Government Starts Move to Change Condon-Wadlin

Committee To Seek More Effective Law

ALBANY, April 23—The first step toward easing the inflexible provisions of the state's Condon-Wadlin anti-strike law for public employees will be taken soon, possibly this week.

Governor Rockefeller will name a committee of distinguished citizens to consider amendments to the law, which has proved unworkable in preventing strikes by public employees.

The study group is needed, Mr. Rockefeller said, because "the penalties in the present law are so severe that they are, in many instances, impractical to enforce, and the law as written, has not provided an effective deterrent to strikes in public employment."

The Governor first announced that he would have a study made of the entire situation after the strike of New York City school teachers.

The Governor noted that "a public employee does not—and should not—have the right to disrupt the orderly processes and services of government by strike or otherwise. The paramount interest must be the health, safety and welfare of all our citizens."

CSA Pressed for Change

In deciding upon the study, Mr. Rockefeller has adopted a course of action long advocated by the Civil Service Employees Association. The 100,000-member public employee group has campaigned for years to win amendments to the law, which provides for automatic dismissal for public employees who strike.

It was not known at Leader press time whether the Association would be represented on the study group, which the Governor will appoint.

All the Governor said about the makeup of the group was this: "I will, in the immediate future, appoint a group of distinguished citizens to consider methods for the orderly resolution of controversies in public employment and to re-appraise the subject of appropriate penalties to deal effectively with the problem of strikes in public employment."

Action Next Year

"I will direct the committee to submit its report and recommendations in time for considering and action at the next legislative session."

As the Governor pointed out in an editorial last week in reference to the teacher-strikes, "we can do without any further proof that Condon-Wadlin doesn't work. The next bit of proof could be disastrous."

"No Easy Task"

The Governor has asked the New York City Board of Education to consult with the new committee, once it is formed, in respect to 'appropriate amendments to the law.'

Saying he has given a "sort of study to the Condon-Wadlin Law, Mr. Rockefeller concluded that "a sound solution will not—be easy to arrive at."

He added: "However, I am convinced that the time has come when this subject must receive the most intensive consideration and calm re-appraisal."

CSA Names Blom As Research Head

William L. Blom of Troy recently was named Director of Research for the Civil Service Employees Association, Inc.

Mr. Blom, formerly of the Division of Research and Development of the Department of Motor Vehicles, received his bachelor's and master's degrees from Siena College, Loudonville, and an MPA degree in mental health statistics from the University of Michigan.

He succeeds F. Henry Calpin, who was recently elevated to the post of Assistant Executive Director.

The new research director and his wife, Susanne, have two daughters.
In-service-training programs for teachers, policemen, firemen, nurses and health employees are being televised daily on television channel 31, New York City's ultra-high frequency, multiplex television channel.

In addition, other departments are preparing lecture series to be shown, and the future may see programs for a number of localities in city service.

WSPR, Channel 31 can only be received on television sets equipped to receive ultra-high frequency signals. Most new sets are so-equipped but older sets must be converted to accept the new frequency. There are some 30 dealers in the metropolitan area stocking these adapters.

Jones, chief of the police training, said: "In addition, other departments will be included.

This Week's Police training course.

The Veterans Administration has interested itself in the police training program. The VA has made a proposal to Stocker, chief of the police training, to include veterans in the program. Stocker said: "The VA has expressed interest in having its veterans included in the police training program. The VA has made a proposal to us to include its veterans in the program. We are considering this proposal and will be making a decision shortly."
ROCHESTER, April 23—The president of the Monroe County chapter, Civil Service Employees Association, is "pleased" with a new set of personnel rules—similar to the guarantees in a labor-management contract—which have been adopted by the Board of Supervisors.

Mrs. Ruth McPhee, chapter president, said the chapter has been working for three years to achieve some change desired in the personnel rules.

She singled out the new policy of granting four weeks vacation after 15 years employment and a chance in the procedure for incoming new employees.

Previously, when an employee missed a Friday and following Monday because of sickness, it was counted as four days sick leave. Under the new rules, only the days absent from the regular work week are counted. Mrs. McPhee explained.

