FEILY CHARGES: Cornelius Misleads Troopers; Interferes With CSEA Affairs

ALBANY, Sept. 24.—The Civil Service Employees Association has support of a lawsuit testing the validity of a promotion examination given last Dec. 16 by the Division of State Police for the position of sergeant of State Police. Joseph F. Feily, president of the Civil Service Employees Association, explains not only the law suit filed by the CSEA regarding a recent sergeant’s examination but also gives background to the recent charges of interference in CSEA affairs by Mayor Homer J. Flamenbaum, Superintendent of Police. The letter contains information of vital importance to all troopers. It reads:

Several weeks ago, after very careful consideration, I authorized the commencement of an Article 78 proceeding to test the validity of a promotion examination for the position of Sergeant of State Police conducted last December 16th by Arthur Cornelius, Jr., Superintendent of State Police. In this last case, brought by Trooper John H. Donahue, the relief sought, among other things, was that the Superintendent be stayed from making any further appointments from this list and that the examination be set aside pending a re-examination of all candidates.

The Civil Service Employees Association takes the position that the examination was so conducted as to give Mr. Cornelius almost complete discretion to make promotions in accordance with whatever discretion or additional requirement of “competitive civil service” the State Conference of Mayors may set. The Superintendent has been informed of these developments.

CSEA Launches All-Out Drive In Rochester To Enroll City Employees

ALBANY, Sept. 24. — The Civil Service Employees Association will begin an all-out organizational drive in the City of Rochester this week, Association President Joseph F. Feily announced.

The drive will be made in the face of threatened recognition by city officials of the American Federation of State, County and Municipal Employees as exclusive bargaining agent for units of city employees.

In other developments in Rochester, CSEA Field Representative James Power met last week with City Manager Portor Homer and presented him with a request for improvements in work conditions for city employees, signed by Feily.

Editorial Support

Meanwhile, the Association’s outspoken public criticism of a resolution passed two weeks ago by the City Council that could result in exclusive recognition of the American Federation of State, County and Municipal Employees, as sole bargaining agent of city employees, regardless of the employees’ desire to be represented by the union, continues to stir comment from Rochester newspapers and citizens of the area.

The letter presented to Homer, by Mayor Henry Gillette’s absence, also asked for the privileges of purdah and the opportunity to explain and discuss the matter with city employees during working hours for the purpose of enrolling them during a

Open Letter To Troopers

In an open letter to troopers in the State Division of Police, Joseph F. Feily, president of the Civil Service Employees Association, explains not only the law suit filed by the CSEA regarding a recent sergeant’s examination but also gives background to the recent charges of interference in CSEA affairs by Mayor Homer J. Flamenbaum, Superintendent of Police. The letter contains information of vital importance to all troopers. It reads:

Several weeks ago, after very careful consideration, I authorized the commencement of an Article 78 proceeding to test the validity of a promotion examination for the position of Sergeant of State Police conducted last December 16th by Arthur Cornelius, Jr., Superintendent of State Police. In this last case, brought by Trooper John H. Donahue, the relief sought, among other things, was that the Superintendent be stayed from making any further appointments from this list and that the examination be set aside pending a re-examination of all candidates.

The Civil Service Employees Association takes the position that the examination was so conducted as to give Mr. Cornelius almost complete discretion to make promotions in accordance with whatever discretion or additional requirement of “competitive civil service” the State Conference of Mayors may set. The Superintendent has been informed of these developments.

Carlin To Install Nassau County CSEA Officers At Dinner

MINOLA, Sept. 24. — Nassau County Civil Service Employees Association, now 8,000 members strong, will hold its annual dinner-dance Oct. 13 at Carl Hoppin’s Balloon, Long Island.

Assemblyman Joseph F. Carlin, speaker of the New York State Assembly, will install the new board on the occasion of Hosh Hoshana, the Jewish New Year.

Oswego Ponders Fire, Police Merger; Idea Lost In Ogdensburg

(From Leader Correspondent)

OSWEGO, September 24.—Oswego City aldermen are mulling over a controversial idea—integration of the city’s fire and police departments into one unit.

No formal proposal has been made, but one alderman, Bart Gentile, has provided others with an eight-page statement of the pros and cons of the integration.

The statement is based on a dissertation of the plan at the State Conference of Mayors in Buffalo this summer.

And, the proposal is expected to be discussed at the Common Council—both formally and informally—at a later meeting.

The Integrated plan, firemen and policemen both require additional training so that firemen can be used for police

Greetings On Rosh Hashana

On behalf of myself and the officers and directors of the Civil Service Employees Association, the heartiest greetings are extended to our members and all others on the occasion of Rosh Hashana, the New Year.

