Rockefeller At Hershey, Pa.

WHEN Governor Rockefeller visited the battlefield of Gettysburg during a half in the recent Governors' Conference at Hershey, Pa., he may have had occasion to project the battle lines of his political campaigning, not only for 1962 but 1964 as well.

In general, Rockefeller's position on such acute current questions as civil rights, medical care for the aged (a proposition he was among the first to advocate) and the promotion of county workers, is one that undoubtedly strengthened his appeal to New York State voters. As a matter of fact, he stole a bit of Democrat thunder on these issues by pressing harder for them than did his peers in the opposite party.

However, what was sweet music to northern ears—a strong civil rights measure—was a sour tune to Southern Democrats. His support of medical care for the aged drew some astringent Southern responses from the more conservative members of his own committee he wanted.

The novel project was begun by guards, inmates and families who felt the need of a church within the institution. Contributors to the cause have been both Catholics and non-Catholics and the project is expected to be used statewide, with Sing Sing prison chapter of the Civil Service Employees Association among the latest to give an assist.

An agreement has been reached with virtually all the trade stamp companies in the United States to redeem their books of stamps for money and materials to be used in the construction of the chapel. The drive is national in scope and has been aided by the Hearst Newspaper organisation's Bob Coburn and television's Ed Sullivan.

WHERE TO SEND STAMPS

Paterh Matthew Killiam, CATHOLIC CHAPEL brought the institution, and the project came about when it was realized that some 96 per cent of the men who come to prison have no training or instruction in their faith. Despite this, he said, many respond readily to religions services, which have not been held to be a prison gymnasium. Father Killiam said that all

Dobbs Streamlines Suffolk Activities With Series Of Committee Assignments

(From Leader Correspondent)

ISLIP, July 16—Thomas B. Dobbs, recently-elected president of the Suffolk chapter, Civil Service Employees Association, has appointed a series of committee chapter activities.

Dobbs' chief move was to create Legislative Committee on three levels for county, town and highway department employees and for those in school districts. The committees will consist of the presidents of the unions within each area.

Wells Workers Informed

"The job of these three committees," said Dobbs, "will be to handle all matters dealing with the health and welfare and working conditions of employees and to keep all the units well-informed." "We find it is necessary," Dobbs continued, "to handle these problems on separate levels. Each committee will know its own problems better than if they all will be discussed at the county level."

Committee Leaders

The County Legislative Committee will be headed by Harold Scott of the Health Department, Bay Shore, the Town-Highway Department Legislative Committee will be headed by Charles Valder of the Brooklyn Highways Department; the School District Legislative Committee will be headed by John Studier of the Huntington School District.

Resolutions Committee Takes First Steps To Shape Program for 1963

ALBANY, July 16—The Resolution Committee of the Civil Service Employees Association, meeting in Albany last week to begin formation of a workable annual meeting program, considered more than 56 resolutions submitted by CSEA chapters and members.

The committee, which meets again in mid-August, must still sift through hundreds of additional resolutions, in order to present a comprehensive report by September 15, a month in advance of the annual CSEA meeting, October 9, 10 and 11 in Buffalo, where delegates will consider the proposed resolutions.

August 20 Deadline

Deadlines for submission of resolutions to the committee is August 20, so that the committee may have a complete file to consider in making its recommendations and report; the disposition of each to CSEA chapters.

Resolution approved by the committee last week dealt with time- and-a-half pay for overtime; payment for accumulated sick leave; credit for payments or equivalent time off for travel on official business; increased vacation credit; increased personal leave; permanent state assumption of five per cent of point employee retirement cost; reduction in vested four per cent interest rate on retirement rights; restoration of State Retirement Fund contributions for all members; half pay retirement; increased and permanent ordinary death benefits; amendments of supplemental pension law; income tax relief on retirement income; unemployment insurance for employees involuntarily retired; employee representation in the State Retirement System; equivalent time off for Saturday holidays; additional longevity increments; additional State Health Insurance Plan benefits.