She also said she was concerned over the change which reduces from five to three days the consecutive number of sick days an employee can be absent without providing a doctor's substantiation of the illness.

To Affire 3.90

The new personnel rules will affect about 3,200 county employees.

Here are some of the provisions of the new rules:

Job Study Due For Oneida County Aides

UTICA, April 23—A job analysis survey covering Oneida County employees may be recommended by the ways and means committee of the Board of Supervisors.

Russell W. Williams, Utica supervisor, and chairman of the committee, said that the committee probably would recommend the survey.

Jobs should be evaluated and salaries established corresponding to the job, he said. The committee also said that the salary for any job in a department should correspond to a salary for a similar job in any other department.

Williams said he believed the job evaluation should be made before the new county charter, which recognizes county government as one of the problems of her fellow human beings. She will be missed by the patients and personnel of St. Lawrence. The memory of Virginia Vines a good, thoughtful and

Moraine Chapter Head ‘Pleased’ With County’s New Personnel Rules

A GOOD PUBLIC IMAGE — Was created by Elizabeth Bishop left, who is seen here as she was crowned beauty queen of the Long Island Civil Service Exposition and Show in Commack Arena last week. Presenting the crown is Hollywood and TV star Betty McGuire. Miss Bishop who is 18 (the only statistic we could get at this writing) works for the Probation Department of Nassau County. Judges were Miss McGuire, U.S. Rep. Olis Pike, Sy Kramer, director of the show, John Kysor, professional beauty judge, and H. Lee Dennison, Suffolk County Executive. The affair was sponsored by the Long Island Committee of the Metropolitan Conference of the Civil Service Employees Assn.

St. Lawrence Hosp. Mourns Loss of Virginia Vines

(Special to The Leader)

St. Lawrence State Hospital suffered a great loss in the recent death of Miss Virginia Vines, Chief of Nursing Service and Training.

Miss Vines graduated from St. Lawrence State Hospital in 1934 as Valderran of her class. She was a member of the nursing staff of the hospital. In 1936 she was appointed supervising nurse and in May, 1941 she was appointed to the position of chief of nursing service and training.

She obtained her B.S. degree from the University of Rochester in 1953-1951 while on leave of absence from the hospital.

Her death has also been a great loss to the local community. She was a faithful and working worker to many organizations. She was a member of the Zonta Club, City Guild, Chairman of the Finance Committee of the Ogdensburg Golf Club Council, Women's City Club, and the Federation of Women's Clubs. She was a member of the American Nurse's Association through membership in the 6th District Association, New York State Association. She was a past president of District No. 6. She also held membership in the Northern Zone Personnel and Guidance Association, and St. Lawrence State Hospital Alumni Association.

A Tribute

The hospital paper had this to say about her, "The impact of the nurse of the death of Virginia Vines brought unheeding shock to the employees of St. Lawrence followed by the realization of loss and a deep feeling of sadness. Virginia Vines left us at the moment when she was most respected, admired and needed by so many. The outgoing, warm personality we saw in Virginia Vines as a student nurse and young graduate developed the face of understanding of the problems of her fellow human beings. She will be missed by the patients and personnel of St. Lawrence. The memory of Virginia Vines a good, thoughtful and

Palisades CSEA Unit Has Dance, Honors 5 Members Who Retired

Over 225 persons attended the dinner-dance of the Civil Service Employees Association, Chapter 59, Palisades Interstate Park Commission, Bear Mountain, N.Y., recently at the Pilot's Brauhaus, Laderaun, N.Y.

Families and friends joined with members of the Association to honor 5 of its members who have retired from State Service within the past year.

Judge A. Brann, field representative for the Civil Service Employees Association, Chapter 59, Palisades Inter-
Information Officer located at the Brooklyn Army Terminal. He formerly held the position of assistant information officer.

As information officer, Mr. Costa conducts the public, troop and community relations programs of the command which extend along the East Coast from Cape Canaveral, Fla., to Boston, Mass., the Great Lakes and the Pacific Coast.

