Get CSEA Group Life Insurance During Feb. Without Medical

New applicants for Civil Service Employees Assn. Group Life Insur- ance, under age 55, will not be required to take the usual medical examination if they apply during the month of February, according to CSEA President Joseph F. Pinto. Applicants 50 years or over will have to take the usual examination at the expense of the Insurance Company.

Low Cost

A CSEA member, 25 years or younger, under the Group Plan, gets $13,000 term life insurance protection for $1 a month. Older employees enjoy proportionately low rates.

Raising to low cost, the plan provides double indemnity for accidental death and waiver of premiums if an insured member becomes disabled prior to age 65. Additional insurance of 10% of face amount, maximum $350, is also provided without additional cost because of favorable loss experience. Payment of premiums is made through convenient payroll deductions. Death benefits are paid within 24 hours after notice is received at CSEA Headquarters without red tape.

Who Can Join

The plan now covers 45,000 CSEA members. Any employee of the State or of the Counties of Westchester, St. Lawrence, Chen- onie, or the Cities of White Plains, Ogdensburg, Plattsburg, New- ury, Elmira, Mt. Vernon and South Pittsfield, who are or be- come CSEA members, may apply.

Levitt Orders Overtime Meal Allowances Paid Whether Used or Not

ALBANY, Feb. 13—Comptroller Arthur Levitt has liberalized the state regulations covering meals provided state workers on over- time duty.

Under a new system, announced by the office, the employee is allowed a flat $2.50 for food whether he uses it or not. Formerly the employee went to an ac- credited restaurant, which then billed the state for the amount of his check up to the $2.50 limit.

Other New Provisions

In a memorandum to all State agencies, Mr. Levitt said: "The rate of $2.50 per meal is an al- lowance for overtime meals and is payable to the employee regard- less of actual amount expended.

Other provisions of the new memorandum are:

"1. An appropriation for food must be available or a certificate of allocation approved by the Di- rector of the Budget must be filed in this (Audit and Control) office. "2. Meal charge of $2.50, in- cluding tips, will be allowed for each day that an employee is re- quired to work at least three hours overtime on official business of the State of New York, Monday through Friday, or at least six hours on Saturday, Sunday or holiday.

Two Meals Sometimes

"3. When an employee is re- quired to work nine hours on Sat- urday, Sunday or holiday, on official business of the State of New York, two meal charges will be allowed.

"4. Employees will be required to pay for their meals subject to subsequent payment of the state.

"5. A special voucher form is provided, known as an Overtime Meal Allowance Voucher, as evidence of meal charges incurred in behalf of Parole Officer Jack Weisz, and others

Held in Court of Appeals

The protest will continue, Mr. Levitt told The Leader, until some relief is given.

MESA Session Presses for Salary Boost

The Civil Service Employees Association has long

contained that the State should pay moving expenses for em-

ployees transferred or promoted and transferred in his

Budget Message, Gov. Rockefeller asked for funds to pay such expenses.

The leader this week presents a summary of the Administra-

tion bill, which will provide for salary increases and moving expenses incurred by State workers who are trans-

ferred, reassigned or promoted to positions in other geographical

locations, subject to certain conditions and limitations.

Summary of Provisions

this bill adds a new Section 4-b to the Civil Service Employees Bene-

fits Law (section 182) to provide, subject to certain condi-

tions and limitations, for reim-

bursement of travel and moving expenses incurred by State em-

ployees upon changes in job or location or for State em-

ployment resulting from transfer, reassignment or promotion. The new section consists of five sub-

divisions.

Subdivision 1 would allow reim-

bursement of travel and moving expenses upon transfer or re-

assignment resulting from changes in job or location or for State em-

ployment resulting from transfer, reassignment or promotion.

Subdivision 2 permits reimbursement of travel and moving expenses upon promotion to a

higher position if the promotion is made at the same time as a reassignment or transfer to another

job location, without any additional change in the employee’s residence or in the salary or other

benefits he or she received before the change in the employee’s job location or salary.

