MISS THRUWAY AT WORK

BUFFALO, Sept. 4 — Comptroller Arthur Levitt, who took the time off on a state pension system, which wouldn’t cost the public employer a dime.

The long-term objective was cited in a speech made by the State Comptroller at the International Association of Fire Fighters convention in Buffalo.

A digest of Mr. Levitt’s remarks follows:

I would like to discuss possible future changes in the Retirement System. One objective which I seek is to raise the system’s interest return on contributions from 3% to 4% to all employees. Today the earnings on our trust funds are used to pay benefits to current and former employees. There is a need for a change in the way contributions are invested.

Along with your increase in take-home pay of 5% gross salary, you continue to receive your full benefits from the system. The 3-year plan is restated to be by Mr. Levitt was solely developed and introduced to Mr. Levitt and the Legislature by the 5,000-member Civil Service Employees Association. 

With the recent broadening of the system’s investment powers to include sound corporate securities, and private equity investments.

Debate State Reorganization

ALBANY, Sept. 5 — Dr. William J. Roman, secretary to Gov. Nelson A. Rockefeller, has accepted an invitation by the State Thruway Division to publicly debate the merits of the Governor’s reorganization plan for the state.

The debate will be held at the annual convention of the Employees Association being held Saturday, through at the Concord Hotel, Kinohama Lake, N.Y.

When the Governor’s proposal was originally made, several of them were challenged by State Comptroller Arthur Levitt. The Employees Association invited Mr. Roman and Mr. Levitt to debate the issues and is now awaiting a final answer on the matter from Mr. Levitt.

In inviting the invitation to the Governor’s secretary and the Comptroller, Joseph P. Poli, president of the 50,000-member Civil Service Employees Association, asked the Rockefeller governor to place the Retirement System under the office of Civil Service Commissioners to reduce the statutory status of the Civil Service Department.

Mr. Roman has requested that the debate be held on Oct. 3, the hearing date of the annual meeting.

ALBANY, Sept. 5 — Talk of reducing state income taxes, following on the heels of surplus revenue reports, has caused Joseph P. Poli, president of the 50,000-member Civil Service Employees Association, to ask the Rockefeller administration for talks on State salary increases at once.

Although salary negotiations with the State workers is not shut out by redistribution of tax revenues at the expense of public employees.

In asking for an early meeting Mr. Poli reminded Governor Rockefeller that at a meeting between the CSEA and Mr. Rockefeller in January the Chief Executive indicated the Association’s 1960 salary request was reasonable and should be granted.

At the time, Mr. Poli continued, the administration stated that the financial situation of the state did not permit a general pay increase to employees in 1960.

Employees Puzzled

"No," Mr. Poli declared "you are quoted at stating that a 10 per cent reduction in income tax is possible next year.

The CSEA president reported that “our members are confused and feel that their just request for salary increases are being denied them.”

Mr. Rockefeller asked Mr. Poli to arrange a conference with Dr. N. C. D. Orr, state Budget Director, and the Employees Association has done so and reiterated its position.

Mr. Poli expressed thanks to the Administration for support and adoption of the CSEA 5-point plan to increase take home pay in the next biennium.

At the same time, however, Mr. Poli declared that the 5-point plan to increase take home pay in the next biennium.

Cutting State Patronage

BEFORE Governor Rockefeller sets up a commission to "study" the current suggestion that 20,000 non-com- petitive and labor class civil service employees be removed from political patronage (a frequent fate of most new pro- posals) we hasten to come out against it.

As our "editorial" we mean, not the proposal.
The proposal comes from Joseph F. Felly, president of State Civil Service Employees Association, and is one that could be used at any time in the past several decades (or, we fear) in the next several.

To make it effective all the two parties have to do (or at least try) is to hold the governorship and control both houses—is simply to pass the required legislation.

And while any bill drawn up by the Civil Service Em- ployers Association might not be the complete answer down to the last crossing of 't's and dotting of 'i's, it would be a start.

Indeed, a sufficient one so that the Governor and Leg- islature should be able to agree on details within a single session providing they have the necessary good will and intention.

Any such action would tend to freeze in appointees of a party in power—something that may not be ideal.

Do It In Chunks

We would rather see huge chunks of these employees simply put on competitive civil service in the normal fashion.

We think that the objections to action of this kind stem from the idea that the whole problem derived from the difficulties of figuring out ways in which fair examinations can be set up and adequate lists estab- lished.

Actually we think the CSEA would do well to follow up on this strongly. It strikes us that they have a long way to go if they are to give real meaning to the constitutional mandate that wherever practicable state employees be on competitive civil service.