FRANK K. COSTA

Frank Costa Named B'klyn Army Terminal Information Officer

Two Civilian Aides At 39 Whitehall St. Cited for Suggestions

CS Chairman Says Chiefs Must Create Proper Atmosphere

President John W. Macy Jr., of the U.S. Department of Labor, while speaking at the Civil Service and Labor Clerks National Association annual meeting, said, "...when America faces unprecedented demands in world affairs, domestic improvements and technology."

In ceremonies held recently at the First U.S. Army Recruiting Station, 39 Whitehall St., two civilian employees were presented special award certificates and each award.

John Pinney and Daniel G. Goldman, their suggestions resulted in "improved training by the end of March."

The largest group of volunteers in one country (125) is in the Philippines. The next largest group is in Nigeria (170), and the smallest is in St. Lucia (19).

There are 119 more volunteers, now in training, who are scheduled for Colombia, which will give that country 122.

BASIN MACHINE OPERATOR LIST

Highly-qualified individuals interested in this positions public trust and responsibility, must do everything in their power to encourage even more employees to even greater efforts.

"Nothing less would be acceptable in these crisis-ridden times," he said, "when America faces unprecedented demands in world affairs, domestic improvements and technology.

The position pays up to $7,610 a year and it is expected that this salary will be increased, as the country plan is under study for upward revision.

There is no written examination for the position and candidates should write to Mr. Spring, President, Erie County Technical Institute, Buffalo, N. Y.

Nurses Needed On Governors Island

Vacancies exist at the U.S. Army Hospital, Port Jay, Governors Island, for staff nurses (medicine & surgery).

ACCIDENTS and SICKNESS

yet SICKNESS accounts for 70% of all disabilities!

It's a fact, each year millions of Americans lose billions of dollars in lost wages as a result of accidents and sickness. Statistics show that 1 cut of 5 people will be disabled before age 65, and approximately 6,000 people are permanently disabled due to accidents alone each day!

The C.S.E.A. Accident and Sickness Insurance program administered by Ter Bush & Powell, Inc. offers this vital protection to any active C.S.E.A. member. Over 38,000 employees are already covered and many have received benefits which total millions of dollars. Enroll now in the C.S.E.A. Accident and Sickness Plan and provide an income if an accident or sickness disables you.

Call or write us today. An experienced insurance counselor in our Civil Service Department will give you full details.

HABER'S RELIABLE JEWELRY

1124 LIBERTY AVENUE

Brooklyn, N. Y.

AP 7-2526
The New York State Civil Service Commission is offering 29 open competitive examinations for filing next month. Some of these examinations will close on May 7 but most will remain open until May 21.

The two most popular are women's correction officer and unemployment insurance claims examiner.

The exams are listed below by New York Air Force Contract Management District, 111 East 16 Street, and at Great Neck. Inquire for complete details.

ENGINEERS NEEDED

The U. S. Air Force has opened positions for professional and engineers in engineering specialties. Salary begins at $8,910 a year and jobs are available at the headquarters office, New York Air Force Contract Management District, 111 East 16 Street, and at Great Neck, Long Island; and Fairfield County, Connecticut.

Contact the Recruitment Office at 802 W. 42nd Street, New York 36, N. Y. for complete details.

DELEHANTY STUDENTS Overwhelmingly Dominate SERGEANTS List!

On April 17, 1962, The Department of Personal released a special list of 500 names for SERGEANT, N. Y. C. Police Department.

Edward P. Lynch, No. 1 on the list—a DELEHANTY student.

Filing Fees—Again

A good many things are going on in City Hall these days.

Sessions with employee organizations on improved salaries and working conditions, the pressures of running a great city that are continuing, this fall's important elections, and what have you. In other words, a good time to let irritating little demands—such as dropping of filing fees for City jobs—get lost.

We don't deny that Mayor Wagner has a number of Important things on his mind these days. Some are more important than others. But this matter of filing fees has become nagging and unless some action is taken on it soon job seekers will forever continue to pay a premium for City jobs—something we have long-called a tax on the unemployed.

It's a small item, Mr. Mayor, but important to a great many people. Why not get this promise cleared off the books.

Moving Forward

Two important actions occurred in Albany last week. In the first instance, I signed a bill mandating grievance machinery for political subdivisions and 2) announced he was forming a committee of distinguished citizens to study the Condon-Wallin Law and seek means to make this type of legislation more effective.