Other Approvals

In addition, many resolutions were incorporated with others and acted upon and many were referred to other appropriate committees for study and guidance.

PRESIDENT CASEY

BUFFALO, July 16—A committee of dedicated public servants is hard at work on "Operation Friendship" an effort designed to make this city—for a few days in October—the service capital of the state.

"Operation Friendship" is the brain child of the Host Committee, named by President Joseph F. Feily of the Civil Service Employees Association to plan activities for the CSEA's 1963 annual meeting here.

President Feily has named Albert C. Killian, Buffalo's parks commissioner and CSEA first vice president, chairman of the Host Committee; President John J. Hennessy of the Buffalo chapter of the American Federation of State, County and Municipal Employees, Buffalo State Hospital chapter is vice chairman; and Arthur Roets, president, CSEA of Erie County, is treasurer. The committee has designated Mrs. Adele English as secretary.

Sub-Committee Formed

Other members of the committee named by Feily are George DeLong of the CSEA Locust Valley unit; President John J. Hennessy of the Buffalo Chapter; Raymond Walker of East Bethany and President of the Buffalo State Hospital chapter is treasurer. The committee has designated Mrs. Adele English as secretary.

Sub-Committee Formed

Other members of the committee named by Feily are George DeLong of the Civil Service Employees Association, James O. Anderson, president, American Federation of State, County and Municipal Employees, and George Curley, vice president, the Buffalo Chapter of CSEA.

At a preliminary meeting of the committee, it was decided to name

CAPITAL CONF. TEAM — Leading the Capital District Conference of the Civil Service Employees Association are these recently-elected officers. Seated are Marian Forslly, secretary, left, and Delores Russell, president. Standing are Frank Caves III, left, and Harry Kohlscha, vice president. They are seen looking over a new programming plan for the Conference.
Therefore, it is expected that Rockefeller will attempt to hold his large plurality of civil rights, public education and major welfare programs; by pointing to actions of the Congress on the rank and file of workers; by pointing out the major improvements in salary and re- tirement benefits that he has provided in the career service civil; by declaring the solvency of the State Budget, he stymied the state on a "non-political" series of votes which often prevented the passage of local programs and to explain state government operations. The points listed above—was due to the improved business climate in New York—were heavily emphasized.

Kheel, Morgenthau Could Be Answer To Harmony in Bronx

Nothing has been said in the Democratic Party on what will be the state ticket this fall but our readers who have made up their minds continue to inform us of their preferences.

Strange enough, our most recent mail has been concentrated in favor of labor unions. U.S. Attorney Robert Morgenthau, both from above the threshold of Congressmen William Buckley is still not in the party ranks. William McKeon, as Democratic Committee chairman from Aus- burn is in the middle of the feud between Buckley and Mayor Robert F. Kennedy but, doxologically, has a friend in both of them. It could be that our readers feel that Morgenthau or Kheel could be the answer to the Bronx problem of party harmony, as well as possibilities to head the state ticket.

In the meantime, several of our readers have not yet spoken of the gubernatorial field and Ralph Bunche can be induced to become a candidate for the U.S. Senate. Bunche told this correspondent that he will not want to leave the United Nations, where he feels he is performing a major service in the cause of world peace and understanding. However, any serious urging from the White House would be some- thing that might make him think hard to ignore.

Nassau County Seeks Personnel Clerks

Nassau County is currently offering a salary of $5,500 to $10,250 per annum for the position of Personnel Clerk. The company is looking for a responsible and detail-oriented individual with at least two years of experience in a public or private organization. The ideal candidate should possess strong verbal and written communication skills, excellent organizational abilities, and the ability to work effectively with individuals from diverse backgrounds.

Panel Discusses New Recreation Crisis In America

Population growth, more leisure time, and growing popularity of outdoor recreation will lead to a real crisis in the overcrowding of our outdoor resources. The panel, consisting of experts in the field, discussed the need for more effective coordination of efforts.

