Metro Conference Now Offers All-Europe Or
Israel-Tours

For its 1961 travel program, the Metropolitan Conference of the Civil Service Employees Assn. has arranged a 20-day trip that will allow Conference members to spend 28 days in Europe or two weeks in Europe and two weeks in Israel. Samuel Emmett, chairman, said at the event, announced. The cost of this trip, he said, will be $675 per couple, $450 per person for the air fare to Europe only.

Prices for any of the three of-
ferrals are considerably below the
standard market price.

State Health Insurance costs will increase on June 1st. Rates for major-medical portion of the plan will be paid from divided monies now in the Health Insurance Fund for the months of April and May.

The Civil Service Employees Assn. has urged that dividends available be used to postpone the rate increase.

Changes in payroll deductions to reflect the new rate will start with the May 15th pay check for State institution employees and the May 15th pay check for other State employees and, to the extent of local government employees, changes in payroll deduction shall be made effective June 1st to pay for coverage starting on that date.

New Rates

The GHI option will increase rates of 13% and 33% for individuals and families. Under the GHI option, the bi-weekly rates for individuals will be $2.49 and for families $8.98. Under the GHI option, the bi-weekly rates for individuals will be $2.49 and for families $8.98. Under the GHI option, the bi-weekly rates for individuals will be $2.49, for two persons $5.15 and for three or more persons $7.15.

Another suggestion to this law is that there is an increased emphasis on sharing of work. The most significant change, and one which the Civil Service Employees Association has fought consistently for during the past two years, is that laborers, equipment operators and others in the Department will be granted overtime meal allowances for the first time.

The new formula, according to a CSEA spokesman, will grant an employee a $1.50 meal allowance if the employee works three or more hours overtime during a regular working day. The allowances are handled by the Department and are authorized after sufficient funds are made available to the State's supplementary budget.

The police department was not a good or bad agency. It was a public agency, and was subject to the same laws as all other public agencies.

This brings these examinations one step closer to open filing periods.

What are the ethics of the situation? We think the ethics are clear and we should not be deceived by the isolation or "cold shoulder" treatment. Because human beings are not as good and not as bad as they do, there may be a better thing to do for them.

The conclusions of one civil servant reflect the whole of our society. That is why we feel we should be综合治理 in our public service.

Bill Saves Oxford Relief Corps Home

Albany, April 1 — A bill re-opening and broadening admission provisions to the Women's Relief Corps Home at Oxford passed both Houses in the closing days of the legislative session and is now awaiting the Governor's approval.

The Civil Service Employees Association, veterans groups, and other organizations, in submitting their joint open admission to the 63-year-old veterans home, said that the Bill passed by the Legislature at that time, that possibility of annexing the Home to the Bishopsgate Hospital was being considered.

One of the important changes called for in the Bill is the admission of unmarried or widowed veterans. Previously veterans were limited to two men only when accompanied by their wives.

The other change is that wives and mothers of veterans who served on active duty for at least 30 days during the Civil War, Spanish American War, or World War I, or widows and mothers of members of the Armed Forces who died while on active duty during any of those periods, may in the future be permitted to reside at the Home, which is on a hill overlooking the Hudson river, under the jurisdiction of the Hospital Welfare Service. Each of these groups has a capacity of 245 residents and is the only facility of its kind operated by the State for mentally competent, aged persons.

Since 1957 patients with income below 75 percent of the poverty level have lived there.

Revisions Proposed For Incentive Awards Plan

A revision of the incentive awards program was approved by the Civil Service Commission. One plan would be to increase the number of suggestion awards. Under the revised program the employee would receive 25 cents for every $100 of savings or benefits gained by the government for his suggestion. For the first two suggestions, the employee would receive 50 cents for each suggestion.

N.F.F.E. Urges Social Security Benefits for Federal Employees

The National Federation of Federal Employees has urged the House of Representatives' Ways and Means Committee to include a voluntary Social Security coverage for Federal employees in the Kennedy Administration's proposed revision of the Social Security Act.

In a letter to Representative Wilbur D. Mills of Arkansas, chairman of the committee, Vaux Owen, president of the N.F.F.E., pointed out that the organization had unanimously adopted a resolution urging the enactment of the bill "to authorize, as an option of the employee, Social Security payroll deductions in addition to mandatory civil service retirement deductions.

The resolution was adopted at the N.F.F.E. annual convention.

Incentive Awards Plan

Another proposed change in the program would be to specify that only cash saved by suggestions, unless the savings are at least $50 in a one year period. In this way the award would be approximately equal to the cost of the suggestion, which is about $25. With this new minimum benefits, the Civil Service Commission suggested that the minimum award be increased from 10 cents to 50 cents.