The bill to allow local government workers to bring grievances without fear of reprisals and to a fair and effective machinery for these public employees and the Civil Service Employees Association is to be congratulated for introducing this legislation and working so well for its passage.

Little needs be said about changing the Condon-Wallin Law. We can only hope that the members of Governor Rockefeller's new committee realize that some original thinking is necessary for an effective law that will work for employees who do not have the right to strike. No one has approved of this law except the Legislature that passed it.

In combination, these two actions can, as CSEA President Joseph P. Filly declared last week, bring a new era in employee-employer relations.

We are always happy to salute progress.

Question Answered—On Social Security

Below are questions in Social Security problems sent in by our readers and answered by a legal expert in the field. Anyone with a question on Social Security should write it out and send it to the Social Security desk, Civil Service Leader, 97 Duane St., New York 7, N. Y.

1. I have worked over ten years in Social Security. Is it possible for me to get a monthly benefit in my retirement if I retire even though my husband could work?

2. My Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

3. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

4. I have longed for support from the Social Security Administration and neglected in getting the non-competitive class.

5. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

6. How do you know the support system, but has been so negligent in getting its own the non-competitive class.

7. What is the difference between Social Security and a pension plan?

8. How many Social Security benefits are provided by different employers?

9. How many Social Security benefits are received by different employers?

10. Is it possible for me to get a monthly benefit in my retirement if I retire even though my husband could work?

11. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

12. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

13. How many Social Security benefits are provided by different employers?

14. How many Social Security benefits are received by different employers?

15. Is it possible for me to get a monthly benefit in my retirement if I retire even though my husband could work?

16. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

17. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

18. How many Social Security benefits are provided by different employers?

19. How many Social Security benefits are received by different employers?

20. Is it possible for me to get a monthly benefit in my retirement if I retire even though my husband could work?

21. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

22. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

23. How many Social Security benefits are provided by different employers?

24. How many Social Security benefits are received by different employers?

25. Is it possible for me to get a monthly benefit in my retirement if I retire even though my husband could work?

26. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

27. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

28. How many Social Security benefits are provided by different employers?

29. How many Social Security benefits are received by different employers?

31. Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.

32. Who is eligible for Social Security under Social Security protection? Can you explain to me why my Social Security benefit is entitled to the jobs could not be maintained because they were in the non-competitive class.
$2.60 to Start: Fix Heating Equipment For Army

Men with experience in the repair of heating equipment are being recruited to fill vacancies at Fort Jay, Governor's Island. These positions pay either $2.60 or $2.81 an hour to start, depending on experience. A minimum of two years' experience is required.

The experience must have been in the installation, repair and maintenance of at least one of the basic types of heating systems—forced hot water, steam or hot air.

There will be no written test and candidates will be rated on the extent and quality of their experience.

Further information and application forms are available from the Executive Secretary, Board of U.S. Civil Service Examiners, Headquarters Fort Jay, Governors Island, New York; or from the Second U.S. Civil Service Region offices, 220 East 42nd St., New York.

Heliocpters Ordered

The Department of Purchase has been authorized to purchase two new helicopters and a spare helicopter engine for the Police Department. The Board of Estimate also approved the sale of two 1952 helicopters.

Architect Jobs Pay $8,340

The Atlantic Division of the Bureau of Yards and Docks in the U.S. Public Works Department needs general architects to fill positions paying either $8,340 or $9,950 depending upon experience.

Experience or Degree

Applicants must have a total of seven years of architectural experience or a full four year's architectural curriculum leading to a bachelor's degree, plus three years of experience. One year of the required experience must have been in the area of planning and developing of architectural design work encountered in the projects handled by the activity.

Further information and application forms may be obtained from the Civilian Personnel Division, Atlantic Division, Bureau of Yards and Docks, Area Public Works Office, New York, N.Y. Applications will be accepted until the needs of the service have been met.

Blind Man's Buff Can Be A Costly Game

— When it comes to doctor bills!