Subdivision 3 provides that an employee receiving reim-

bursement must give up his old job and accept the new job at the same place as his old job.

Subdivision 4 provides that reimbursement may be

paid only for travel and moving expenses incurred by the employee in connection with the

change in job or location or for State employment resulting from transfer, reassignment or promotion.

Subdivision 5 provides for payment of travel and moving expenses incurred by the employee in

connection with transfer, reassignment or promotion, subject to certain limitations and condi-

tions.

Section 1 of the bill makes an appropriation of fifty thousand

dollars ($50,000) for the coming fiscal year.

Section 2 specifies July 1, 1961, as the effective date of the

provisions of the act.

Arguments for bill

At present, where an employee is transferred or promoted to

a new job in a different geographical location, he is re-

quired to accept the new position himself and his family to his new job location, without any as-

sistance from the State.

West Conference Discusses Surveys

The 15th annual workshop meeting of the CSEA State

Board was held at the McAlpin Hotel in New York

City on February 18, attended by delegates from the

15 CSEA state and local units and the three vice presidents.

Mr. Flury praised the state survey in general, but told delegates

that lower grade workers deserved only a four per cent in-

crease, rather than the six per cent increase proposed by the Board.

The CSEA president told his listeners that efforts were being

made in the Legislature to make this figure a more proper percentage.

Salary was the main topic again when the meeting discussed the evening dinner meeting at which Sen. Frank van Lare was speaker. The Rochester Republi-

can speaker on the problems of education for State employees rather than any increase in fringe benefits.

Asabj. Eugene Goddard, also

of Rochester.

The next meeting will be February 19 at 1 p.m. in the Hotel, and will be Mr. Deane, principal personnel

director of the Department of Labor and Finance will receive awards Feb. 13 at the eighth annual Brotherhood Dinner of New York State employees, as

Applications for the City's patrolman test will not be accepted after Feb. 21. Those taking this test must be able to take another test for at least a year. This is a change from previous policy and can be regarded as a step towards the open-continuous filing desired by the Police Department. More answers will be released for this test.

Character Requirement

The passing mark for the test has been raised from 70 to 75. All other requirements except for the residence requirement, must now be met at the time of filing rather than at the time of appointment. At the time of appointment, candidates must live in the City of Westchester or in Nassau County. When applications are filed, candidates must be at least 21 years old and be 20/30 vision. A driver's or chauffeur's license is also required at the time of filing. Applicants must be at least five feet eight inches in height and have 20/30 vision in each eye without glasses.

Proof of good character is a requirement for appointment. Persons convicted of a felony or of petty larceny will not be eligible for this title. Neither will persons who have been dishonestly discharged from the armed forces.

It is expected that several tests will be held each year. Applications for this exam will be accepted up to Feb. 21 and the test will be given on March 25. The filling period for the next examination will probably be in May with the test given in June.

The starting salary for patrolmen is $5,200 a year. Patrolmen receive increments of $200 at the end of their first year, $250 at the end of their second year, and $300 at the end of their third year. The salary reached through these increments is $6,814 a year.

State Should Pay Parole Officers For Overtime

When State parole officers tried recently to get relief on their claim for compensation on hundreds of overtime work hours by petition in Albany Supreme Court, Special Term, Presiding Judge R. J. Elsworth declared it was "regrettable" that they should even have to come to court on the claim.

Judge Elsworth ruled he could not give judgement on the case, for the reasons that there were factual issues that had to be decided.

He upheld their motion to contest the petition.

In his written opinion, however, he did chide the State for not settling the parole officer's claim and advised them to do so.

We couldn't agree more.

There is no doubt that the men put in the hours of overtime work. And we agree with the State that he has no right to exact from the State his hours without any compensation—either equivalent time off or cash payment.

