Social Security: Don't Overlook Second Chance

Applications are now being distributed for Social Security coverage for members of the New York State Retirement System and the State Teachers’ Retirement System who turned down the opportunity in 1964 and 1965, the State Social Security Agency has announced.

The agency said the forms have been sent to personnel officers in all state and political subdivision agencies for individual distribution. The agency stressed that eligible persons requesting coverage must file with their individual employers and with the Social Security Agency.

Kochel Heads Member Drive

UTICA, Oct. 23—Alfred Kochel, a case worker in the Oneida County Welfare Department, has been named chairman of a membership drive being held by the Oneida County Chapter Civil Service Employees Association.

The drive, president of the chapter, said the goal of the drive was to sign new members. Membership presently totals 725.

Kochel, who resides in Utica, attended Mohawk Valley Technical Institute and Utica College. He is finance officer in the Utica Methodist Church and also is active in the Boy Scout. He is a member of the Barneveld Baseball Association, Utica, and Bear Lake, Odd Fellows.

Nassau County Reports

Nassau County Chapter, Civil Service Employees’ Association, has elected to join the Metro Conference.

This action is a result of recent revision of CSEA by-laws which allowed the move.

The conference, at a recent meeting, also voted to join with the Southern Conference for a Joint Spring Workshop to be held in April.

Fully Paid Pensions

STATE Comptroller Arthur Levitt has announced that a major portion of his goals in the Legislature this year will be the creation of a wholly non-contributory pension system for state employees.

As head of the Retirement System, Levitt feels that a wholly state-paid pension plan is not only economically feasible but also logical from the point of view that state employees are already half-way toward such a retirement system as a result of taking up by the state of its first five contribution points. This plan was developed by the Civil Service Employees Association and has become known as the "Five Point Plan."

Levitt told the editors of the Courier, Civil Service Employee Leader, that they will continue to work the same 2-platoon system of the Legislature. The new work day will be from 9 a.m. to 5 p.m. with a 1-hour lunch break.

Levitt has invited employee opinion on most moves concerning the Retirement System and we feel sure he would be only too happy to hear from employees on his current proposals.

Question 3, Vote Yes

Both the Uniformed Firemen's Association and the Uniformed Firefighters Association are campaigning, with the assistance of candidates for New York City office, for the passage of Question No. 3 on the Nov. 7 ballot.

This question, if passed, will grant firemen a guarantee that they will continue to work the same 2-platoon system which is now in effect. There has been no opposition to the passage of the question, but we urge every employee who can, to write it out and send it to your local union headquarters for signature.

Letters to the Editor

Dear Harold:

The thousands of men and women employed by the City of New York have a vital stake in this year's municipal election. I congratulate you for the fine way you are going about it, covering your wide-read column to the mayoral candidates for a presentation of their position on key issues.

A genuine concern for the welfare of public employees has guided my action since my early days as an assemblyman from 1938 to 1940. I am proud to have been the author of a number of laws resulting in higher pay, lower contributions to the state's pension plan both as to salary and pension rights. My legislative record was endorsed by the Civil Service (City and State Employees) Forum.

Throughout the year, my thoughts and actions have been predicated upon these basic policies—government needs and deserves employees of the highest caliber and, in every measure, that government must set a pattern as a model employer through concrete realization of the duties of these who serve it.

I am gratified that I have been recognized as a "strong advocate of government matching private industry" (Civil Service Leader, May 6, 1954). In the same issue, under the heading "Lefkowitz Blanks Tool," contributing editor H. J. Bernhard, in his "Leading Judges," wrote:

"ATTORNEY GENERAL Louis J. Lefkowitz, addressing the annual workshop jointly conducted by the Metropolitan and Southern Conferences of the CSEA, frankly favored pension pay for overtime, and in money, not equivalent time off. So far as I know, he is the first important public official to make such a recommendation, one that should have been made by a host of public officials at least two decades ago when the time-and-a-half principle gained vogue in private industry."

"MR. Lefkowitz is now on his way to all the state of New Jersey to make time-and-a-half rule come true."