You need 20/20 vision to search out the hidden gaps and loopholes in today's health insurance. Before choosing a program for doctors' care, ask yourself these basic questions:

- Does the plan provide its benefits without extra charges above the premium?
- Does the plan cover the cost of today's expensive specialist services?
- Does the plan assure coverage of the full cost of an operation—regardless of how difficult or extensive the surgery might be?
- Does the plan concern itself with the quality of care rendered to you?
- Can you continue with full benefits if you leave your employee group?

ONLY ONE HEALTH PLAN — H.I.P. can give a "yes" answer to all these questions.

In H.I.P.'s group plan the only extra charge is $2 for a home call between 10 P.M. and 7 A.M.
The U.S. Army Corps of Engineers has civilian vacancies in several fields in their New York City office.

The vacancies are: civil engineer, $7,095; electrical engineer, $6,435; hydraulic engineer, $6,435; civil engineer, $7,095; and architectural engineer (specs), $8,340. Specialties for these positions may be pursued in the Corps' own schools in several fields in their New York City office.

All of the above require a degree in engineering or a engineering license, plus one year of experience for the $8,340-a-year jobs, two years for the $7,095 and three years for the $6,435-a-year positions. Also needed are bookkeeping machine operators, at $3,760; three to six months experience required); electric accounting machine operators, 3,760 (nine months to a year of experience); and clerk-stenographers, $3,700 (three to six months experience); and clerk-stenographers, $3,700.

Applicants for the engineering positions should apply to Mr. J. Pagliaro, Personnel Branch, U.S. Army Engineer District, New York, Spring 7-4200, Extension 351. Applicants interested in clerks-stenographers and machine operators vacancies should apply to Miss Pagliaro, Personnel Branch, U.S. Army Engineer District, New York, Spring 7-4200, Extension 343.
**File Continuously With City**

The City of New York has 28 examinations for jobs in various departments and locations, which are open for the filing of applications on continuous basis.

For most of the exams, applications are available at the Application Section of the Department of Personnel, 96 Duane St., New York City.

The titles, with salary ranges, are:

- Assistant accountant, $6,600 to $8,250 a year.
- Assistant civil engineer, $6,400 to $8,200 a year.
- Assistant mechanical engineer, $6,400 to $8,300 a year.
- Junior plan examiner (building), $6,750 to $8,500 a year.
- Civil engineering draftsman, $5,150 to $6,500 a year.
- Dental hygienist, $1,500 to $2,050 a year.
- Junior civil engineer, $5,350 to $6,300 a year.
- Junior electrical engineer, $5,150 to $5,600 a year.
- Occupational therapist, $4,250 to $5,330 a year.
- Patrolman, $6,153 to $7,616 a year.
- Public health nurse, $4,500 to $5,330 a year.
- Recorder's clerk, $4,550 to $5,600 a year.
- Senior street cleaner, $6,150 to $6,500 a year.
- Social Investigator Trainee, $4,500 to $6,850 a year.
- X-Ray technicinian, $4,550 to $6,300 a year.
- Social case worker, $5,330 to $5,590 a year.

**The titles, with salary ranges, are:**

- Assistant accountant, $6,600 to $8,250 a year.
- Assistant civil engineer, $6,400 to $8,200 a year.
- Assistant mechanicial engineer, $6,400 to $8,300 a year.
- Junior plan examiner (building), $6,750 to $8,500 a year.
- Civil engineering draftsman, $5,150 to $6,500 a year.
- Dental hygienist, $1,500 to $2,050 a year.
- Junior civil engineer, $5,350 to $6,300 a year.
- Junior electrical engineer, $5,150 to $5,600 a year.
- Occupational therapist, $4,250 to $5,330 a year.
- Patrolman, $6,153 to $7,616 a year.
- Public health nurse, $4,500 to $5,330 a year.
- Recorder's clerk, $4,550 to $5,600 a year.
- Senior street cleaner, $6,150 to $6,500 a year.
- Social Investigator Trainee, $4,500 to $6,850 a year.
- X-Ray technicinian, $4,550 to $6,300 a year.
- Social case worker, $5,330 to $5,590 a year.