Governor’s Tour on Long Island

Various branches of the State Civil Service will not be overlooked by Governor Rockefeller during his visit to Long Island this week. Following the pattern of his upstate tour, he will visit public and private organizations, including business, industry, and civic groups in his 60 scheduled meetings. The Governor will be getting a chance to see and work with the "boss" as well as the workers, and he will be checking on how does he stand with the GOP standard bearers. He has made it clear that he will be a candidate for the Republican nomination.

The lack of a definite Demo- publican governor, with his newspaper reports that he is a potential 1964 Republican candidate."

Further Study Of 1870 Law Assures Equal Rights For Women

Employment opportunities for women in the Federal civil service will be affected by Attorney General Kennedy's new opinion. President Kennedy recently informed Mrs. Eleanor Roosevelt, Mrs. John F. Kennedy, and Mrs. Louise Johnson, respectively, the President's Custodian on the Status of Women.

According to previous interpretation of an 1870 law, the authority of Presidents to prescribe a rule for the conduct of the civil service was severely limited. More specifically, this interpretation gave Federal appointing officers absolute authority to restrict certain positions to one sex only.

The Attorney General reviewed this previous strict interpretation at President Kennedy's request. As a result of this review, the Attorney General holds that 1870 law constitutes no such limitation on Presidential power. Stone steps are now being taken by CSC Chairman John W. Macr. Jr. to assure equality of opportunity for women in the Federal service under terms of the new interpretation.

Four First Army Civilian Employees Receive Cash Awards

Three civilians in the First U.S. Army Finance and Accounting Section received Department of Army Certificates and cash awards recently for sustained superior performance, and a fourth received a suggestion award.

Colonel Lawrence T. King, First Army Finance and Accounting Officer, presented Department of Army Performance Certificates to Mrs. Maria Duff of Staten Island, Administrative Officer of the Section, Bernard Glick, Chief of the Accounting Policy and Control Division, and Carl Drucker, Chief of the Branch of the same division, both residents of Boston. All three have won previous citations as well as other honors for perseverance or accepted suggestions.

Colonel King also made the first presentation of a trophy statute which he has donated to the Section. A Winged Victory holding a torch, previously given to Mrs. Philipp Paulson of South Ozone Park, N.Y., winner of the first suggestion award, was adopted since the trophy was too small to be awarded. He has named it the A.F.A. Trophy in honor of the peace and freedom which the Association is fighting for. The Association will hold the trophy until the next member officer of the First Army Finance and Accounting Section submits an award-winning suggestion.

AWARD WINNER — Dr. Frank R. Killie, Associate Commissioner for Higher and Professional Education, is shown presenting an award to Mrs. Nancy De Yoe, an employee in the Bureau of Professional Licensing service. Mrs. De Yoe is holding her son, Scott De Yoe while Dr. John Paige looks on. Mrs. De Yoe suggested the use which she designed to replace a letter used to advise an applicant of the approval of his application. For her suggestion she received a check for $1; a certificate of merit, and a souvenier of his choice.

Oral Examinations

Oftentimes, the practice of using oral examinations as a means to passing applicants for promotional positions received a setback recently when Supreme Court Justice Kenneth S. MacAfTer in Albany County sustained an objection by certain employees in the Division of Employment that they were not adequately advised as to the scope of the oral test and had not been notified of the importance of being punctual. The objection was based on the argument that the employees failed that portion of the examination. In so ruling, Judge MacAfTer followed an earlier precedent established by a certain employee and ordered that these employees be given another test.

At the same time, Judge MacAfTer ruled that those applicants that did pass both the oral and written examinations should be given the opportunity to be entertained by the Civil Service Department or the State Civil Service Commission.

Obvious, a certain amount of confusion ensues when an examination can allow some people to pass and some to fail. Naturally, the State Civil Service Commission defends the usefulness of oral examinations, but two rulings mentioned above.