"PUBLIC EMPLOYEE groups might well pass resolutions thanking Mr. Lefkowitz and his outstanding endorsement of premium rates for overtime, and the granting of vested pension rights. When they have a strong hearted supporter, they should be as alert in recognizing the fact as he is in recognizing their needs."

---

On October 21, 1959, when I was honored as the "Civil Service Man of the Year" by the Civil Service Organization of Civil Service, I repeated my strong belief that government and the public must learn that there is no inconsistency between fiscal responsibility and adequate compensation and fringe benefits for civil service employees.

To achieve this understanding, I have pointed out government officials and employee representatives must concentrate on a "public relations job which will advertise their merit and invaluable contributions to the general welfare and the efficacy of responsible government."

I am proud to be a member of a State administration which has worked closely with civil service employees' organizations to promote the welfare of the personnel.

In 1959 and 1960 essential steps were taken to make State service more rewarding to its members. Other qualified individuals into their ranks, and to make equitable provisions for those employees who had retired.

Actual pay increases were achieved through the State contribution-to-pension plan. A vested pension rights program was adopted. A supplemental pension bill was approved. Appropriations and benefits ranging to two full wage years were authorized. Provision were made for more liberal investment and higher yield for pension funds. Salaries were increased approximately 6 per cent for all State employees, with individual raises ranging from $400 to $486. A year more important, and indicative of administrative concern with the welfare of the civil service, a study was authorized to be served as a guide in making State salaries more competitive with those in private industry.

As a result of this imaginative step, action taken at the 1961 session of the Legislature has made a banner year for the State's civil service employees. (Continued on Page 3)

Most Policewomen Want Promotion

Editor, The Leader:

Last January six policewomen of the New York City Police Depart-
ent applied in vain for an examination for promotion to ser-
vice, but were declared ineligible.
One of the applicants is now
seeking legal redress.

The Policewomen's Endowment
Association, at its October meeting,
discussed the possible exces-

impression that only the six
applicants want promotion. An

whelming majority of the
members present at the meeting

through the press, that they are

Welfare Patrolmen Remain Forgotten

Editor, The Leader:

I am writing this appeal on be-
half of the forgotten man, the
Welfare Patrolman of this depart-
ment. It has long been a known
fact that we are considered the
lowest paid group of law enforce-
ment officers in the city.

The risks of our jobs are as
great as that of any peace officer,
et our pay is as low as $3,500-
$4,500, less than that of a city
laborer and the same as an ele-

operator. How can the city
fail to notice any man with
children try to live on this when
families on relief get almost dou-
ble this.

Police groups such as Transit, Horseless, Correction, etc. will re-
require pay increases on January 1,
which will leave us behind by
50 to 100 per cent. For the city
to condone compromising any police
group will cause a split back that
they may never recover from.

These men are desperate and
something must be done soon if
they will not be responsible for
their actions.

CSEA Group Life Insurance Rates, Benefits Revised

Since the establishment of the CSEA Group Life Insurance Plan in 1958, the protection it has provided has been steadily improved without increasing the cost to members.

Additional insurance was gradually increased to 30 percent of base coverage, minimum $500, with no additional cost. Workers of premium in event of total disability prior to age 60 was added. The cost of insurance for members under age 50 was reduced. Double indemnity for accidental death occurring prior to age 60 was added. The premium in event of total disability was increased to 30 percent of the value of the dollar. CSEA has had to rely upon favorable expense experience under the plan to secure reimbursement of its cost of operating the plan for insured members. During the year ending August 1, 1961, claims and operating expense exceeded the premiums collected.

Some time ago, CSEA has sought to decrease the cost of the insurance to members age 60 or older in consideration of the fact that a high percentage of these members have been participating in the plan for many years.

Recently, the CSEA Board of Directors, following the advice of the Association's Pension-Insurance Life Insurance Plan effective November 1, 1961, to provide as follows:

1. New basic amounts of insurance to include the old basic amount, plus 30 percent additional insurance.
2. Two additional higher classes of insurance for males.
3. Increased amounts of insurance for females.
4. Reduced premiums per thousand of insurance for insured members over age 60.