Parties with less patronage would, we think, be forced to compete on the merit of the programs they offer and the leadership they give.

That would be a step forward.

The amendment was the re- sult of a measure developed by the New York State Civil Service Employees Association and adopt- ed by the State Legislature this year.

The new law is mandatory for state employees and was made permissive for political subdi- visions, and counties, and has been highly successful in obtaining the plan in their districts.

In April of this year the Town of Ossining will have to pay the State Retirement System an amount determined annually similar to that paid by Charles B. Bristow Jr. said in 1973 had been estimated at about three million dollars, or one third of the increased benefit.

The remaining two-fifths will be saved by the retirement sys- tem as a result of forfeited deductions, arising when employees leave the retirement system he said.

Newark Softball Tournament Has Big League Thrills

The Newark state School was the winner of the Division A title and the Hygiene Employees' Softball tournament on Saturday, August 13. Employees' teams representing Newark State School, Willard State Hospital and Craig Colony and Hos- pital (Sonnea) were present for the competition.

The first game at 1 P.M. was a thriller. Charlie Allen, Sonnea 10th and outstanding pitcher for the Rochester area, and Bob Dierks, Newark helir, were locked in a pitch-perfect duel in a nothing-to-nothing tie at the end of six innings.

Sonnea had only one hit. Willard was victorious over Buffalo in the second game after scoring seven runs in the second inning to win easily.

The play-off between the two winning teams took place in the late afternoon. It was a nip and tuck affair with Sonnea finally holding on for a 1-0 win against Willard.

Two members of the winning teams attended the banquet which climaxd a day greatly enjoyed by all the players.

A cooperative work-study program with the U. S. Government for student trainees is now open for positions in many different fields with various agencies of the Federal Government.*

Also open at the present time are student trainee positions for vacation work-study with the National Park Service. These are in four optional fields: park ranger, park naturalist, park historian, and park archeologist.

The work-study program provides an integration of academic study with practical work experience and training on the job in an organized program, usually of five years' duration, under which students alternate periods of college attendance with employment.

The program is open to high school seniors and college students. The optional fields open to students are: accounting, mathematics, architecture, metallurgy, cartography, meteorology, chemistry, oceanography, economics, physics, engineering, and statistics (general); and to college students only: agricultural economics, statistics (agricultural), osteopathy, home economics, plant pathology, and soil science (research).

Required to enter the program are at least two years' high school graduation with credits in all courses required for admission to college, for GS-2 positions; one full year of college study; and for GS-4, two and one-half years of college.

Full information on the student trainee program is contained in Announcement No. 208 (Revised); and for the Park Service program in Announcement No. 265 B, both of which are available from the Second U. S. Civil Service Region, 220 East 42nd St., New York 17, N.Y.; or from the U. S. Civil Service Commission, Washington 25, D.C.

### U.S. Needs Office Machine Operators Now From $3,500

The U.S. Government needs office machine operators now to fill jobs in various Federal agencies in New York City. The salaries range from $3,500 to $4,040 a year, and from three months to two years' experience is required.

High School education and permanent training in machine operation may be substituted for all or part of the required experience. Applicants must be at least 18 years old at the time of filing, but there is no maximum age limit.

#### The Positions

The particular office machine operator positions covered by this examination are bookkeeping machine operator, calculating machine operator, duplicating equipment operator, and office appliances operator.

These positions are in grades GS-2 and GS-3 with starting salaries of $3,500 and $3,760 a year respectively.

Telegraph positions as grades GS-2 and GS-3, with starting salaries of $3,760 and $4,040 a year, are also covered.

#### The Requirements

For GS-2 positions, three months of experience are required; for GS-3 positions, except teletypist, six months experience is the requirement. For tabulating equipment and tabulating machine operator positions at Grade GS-3, at least three months of experience must have included wiring plugboards and setting control plugs.

For teletypist GS-2, one year of general, or six months of specialized, experience is required. For teletypist, GS-4, one year of each, or one-and-a-half years of specialized experience is necessary.

Separate registers will be established for each of the positions and grades covered by this announcement. These registers will be combined with registers for the official announcement. These registers will be accepted until further notice.

*We are not the employer's agent.**
The sick leave scandals in the New York City Police Department have rocked the City. The lead off story was about a patrolman who had been charged with sick leave in the last five years to approximately $70,000. It was followed by another story about a patrolman who had been on sick leave 366 days in the last five years and had earned $40,811 during that time from private employment and an average of $4,000 a year from the City, bringing his total earnings in the last five years to approximately $70,000. It was followed by another story of a fourteen patrolmen who worked as chauffeurs, again on their own time, which is a violation of regulations. Still later there were other stories of patrolmen working as chauffeurs, again on their own time.