If you owned the goose that laid the golden eggs

Of course you would—far as large an amount as you could buy.

Have you ever stopped to think that in everyday life your earning power is really the source that produces golden nuggets? These "golden eggs" in terms of dollars and cents provide the food, clothing, shelter and all the other things you have, and do, to make your family comfortable and happy.

Are you protecting your earning power? Would you receive an income if an accident or sickness kept you away from work?

The C.S.E.A. Plan of Accident and Sickness Insurance, which covers over 53,000 members, will pay you an income each month if you are totally disabled from an accident or sickness.

This plan pays you eight dollars a week for the first five weeks, and five dollars a week for the next 26 weeks, until the limit for coverage.

Mills recommended that the Administration in its main proposal for Federal Employees' Retirement System be maintained separate and distinct from Social Security.

Letters to the Editor

Letters to the editor must be signed, and names will be withheld upon request from publication upon request.

Their length should be no more than 300 words and we reserve the right to edit published letters as seems appropriate.

Dear Mr. Mayor:
In your proposal for salary increases for City employees for 1961-62 you provide for across-the-board cash benefits to the police, fire, correction and related groups. Teachers have also been included across-the-board.

All of these groups have revenues insufficient to meet their regular increments, each raises annually since 1954 when your “Career and Salary Plan” went into effect. It is true that there exist appeal procedures, but by their nature these procedures are time-consuming and do not rectify injustices currently existing in the pay and classification of these groups. Their raises were only granted by a small minority which happens to be below the new maximum or at or above the old maximum, salary. When your City receives the July 1 corrections it will rectify these injustices in the appeals procedures after a 300 word action. These corrections will be applied to all whose appeals are granted.

This does not replace the need for across-the-board increases on an equitable scale, however. Furthermore, the Appellate Division noted that the State and Federal employees who also receive regular increments have received across-the-board raises since 1954 in response to the rising cost of living.

City employees have no such regular annual pension contribution by the State since April 1, 1960. The proposed salary increases reflect a small portion of the pension contribution.

SUBSEQUENTLY THE POLICE charged that the Commissioner was not guilty of criminal contempt of court. However, not only is that not the case; but the Appellate Division opinion adds strength to the principle that out-of-title work is not 12 months. This Is based on the date of employment and the date of employment is not 12 months. Thus the phrase “out-of-title work” is unlawful and will not be tolerated.

Mr. Mayor, when are you going to give the same consideration to those who die in service or retire, have made no attempt to clear their employee’s account at those times.

The City was authorized to start the 5-point plan in July, 1960, but it has not been applied because it was not ready in time to comply with the order, and when he failed to comply, the Commissioner was not guilty of criminal contempt of court. However, not only is that not the case; but the Appellate Division opinion adds strength to the principle that out-of-title work Is unlawful and will not be tolerated.

The basic of the Appellate Division’s opinion that out-of-title work can be indulged in by administrators; but rather that the Commissioner had not acted willfully in violating the Supreme Court order and, therefore was not guilty of criminal contempt of court.

At first glance, it might seem like a defeat for the law against out-of-title work. However, not only is that not the case; but the Appellate Division opinion adds strength to the principle that out-of-title work is unlawful and will not be tolerated.

THE COMMISSIONER APPEALED from that order. The Appellate Division, Second Department, which has jurisdiction in civil service cases, will find it advantageous to check these proceedings only discover that if any of those specific directions were violated, then “the application to punish the respondents for contempt may be reserved.”

Applicants should report in person to the Commercial Office of the New York State Employment Service, 1 E. 18th St., New York 3, N. Y., where arrangements will be made for them to be interviewed and scheduled for the required written and practical tests.

Those who pass the written and practical test must fill out an application form and return it to the New York City Department of Personnel, 94 Duane St.

The written test consists mostly of questions on spelling and vocabulary. All candidates must pass a typing test at 46 words per minute and a stenographic test at 80 words per minute. Candidates will also have to pass a qualifying medical test before appointment.

Security takes many forms...

We find security in the professional competence, understanding and skill of our doctors and surgeons. We find security in the competence with which our hospitals are operated.

There is real security too in the protection offered all New York State employees by the STATEWIDE PLAN, a combination of Blue Cross, Blue Shield and Major Medical that offers the most liberal benefits at the lowest possible cost. This three-part program is the only plan that provides uniform coverage for all New York State employees.

In case of illness or the need for hospital care in your family, the Statewide Plan offers the same kind of security you find in the skill and competence of the medical profession.