Nevertheless, the State has persisted in the shameful practice of doing nothing about settling the claims on overtime work and doing little to alleviate the work load on parole officers by adding sufficient personnel.

Judge Elsworth predicts that if a jury hears the parole officers' case, the jury may be inclined to award them more than what they have been receiving.

It's just a letter of credit to the City to have such a fine group of people.

One Small Slip Shouldn't Count

STATE SUPREME COURT JUSTICE Samuel H. Hofstadter, who sits in Manhattan, is brilliant and learned. I say "brilliant" because his opinions sparkle in insight. I say "learned" because he is a frequent examiner of precedents and other published material.

EVERYONE KNOWS that in the case of most adult criminals, you will find that there were adjudications of juvenile offenses against the law. Nearly everyone knows that this is, nearly everyone knows that this is, is clearly reported in his case. Even more clearly, it is reported in the case of John Strong, one of the persons who realizes that offenses in youth do not necessarily shape the man and that he had the courage to write it out and send it to the Attorney General. I say "brilliant" because he is a frequent examiner of precedents and other published material.

Mr. Strong, NOW 28 years old, and the father of a two year old daughter, had committed an act of delinquency when he was 12 years old. He is an air line traffic service. Since childhood his record has been excellent.

In MR. STRONG'S PETITION he stated that he had taken the examination for police officer in the Police Department in December, 1957, and was marked qualified for appointment. According to him, on April 12, 1958, he was informed that Commissioner of Police had suspended him, the reason that he was certified as eligible for appointment by the New York City Board of Police Commissioners. He claimed that the basis of the refusal was that he had been a juvenile offender.

J U S T I C E H O F S T A D T E R STATED his philosophy simply and effectively. He wrote: "If the petitioner is indeed the 'lost sheep' which has been found, the community—and the Police Department—should welcome him back into society."

Kennedy's Discretion

THE JUSTICE RECOGNIZED the wide discretion which the Police Commissioner in making or refusing to make appointments. "Yet has been predetermined," he said, "that the decision rests in the Commissioner and the Commissioner alone."

He ruled that the Commissioner's action in refusing to appoint Mr. Strong was arbitrary, and directed the Commissioner to reconsider the matter.

I was very curious about this case and walked over to the New York County Court's office to read the entire file. I do not know Charles P. Murphy, the petitioner's attorney, but have heard of him through the newspaper. I have heard of him through the newspaper.

I was very curious about this case and walked over to the New York County Court's office to read the entire file. I do not know Charles P. Murphy, the petitioner's attorney, but have heard of him through the newspaper. I have heard of him through the newspaper.

GROUP Medical Practice means GOOD Medical Practice

In health insurance it can mean very different things. It can mean the right to choose a physician blindly—or the right to choose intelligently.

Everyone will concede that choosing a doctor is considerably more important than selecting a washing machine or a vacation resort. Nevertheless, for many people the casual recommendation of a friend or neighbor is all too often the determining factor.

In H.I.P., your choice of physician is safeguarded. It is the only health plan in the New York area which maintains professional standards for all its affiliated physicians — family doctors as well as specialists.

Every doctor practicing in an H.I.P. medical group has been approved by a medical board of eighteen physicians distinguished in their profession. And each doctor gives only the kind of service for which he has been professionally trained.

Chief Topics In Meeting Between Dr. Hoch, MHEA

ALBANY, Feb. 13 — Ward staffing, a promotion series for attendants and a training program for practical nurses were among the items discussed at a meeting of representatives of the Mental Hygiene Employees Association with Commissioner Paul H. Hoch on January 23.

Considerable discussion centered around a more adequate staffing pattern for the institutions' ward services. Dr. Hoch pointed out that efforts have been made to maintain an improved staffing structure and he indicated that a new formula has been proposed for the general and acute service.

Also brought up was the need for increased promotional and training opportunities for attendants. The employee group recommended a cafeteria system as well as in-service training and suggested an increase in the number of attendant positions to provide additional opportunity for promotion.
