.

Sable Attempts

Our courts are well aware of the fact that sable attempts are made to get around the law to which I am now referring. Consequently, they have put teeth in them. People v. Connelly is the leading case on the subject and interpreted the sections of the Civil Service Law and the Penal Law, mentioned above. In that case the Court wrote:

“The influence of such position is not less effective if it is obtained through fraud.” The Legislature has made it a criminal offense to injure any public officer or any political officer, for any purpose. This means that any employee who is in a competitive class and recommends something in one of these cases will have to pay for political purposes are felt without express demand for anything from the personnel officer or employee. Employee representatives among its members, and knowing that for the most part injustices are too much anyhow, the Board of Appeals and the Board of Estimate, which approves of the really drastically needed ones and discards the rest, is the only avenue to go.

New York Post Offices Offer $2 Truck Driver, Clerk and Carrier Jobs

Included now with the substitute truck-driver open competitive exams being offered by New York post offices is an open exam for substitute motor vehicle operator, a $2 to $3.42 an hour job for which applications will be accepted until July 12.

The other exams open are for clerk and carrier positions in four local post offices: Brooklyn, Long Island City, Jamaica and New York, N.Y. The test for motor vehicle operator is for jobs at vehicle facilities in all five boroughs, and is listed under Announcement No. 1-101-6 (60). The age minimum is 18, and there is no maximum. The only requirements are one year of experience operating trucks of over 21/2 ton capacity or buses of 11 passengers or over, and the possession of a driver's license.

Announcements and application forms are available from the main post offices in Manhattan, Brooklyn, 2-101-2 (60); in Long Island City, 2-103-2 (60); for New York (1960); or Long Island City, No. 2-114-1 (1960). (See ad, page 1.)

Clerk-Carrier Test

Applications are still being accepted for substitute clerk and carrier positions at the four above mentioned post offices, and applications will be accepted for substitute clerk or carrier — they are still open.

These are career appointments with opportunities existing for promotion and salary raise. Appointment is made to regular positions according to seniority. Substitutes must be available for duty on short notice and generally they will be working regularly.

To file, applicants must be at least 17 years of age, weigh at least 225 pounds, have an 80 pound mall sack to their shoulders and be citizens of the United States. The minimum age for appointment is 18.

All job candidates will have to take a written test and candidates for the substitute carrier jobs must have drivers license and pass a road test proving they can drive a vehicle of the type used on the job.

Because the jobs often require arduous physical exertion, such as carrying, reaching, walking and standing, applicants must be in good physical condition and be able to perform all the duties of the position.

All of the jobs offer full benefits, including incentive awards, liberal paid sick leave, two-weeks' vacation, health insurance, life insurance and a liberal retirement plan.

How to Apply

For the clerk-carrier jobs at the four New York, N.Y., post offices and the motor vehicle operator job, applications may be obtained from the Board of U.S. Civil Service Examiners, Room 3393, General Post Office, West 23rd St., near Ninth Ave.

In Brooklyn, apply to the Board of U.S. Civil Service Examiners, General Post Office, Room 413, Brooklyn 1, N.Y.; in Long Island City, apply to the examiner-in-charge, 4003 31st Street, and in Jamaica, at the Main Post Office, Room 241, 88-40 149th St., Jamaica 31, N.Y. For all four applications are available from the second U.S. Civil Service Region, 220 East 42nd St., New York 17, N.Y.

The exam numbers should be referred to when applying. They are: for Brooklyn, No. 2-101-6 (1960); for Long Island City, No. 2-101-1 (1960); for New York City, 2-101-2 (60); and for Jamaica, No. 2-114-1 (1960).

The White Plains unit of the Civil Service Employees Association reelected Howard A. Brighton, Jr., as president of the Unit, at a meeting held recently at the White Plains City Hall. This will be his second term.

Directors elected were Edward Harmon, Richard Phillips, Helen G. Mineo, Lee J. Manghelli, Rose McWhorter, Raymond Straw, and Robert Stull. Installing officer was Thomas J. Lukejado, field repre-

sentative of the CSEA.

Questions relating to the city's additional contribution to the pension plan, revised salary sched-

ules, vested rights program, two-year contract, discipline, continuous security and other benefits were answered by John Gaggs, director of personnel for the city, and Mr.

Leslie, Jr., at ceremonies held recently. Shown, from left, are: Dr. William Cudmore, Mrs. Adelaide Volk, Mrs. Irene Callahan, Mrs. Mary Ochner, Mr. and Mrs. Leo Reaves, and Helen McDonald, treasurer.

The chapter will hold its June meeting at Tohoku's Restaurant on June 27. Chairman John Riley of Public Works has used that reservation so that early decisions made there as early as to one on the earlier that may be accommodated.

The chapter members extended special wishes to the retiring administrative division: Richard Pauser, Supervisor; and Lester Deady, traffic manager, at Public Works. Richard McDonald of engineering, was welcomed after a two-year period.

The five per cent Forgiveness Measure adopted the credit union so that the members are right on the earlier that may be accommodated.

Ivan Boland, first vice president; Robert Klein, CSEA field representative, were re-elected to head next season's leagues.

A welcome was extended to the Weekly White Plains. Work is now back on the job after too long an absence.

Sing Sing Chapter Announces Officers

The Sing Sing Prison chapter of the Civil Service Employees Association held its annual meeting recently at the Monroe Hall in Sandusky with Martin Malady presiding.

Lavrentie Matroshin announced that the total membership had reached over 425 members, and he thanked those who helped him build it to that figure.

Frank Leonard received instructions from the membership on the coming Commissioners Conference, and was given two additional resolutions to submit at the Conference on June 27th and 28th.

One resolution asks that retired employees be paid twice a month instead of one as is being done now. The other resolutions are for a 25-year pension at one-half year for all Correction employees, minimum age 50, to take effect April 1, 1962.

The election committee reported the following were the new officers for the coming year: president, Harold O'Mara; vice-president, Clifford Miller; treasurer, Edward Karpasian; secretary, John Cray (still has one year to serve); delegates, Frank Leppard, alternate delegate, Sidney Schuster; and sit-at-arms, Nick Atterman.

Executive Committee: James J. Cray, Willis Hunt, Martin Malady, Sidney Wood, Fred Stanley and J. Logan Davis.

The Sing Sing branch of the Civil Service Employees Association was organized in 1958.

Craig Colony Group Revives Constitution

At a recent meeting of the Craig Colony and Hospital chapter of the Civil Service Employees Association, held at the Craig Colony chapter, the membership elected a new executive committee, headed by Samuel M. Seltzer, chapter president.

Most of the meeting was taken up by the discussion and approval of changes in the local chapter by-laws and the only revision in twelve years.

The thirty members who attended also heard the report of Sam Ciccola, CSEA delegate, regarding legislation affecting state employees, and declared themselves in favor of more equal representation at the state level meetings. The group was unanimous in approving another general meeting in the immediate future to discuss by-laws and other pending issues.

According to Mr. Seltzer, the members who attended were actively interested and spoke freely and sincerely on all matters.