Sick leave from public employment with pay for false reasons is morally wrong. Working on a second job, when prohibited by regulations, is not acceptable. And yet, but still is a violation. What I write in the next paragraph is not in justification of what happened, but please think about it.

Worst Loses Are On Salary

The New York Times reported that the 366 day sick leave patrolman "is married and has five children ranging in age from one to ten years." The article on his case in that paper on August 27, 1960, was continued in column 6 on page 8. In columns 4 and 5, adjoining, a table was published entitled "Budget Costs in 36 Cities" and it was for "a four person family of a worker, as calculated by the Department of Labor of the United States today." The cost in New York City is $5,910 a year. That would leave the patrolman with $34 a year for three of his children on $16 a year per child. I am sure that this makes a mighty low figure. We must be careful that hysteria does not lead to reductions. Hysteria would lead to reductions; no hysteria, please.

The 366 day sick leave patrolman lived in Nassau County. At the last session of the State Legislature, a law was enacted which permits policemen to live in counties which adjoin those in which they work. Consequently, New York City policemen may live in Westchester or Nassau counties. That law was made necessary by insufficient living quarters in New York City, and for that reason should be extended to the entire civil service.

No Hysteria, Please!

In all the news the total of "sick" patrolmen was two. That is a mighty low figure. We must be careful that hysteria does not do more damage than the two men did. No hysteria, please.

In cases where Departmental charges are made against dual jobholders, sick and otherwise, I hope that the current hysteria will not enter into the decision. The Department administrators know that the public has been aroused. In such situations it often happens that employees are over punished. In this State we have a nearly perfect hearing procedure for disciplinary cases in Section 75 of the Civil Service Law, which tends in its step by step actions towards reflection and just results.

A patrolman may have taken a few unwarranted days of sick leave and working another job may have warranted dual jobs on his own time, but considering such other factors as years in, personnel record, Departmental awards, size of family, nearness to retirement and so forth, some punishment less than dismissal might be in order. That is why Section 75 which provides the punishment for disciplinary cases includes a fine not to exceed one hundred dollars to be deducted from the salary or wages of such officer or employee, suspension without pay for a period not exceeding two months, demotion in grade and title, or dismissal from the service. The purpose of the alternatives is to enable the administrator to make the punishment fit the crime.

In the department of mental hygiene, during this time I received all the duties, responsibilities, and labor of the R.N. without recognition or pay. Where was the recognition or pay? The L.P.N. has employed during this time all the same duties as the R.N. with the exception of the O.B. which is incidentally a special nursing assignment.

Legal Recognition

Does it seem peculiar that in reality we are required to have the knowledge and perform all the duties of the nurse, and yet not be legally recognized by the hospital for whom we work?

The L.P.N.'s pay grade is between the attendant and the staff attendant. Having relinquished the duties of the L.P.N., I have since become a staff attendant. The problem is obviously simple. As a staff attendant, I do not have an iota of the legal responsibilities or liabilities which I carried as an L.P.N. I am in no way required to possess any medical/surgical knowledge of nursing, and I believe—I am paid in the next higher pay grade.

The question arises: does this situation prevail in other hospitals?

City Fireman Jobs
Opening Oct. 5 will Pay from $5,200

Fireman positions with the City of New York will be opening for full-time jobs on expedition. The starting salary for City firemen will be $3,300 a year after two years' service based on the pay scale of $6,781. They also get a $125 uniform allowance.

To file, applicants must be at least 18 years of age. These positions are listed on announcement No. 2-57-3 (1960), for the full-time jobs, and No. 2-57-4 (1960), for the part-time positions.

The physical test will be designed to determine the applicant's strength, agility and power. The written test will be given first and will be designed to test the applicant's intelligence, aptitude and capacity to learn the work of a fireman. Firemen will be issued with physical standards of strength to be adopted and used by all firemen in the City of New York.

The written test will be given simultaneously to all applicants and will be rated on a scale of 100, on the extent and thoroughness of study and knowledge of the duties of the applicant. It will be competitive, which means that those failing to meet the requirements will be admitted to the exam, but will not be placed on the list of eligibles.

For sale to be held March 4. Required are high school graduation, or equivalent, and either three years of experience or a formal course of instruction, or an equivalent combination of education and experience. Some of these positions are open to applicants of minority status.