JOSEPH F. FEILY, President
Civil Service Employees Assn.
DON'T REPEAT THIS

(Continued from Page 1)
Mayor Wagner, two men with an agenda, a great stake.

In a front page story in The Leader on August 21 the headline read: "Morgenthau Certain To Head Dem Ticket," and this newspaper, reiterating the national campaign, wrote: "The country was the first in the history of civiliza-
tion to have a presidential campaign."

But, perhaps the most un-
usual factor is the astound-
ing victory of Ted Kennedy over the more formidable opposition in 1964. It cannot be expect-
ted that such results would please the White House.

In the prospective vote for favorite sons, New York voters for Dewey when the 1940 convention met in Nixon took California, although both lost their bids for the White House. There certainly was a feeling that Wade would defeat Reagin with Rockefeller also on the GOP nomination, but it would not have been compared to the effec-
tiveness of Rockefeller's real popularity.

Fussing and Feuding
Morgenthau right now has many things working against him. The feeling and fussing at the Democratic convention in Los Angeles, the irate delegates, the angry men who also sought office—all these have produced the 
Morgenthau campaign on a poor start.

Morgenthau, an able politician, himself is not a political "pro" and the real responsibility for creating controversy, and his victory, rests with New York State—New York for Kennedy. It is estimated that Rockefeller will be in the race in New York as it did in Massachusetts.

Ted Kennedy's Victory
However, there are several factors that could work very much against Morgenthau if he is Mayıs 1964 and it cannot be expect-
ted that the President Kennedy will stay high. There is little doubt that the two more than 2 million people of this country were at the polls. Rockefeller was not looking for less.

The creation of special pools of personnel and substantial promotion costs, for call up at any time but would not be required to take part in the priority units would be main-
tained at close to required manpower in the restricted confines of Flushing Meadows Park, the Fair will re-
duce good public relations for the President, for the United States of America, for New York State, for New York City and for man's

"First To Go Units May Be Set Up"

The creation of special pools of reservists from both National Guard and Army Reserve who will have top priority in case of call-up, is being given anew and may soon be put into effect. The plan would permit units most likely to be selected first to sign up at any time but would not be required to take part in the priority units.

Six Months Reservists Will Probably Be First To Go

Six month reservists will probably be the first to be called in any future mobilization. Congressional leaders have trans-
mitted to the President that reservists passed both houses of Congress.

The new law will extend the right granted last year which expired June 30th where the Presi-
dent was given the right to call 200,000 men. Less than 100,000 were actually called. Powers under the new law ex-
pired at the end of last August.

Syracuse Moves Toward Political Appointments of Deputy Police Chiefs

SYRACUSE, Sept. 24—The Onondaga County Civil Service Commission was expected to announce its recommendation this week to the mayor on the proposed changes in the county’s police department. The recommendation came as a result of a public hearing held last week, during which the three-member commission heard testimony from the police department and the State Police. The commission’s recommendation will be forwarded to the mayor for his approval.

Robert W. Hartnett, P.B.A. president; Assemblyman George P. Cornell; and Robert W. Hartnett, president of the Onondaga County Veterans Association, testified in favor of the recommendation. They stated that the police department should be given the responsibility to make promotions on the basis of merit, rather than political connections.

The Opposition

The opposition was represented by the Syracuse Police Officers Association, which opposes the recommendation. The association contends that the police department has the right to make promotions on the basis of merit, rather than political connections.

Fenley charged that the unity of the State Police is under attack by the mayor’s plan to make political appointments. He said it was his belief that the police department is under attack by the mayor’s plan to make political appointments.

Fenley also charged that, since the appointment of the State Police, the mayor has been permitted to have any formal meetings between the mayor and the police department. He added that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley further charged that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections. He added that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley also noted that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley further charged that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley added that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections. He also noted that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley also noted that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections. He added that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley further charged that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Fenley also noted that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections. He added that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Consequently, Fenley charged that, since the appointment of the State Police, the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections. He also noted that the mayor has not specified that the police department would be given the responsibility to make promotions on the basis of merit, rather than political connections.

Influence of CSC Seen In Reduction Of Retirement Bill

A strong-worded letter from the Civil Service Commission states that continuing the retirement bill service may have had something to do with the incompetence of the House Post Office & Civil Service Committee. As a result of the committee's action, it is claimed that the bill calls which calls for a 10 per cent increase in the bill was introduced. Under the House-approved bill, which indicates an average increase in benefits by three per cent where living costs rise by that amount, an increase from 60 to 55 per cent in the amount of an annuity that will be paid beneficiaries; and cost of living is increased. The amount of an annuity is increased. The increase is $3,000 for the first $2,400 of earnings, and $3,000 for the first $2,400 of earnings.