Build into the plan rate differential sufficient to cover the cost of operating the plan for the insured members with the understanding that a detailed study of each cost of operation will be undertaken each year with CSEA accepting only a small actuarial fee as approved by its Board of Directors.

To carry out the foregoing, effective November 1, 1961, the amounts of insurance provided under the Group Life Plan is based on an annual salary as follows:

Resolutions Shape Goals On Retirement

This week The Leader continues to list the resolutions approved by delegates to the recent annual meeting of the Civil Service Employees Association, held in Albany. Three resolutions represent the platform of the CSEA in its 1961 goals for state, county and municipal workers.

Retirement
26. Make permanent employer assumption of five percentage points retirement policy in political subdivisions RESOLVED, that the Association sponsor legislation to make permanent the state assumption of the five percentage points employee retirement policy.

27. Make permanent state assumption of five percentage point employer retirement cost which took effect April 1, 1960. RESOLVED, that the Association sponsor legislation to make permanent the state assumption of the five percentage point employee retirement policy, which took effect April 1, 1960.

28. Vested retirement rights reduced to age 55. RESOLVED, that the Association sponsor legislation to reduce vesting age to one year's salary for Long Island employees, which took effect April 1, 1960.

29. Provide death benefit of one year's salary for each year of service. RESOLVED, that the Association sponsor legislation to provide for constructive retirement benefit by amending the retirement law to provide for the beneficiaries the retirement benefit equal to four years' salary of each year of service, which took effect April 1, 1960.

30. Provide death benefit of one year's salary for each year of service, with half pay as of the day preceding death. RESOLVED, that the Association sponsor legislation to provide for constructive retirement benefits for all members of the State Employees Retirement System, which took effect April 1, 1960.

31. Improve ordinary death benefit under state retirement system. RESOLVED, that the Association sponsor or support legislation to increase the death benefit on a permanent basis, which took effect July 1, 1960.

32. Change retirement law to provide pension portion of 1/120th instead of 1/120th of final average salary for each year of service. RESOLVED, that the Association sponsor or support legislation to provide for state pension portion of retirement allowance to be 1/120th instead of 1/120th of final average salary for each year of military service, which took effect July 1, 1960.

33. Restore 4 percent interest on state retirement fund contributions for all members. RESOLVED, that the Association take the necessary steps to restore 4 percent interest rate on all retirement fund contributions for all members of the state retirement system, which took effect July 1, 1960.

34. Guaranteed half pay retirement allowance. RESOLVED, that the Association take all steps necessary to provide a guaranteed retirement allowance for all members of the New York State Retirement System at, at least, one-half pay.

35. Retirement after 25 years of service with 15% pay for uniformed correction officers. RESOLVED, that the Association sponsor or support legislation that will permit uniformed correction officers of State Correctional, Division of State Police, to retire after 25 years' member service at half pay.

36. Twenty-five year retirement at half pay for Long Island State Park Police. RESOLVED, that the Association sponsor legislation to provide for the Long Island State Park Police to retire after twenty-five years' service at half pay.

37. Retirement Tax Credit for veteran employees. RESOLVED, that the Association sponsor or support legislation to provide for veterans of World War II and Korean conflict to have their retirement tax credits reduced as of date of death.

38. Vested retirement within five years of service with half pay for military service. RESOLVED, that the Association sponsor or support legislation to provide for military retirement which would vest upon death or disability, which took effect July 1, 1960.

39. State Retirement System handbook to be revised to provide information on computation of annuity benefits. RESOLVED, that the Association take the necessary steps to have the State Retirement System handbook revised to provide information to policyholders on annuity benefits, which took effect July 1, 1960.

40. Amend supplemental pension plan so that beneficiaries may receive supplemental allowance. RESOLVED, that the Supplemental Pension Law, Chapter 860 of the Laws of 1960, be amended so that the allowances now provided by beneficiaries may be supplemented, which took effect July 1, 1960.