For more information, applicants should refer to when applying. They must be available to work on short notice and generally from 8:30 a.m. to 5 p.m. Monday through Friday.

For details, applicants should call the Examining Section of the New York City Department of Personnel, 96 Duane St., New York 7, N. Y.
Effective last week, unemployed insurance eligibility rules have been liberalized for persons with recent employment in New York and New Jersey.

The change was made possible when New Jersey became a signatory to a multi-State agreement to which New York has been party for more than a decade. Alfred L. Green, Executive Director of the New York State Division of Employment, said the agreement now permits a worker to combine his New York and New Jersey wage credits if he has not had sufficient work and earnings in either State to qualify for benefits under that State's law.

Unemployed workers who were denied benefits in recent weeks because wage combining was not yet effective were urged by Mr. Green to refile their claims as soon as possible.

Wassaic Picnic Such Fun
They're Planning Another

The Wassaic School State Chapter of the Civil Service Employees Association held a summer picnic Saturday afternoon, Aug. 21st at Wassaic Park on the institution grounds.

Guests who attended included Senator Ernest T. Hafford, his assistant, William E. Shubert, Comptroller R. Watson Power, Mrs. Robert J. Bums, member of the Wassaic Board of Visitors, Robert J. Bums, Chairman of the Dutchess County Board of Supervisors, and Mr. John D. O'Brien, newly-elected President of the Mental Hygiene Employes Association and Mrs. O'Brien.

A large turnout of employees, their families and friends enjoyed a pleasant evening in the pool, eating the picnic lunch which included hot dogs and sausage, ham, hamburgers and salads. Italian hot sausage and peppers, baked beans, potato salad, broccoli salad, corn, watermelon, soda and beer. A softball game and community singing highlighted the evening entertainment which concluded at 11 p.m. with everyone agreeing that "such a wonderful time was had by all."

The picnic committee, headed by Chaplin Paul Kline, included Mrs. Edward Feltes, Eulalie Johnson, Evangeline Hanley, Lillian Dilley, Mabelle Middlemore, Mrs. Edward Potter, Anna Samaras, Mrs. Forrest Velonis, Mrs. Harris Kline, Maria Bizzi, and Mrs. Fred Samaras, and Mrs. Hartley Darron, and Mrs. Charles Samaras, and Mrs. John Stoker, and Mrs. Carl Darron, and Mrs. John Stoker, and Mrs. John Stoker, and Mrs. John Stoker.

McLaughlin New
Guard Superintendent

Albany, Sept. 9 — Colonel Frank McLaughlin of Rensselaer is in charge of a detail sent to the New York Army National Guard. The colonel is a career officer of the New York National Guard and former Chief of Military and Naval Affairs.

He succeeds Brig. Gen. John C. Baker, who has been serving as chief of staff while on leave as head of the Albany District Office of the U. S. General Services Administration.

General Baker will continue to command the 27th Armored Division Artillery, NYARNG, units.

Col. McLaughlin has completed 25 years of federal and state service, including active service in World War II.

AIDES PRAISED

(Continued from Page 3)

After serving in 1959. He is 42 and has been serving as vice president of the Syracuse chapter, Civil Service Employees Association.

Michael J. Vadala, left, newly appointed regional manager of the New York State Department of Commerce in Elmira, will be promoted recently by friends and co-workers at a dinner in Syracuse. Seen with him, from left, on the occasion are Mr. Vadala, Joseph Mercier, manager of the Syracuse Commerce Dept. office, and Peter Valeson, president of the Syracuse chapter, Civil Service Employees Association.

SPECIAL CRUISE

(Continued from Page 1)

Major ports of call are Nassau in the Bahamas and Port-arthur, Texas, from which there will be land excursions.

An important feature for era fans will be a stop at the Port-arthur, Texas, where the famous '59 Dixie 's Heart of the ship has been reserved exclusively for the benefit of the Civil Service Employees Association. This means that the very best seats on the ship will be available at the reduced price schedule.

Continental Dining

All meals are included, not only free but prepared by Continental chefs. Liquor at sea is tax free and the full service is very moderately priced. Dancing is featured every night in the ship's Palm Court and only the newest and latest movies will be shown aboard.

The land tours will offer not only exotic sightseeing but also opportunities to some bargain-priced shopping.

For choices of accommodations at the price is a plus. That requests for bookings be made as soon as possible. A descriptive brochure and schedule of tickets will be obtained by writing to Specialized Tours, Inc., Room 306, 11 West 42 St., New York, N. Y.

As in all such cruises, only part of the ship is used. Invitations to other passengers are therefore advised.