**For the following secretarial jobs, apply to the Communal Office of the New York State Employment Service, 7 Kent St., New York:**

- Junior secretary, $6,500 to $7,000 a year.
- Secretarial assistant, $4,500 to $5,000 a year.

**$2.61 Paid To Journeyman Machinist**

A journeyman machinist with welding skills is needed to fill a vacancy at the U.S. Public Health Service Hospital on Staten Island.

The job pays $2.61 to $3.21 an hour, and there are liberal fringe benefits.

To qualify, applicants should have completed a four-year apprenticeship, or have had four years of practical experience in the trade.

Interested applicants should contact Naomi Leech, Chief, Personnel Section, U.S. Public Health Service Hospital, Staten Island.

---

**A tribute to New York State's Civil Service Employees Association, Inc.**

In the words of its Constitution, the Civil Service Employees Association was organized "...to uphold and extend the principle of merit and fitness in public employment, to maintain and promote efficiency in public service and to advance the interests of all civil service employees ..."

The Association represents its 100,000-plus members before the executive, legislative, and administrative branches of state and local government. Its officers, who serve without pay, are public employees elected by their fellow members. Its membership is wholly voluntary and open to any employee of the State or its political subdivisions. The Association is proud to count among its major accomplishments establishment of the Statewide Health Plan in New York State.

**The Statewide Plan — a combination of Blue Cross, Blue Shield and Major Medical — is dependent on thousands of members of the Civil Service Employees Association for protection against the costs of hospital and medical care. This three-part program offers realist coverage for New York State employees, active and retired.**

In this period of rising costs for hospital and medical care, THE STATEWIDE PLAN becomes even more important because it provides the most liberal benefits at the lowest possible cost.

"They better not think they're going to buy this place for $24!"

—Minna F. Allen, Beacon and Cortina

$24 for Manhattan was probably the all-time bargain. And there is still a big bargain to be had in New York and Westchester. It's Con Edison electricity.

It's true some electric bills are larger than they used to be—but that's natural, because most people use more electricity to run today's new appliances. Many families now use twice as much electricity as they did only fifteen years ago.

But...did you know that with Con Edison's step-down rates, the more electricity you use, the less it costs per kilowatt-hour? No doubt about it...electricity is still one of the biggest bargains in town.

If you are contemplating setting up a stereo system, or improving on your present one, your first stop should be any one of the 15 conveniently located Gem Electronic stores, where you'll find a complete selection of fine Fisher components at new low prices!

THE FISHER X-100
36-WATT STEREO
MASTER CONTROL AMPLIFIER

The FISHER X-100 provides maximum flexibility with simple-to-operate controls. Maintaining the highest-quality standards for which FISHER is famous, it still remains within the moderate price range. This has been achieved on a superbly engineered chassis which combines a stereophonic preamplifier and a dual-channel 36-watt power amplifier. The front panel has seventeen controls and switches to permit the widest flexibility in either monophonic or stereophonic operation. Hum, noise and distortion are kept well below audibility. A third amplifier and loudspeaker may be connected to the switch-controlled center channel.

THE FISHER
FM-100
FM-STEREO
WIDE-BAND TUNER

The new FM-100 represents the sum total of FISHER FM engineering knowledge and experience, it is strictly for the audio connoisseur seeking the absolute ultimate in FM-Stereo tuners. The tunable front end, incorporating 4 tuned circuits and 2 Nuvistor tubes, achieves what appears to be the present world record in usable sensitivity. A total of 6 IF stages, 5 wide-band limiters and an extremely wide-band ratio detector add up to the most sophisticated FM circuitry available today, with unprecedented image and spurious response rejection. Audio distortion is as low as in the finest existing preamplifiers. The greatest possible convenience is built into reception, the ingenious FISHER invention that tells you instantly whether or not an FM station is broadcasting in Stereo Multiplex. No need to consult program listings in the paper, or trot between the two speaker systems to know what is going on. A separate sub-channel noise filter eliminates noise and hiss on Multiplex programs without impairing the full tonal range. There is no easier way to install a complete stereo In your home—simply add two speakers and a record player to the 800-B, and you can look forward to virtually unlimited years of musical enjoyment.