Survey Results Show Low Salary Level

A recent survey of retired civil servants did not reveal particular findings. Of 236 Federal employees who retired last year, 36,148 of these employees received live-ins and a few of the salaries of less than $6,000. This means that only about 25 per cent of these retirees reached a salary of over $300 a month.

Personnel Problems Will Be Main Topic In Top Level Talks

Miami Beach, Florida has been selected as the convention site for the 1963 Public Personnel Association Conference. The Federal personnel officers, Canadian delegates, and Civil Service Commission of the meeting will meet there. In addition, 100 of the 130 main World Wide, Rochester (Wednesday).

Any of these addresses may be used for jobs in the State. The State's insurance companies are two blocks south on Broadway facing the New York City Department, the State's insurance companies.

Three Symbols of Security

C.S.E.A. works in your behalf to provide the protection you and your family deserve. It is your association, made up of people like you who seek mutual security. As a member of this association, you benefit from its programs.

Your Agency

Ter Bush & Powell, Inc., of Schenectady, New York, has been a pioneer in providing income protection plans for the leading employees, professional, and trade associations of New York State. Its staff of trained personnel is ready to serve you.

Your Insurance Company

The Travelers of Hartford, Connecticut, was the first insurance company to offer accident insurance in America. More than 3,000,000 employees are covered by its Accident and Sickness programs. The company pays over $2,000,000 in the average working day or in behalf of its policyholders.

Let them all help you to a fuller, more secure way of life.
U.S. Has Jobs For File Clerks

Some 5,000 applicants are expected to file with the U.S. Civil Service Board of Examiners of the Social Security Administration for positions as file clerks, GS-3, paying from $67.30 a week to start.

Although filing for this position will be on a continuous basis, past experience has shown that applications are suspended shortly after the first test is given. The first test for the 1962-63 series will be held in either October or November, and a register of eligibles is expected to be established by January 1.

The maximum age for appointees is 35 years although this requirement will be reduced to 16 for high school graduates. There are no specific formal education requirements for this position.

The written examination for file clerks consists of at least seven topics to test aptitude for learning and adjusting to the duties of the position. These topics are:

- Test Topics
  - Alphabetizing, computing and arithmetic reasoning, name and number conversions, word meaning, reading, spelling and grammar. The test will require about two and a half hours with additional time required for the completion of personnel sheets.
  - All applicants must be willing to submit to fingerprinting, the administration advises.
  - The minimum passing mark required is 70 percent on the entire test with a minimum score required in each of four general sections.

Physical Requirements

Applicants must be physically able to perform the duties of the position. Good distant vision in one eye and ability to read without strain, printed material the size of typewritten characters are required, glasses permitted. Ability to hear the conversational voice, with or without a hearing aid, is required.

In most instances, an ampule of leg or foot will not disqualify an applicant for appointment, although it may be necessary that this condition be compensated for by use of satisfactory prosthesis.

Any physical condition which would cause the applicant to be a hazard to himself or others will disqualify him for appointment.

Superintendents

The list of eligibles established under this announcement will supersede the register established under announcement No. 8-90-1 (1962). These forms are also available from main post offices in Brooklyn, Jamaica and Manhattan, as well as at the office of the U.S. Civil Service Commission, 230 best 42 St., N.Y. 17.
**Pay, Not Hazards, Hurts Recruitment**

At the same time that the New York City Department of Personnel and Development was reporting filing for firemen who the International Association of Fire Fighters was releasing a frightening set of statistics concerning the death and injury toll among firemen in the country.

The figures show that 22 out of every 100 firefighters suffer some sort of crippling injury annually. The rate of death in the line of duty was 76 per 100,000 men, compared to a national average of three injuries per 100 men and 20 deaths per 100,000.

The filing that was reopened, or extended as the Department of Personnel and Development prefers to call it, was the lack of response to the call for more nurses.

Could the lack of applicants be caused by the hazardous occupation itself? Or could it be caused by the hazardous plus the shortage of adequate hazardous duty pay?

These facts can and should be looked into by the Mayor's committee working on salary negotiations with representatives of New York City's 13,000 firemen and fencers.

**We Propose A Plank**

That time of the year is here again! The first brisk days are on us, the leaves are starting to turn color—

We think both parties have overlooked a very much needed item in the public service, however, and that is an increase in promotion opportunities. This newspaper has found that no other condition of employment, aside from wages, has the importance to public employees than his opportunities is one of the severest drawbacks to a public employee.