Don't take chances. Give your family the security it needs. For full information about the Statewide Plan, see your Personnel or Payroll Officer. Do it now!

Their teeth needing care for a few months, while we wait for the snow to melt. They need clean teeth
with healthy gums for proper growth and general health. A good diet and regular dental care are
essential. This Sunday, March 18, 1961, 3:00 P.M. Dr. L. F. Rollins (natural) will present the
chapter on dental care. He is a dental surgeon and has a well known practice in Troy. The chapter
will cover the dental needs of children, and the proper dental care for every age level. A question
and answer period will follow. The program will be in the church basement. All are welcome to
this program. The church is located at the corner of State and 5th Streets in Troy.

City Offers Training in Urban Renewal, $4,550

(Continued from Page 5) Applicants must be U.S. citizens and reside in the State of New York for three years. Applications must not have reached their 8th birthday by the time of application. New employees are granted an annual leave allowance of four weeks and 11 paid holidays. Liberal leave allowances are provided for illness. Employees are also offered health insurance and a retirement program.

The written test is scheduled for Saturday, April 22. The test will be designed to evaluate the candidate's analytical and writing abilities and its suitability for acquiring technical and administrative skills in the field of urban renewal. The written test may also include questions on the candidate's awareness of social and economic trends in urban renewal and related fields.

Up to April 16, application forms can be obtained from the Application Section of the Department of Personnel, 94 Duane St., New York 7, N.Y. The examination number is 1288. Application forms will be mailed if the request is accompanied by a stamped, self-addressed envelope. The completed applications must be accompanied by a fee of $4.00.

Questions Answered Of Social Security

Below are questions on Social Security. They were written and answered by a legal expert in the field. Anyone with a question on Social Security may write out a question and send it to the Social Security Editor, Civil Service Leader, 30 Danse St., N.Y.

How disabled do you have to be to get social security disability benefits?

You don't have to be completely helpless but your disability must be a physical or mental condition that will prevent you from engaging in any substantial work and one which is expected to continue indefinitely or result in death.

I am 35 years old and was badly crippled in an accident six months ago. I worked steadily from when I was twelve to the day I was disabled. If I can get re habilitation service I may be able to return to work in a few years. How may the social security help me?

It appears that you worked long enough under social security to secure a year and a half by your condition is found to be so severe that it keeps you from doing any substantial work and just the kind of work you did before - you (and certain of your dependents) will be able to collect monthly benefits. Also, you must be employed at the level established by your Social Security office for the Social Security work benefits for retirement.

My father is now 75 had a heart attack last year and a half of work under social security...

I understand that a recently appointed to a power plant position. I	be that of a parent and a natural, adopted, step, or foster son or daughter. The important thing is that the parent be working as a bona fide employee in the business or trade operation of the son or daughter.

How may the social security help me?

If you had the Social Security Disability benefit and many times you do have physical, social, or emotional impairments in addition to intellectual impairments in simple tasks in the home or in a sheltered environment. The Westchester County Board of Supervisors, upon the recommenda-
tion of his County Civil Service Employers Association, has ap-
pointed a new top-echelon for the division.

Two of the appointees, Mr. O'Brien, Mr. McEveen, are
former F.B.I. agents. Mr. Kewin is the
former director of the State Police under the late Governor Tague.
His promotion, Mr. Deman was
serving as staff inspector at State Police headquarters in Albany.

In a memorandum approving the Police reorganization, Mr. Rockefel- ler, the former F.B.I. director, would
"pause immunasibly" the State's "vindicating efforts against the
forces of crime and corruption.

Describing the State Police as
"holding a unique place in law enforcement," the Governor added
that the legislature would permit the modernization of its administra-
tive structure.

The Employees Association said
that "The Civil Service Employees
Association wanted this bill and
it was Senator Albert who spon-
dored it in the Senate." The
Civil Service Employees Associa-
tion was also in of significance in
the legislation. The association
was represented among all Public Works Depart-
ment employees.

The New York State Highway Engineers Association was also in of significance in pro-
cessing the revisions. The association
was represented among all Public Works Depart-
ment employees.

The County Civil Service chapter is
meeting this week with the Schenecha-
dy County Board of Superinten-
dents to discuss salary matters.

Robert N. Mullen is the new district
attorney for Ulster County. The
former F.B.I. agent, Mr. Mullen,
was named county judge and
judge of the Children's Court of

Nan discretionary. The new Ulster
district attorney will serve for a term
of fifteen years and be eligible for
reelection as of Jan. 1, 1961. The
post is non-member.