In advancing the plank, Israel Segal, state expert in the field, has said that anyone with the slightest understanding of school system.

**Social Security Questions Answered**

Below are questions in Social Security problems sent in by our readers and answered by a legal expert. If you have a question on Social Security you should write it out and send it to the Civil Service Leader, 57 Duane St., New York 7, N.Y.

"Does a person still have to pay the social security tax when he is not times to work past after becoming eligible for monthly benefits?"

"Yes, the law requires you to pay the tax if you are working in covered employment regardless of your age or benefits status."

"Is a worker's disability benefit reduced if the amount of the old-age benefit is reduced at age 62?"

"No, the law does not provide for the reduction of disability benefits because age benefit is reduced."

"Is a man and woman, age 62?" She never worked under social security. Can she receive benefits now or must she wait till my 65th birthday?"

"She must wait until you become 62. Dependent's benefits under the worker's benefit under Social Security."

A tribute to New York State's Department of Correction

The employees of the Department of Correction, under the supervision of Commissioner Paul D. McGinnis, are charged with the responsibility of administering the State's prison system. The Correction Department, though eight separate divisions, handles the responsibilities assigned to the Commissioner.

The Department was organized originally as a prison system in 1796. As the result of a series of Constitutional Amendments, it now handles the administration of seven prisons, ten reformatories including the Youth Rehabilitation Facility, and two state hospitals for the criminally insane.

The State Commission of Correction, consisting of seven persons appointed by the Governor, has the authority to establish standards for the administration of county and city jails and to investigate the management of any institution subject to the jurisdiction of the Commission.

The Correction Department and its employees thus serve to protect the security of all residents of New York State.

THE STATEWIDE PLAN...a combination of Blue Cross, Blue Shield and Major Medical...provides security and protection for most of the employees of the Department of Correction against the cost of hospital and medical care. This three-part program offers realistic coverage for all New York State employees as well, active and retired.

The vast majority of employees of the State of New York know that as subscribers to THE STATEWIDE PLAN, they are eligible for the most liberal benefits at the lowest possible cost. They know, too, that wherever they go, at home or abroad, this plan and its benefits travel with them. In this fact there is security against the worry and concern which would result from less adequate coverage.

Get all the facts about THE STATEWIDE PLAN from your Personnel or Payroll Officer. Do it now.

Government Seeking

Education Specialists

Appointments are now being received for education research and program specialists positions with the U.S. Office of Education in Washington D.C. and throughout the United States. These positions pay $6,455 to $13,730 a year.

Appropriate education and experience in a professional educational capacity is required. Graduate study may be substituted for the professional experience for positions paying $6,455 and $7,560 and in part for the higher paying positions. Details about the duties and requirements are contained in Announcement No. 2418. Announcements and applications forms may be obtained from the Executive Secretary, Board of U.S. Civil Service Examiners, 129 Fulton St., New York, N.Y. 8, N.Y.

HIP Reopening

Enrollment In Education Board

The annual reopening of enrollment of HIP-Blue Cross for Board of Education employees and their families will take place between October 1 and October 15. No physical examinations will be required during this period.

The Board pays half the cost of both HIP and Blue Cross for those wishing to join the combined program.

The Health Insurance Plan of Greater New York (HIP) provides prepaid medical, surgical, specialist and maternity care at the home, at doctors' offices and in the hospital.

Associated Hospital Service

CITY EMPLOYEES:

Your Once

A Year

Opportunity!

without physical examinations between September 17 and October 5.

You may join the City's Health Program (H.I.P. and Blue Cross).

The City of New York will pay approximately half the premium for you and your family.

This health program is the finest offered by any city in the country.

H.I.P. provides prepaid medical, surgical, maternity and specialist care through family doctors and specialists, . . . at your home, at doctors' offices and in the hospital . . . without your having to worry about extra charges or quality of care.

BLUE CROSS provides prepaid semi-private care in the hospital (bed and board, in-hospital nursing service, use of operating room, etc.).

Over 360,000 city employees and dependents now receive their doctor and hospital care through H.I.P. and Blue Cross.

SEE YOUR PAYROLL CLERK FOR APPLICATION CARD AND DESCRIPTIVE LITERATURE
Suffolk County Opens Positions To Clerk-Typists

The Suffolk County Civil Service Commission has announced that the examination program for typists, clerk-typists, and stenographers will be resumed on September 26.

Tests will be given on the second and fourth Wednesdays of the month at 10 a.m. at the Suffolk County Police Department, Transportation and Maintenance Building, Oriental Drive, Brightwaters. They will also be given in Riverhead starting October 1 on the first and third Mondays at 9 a.m. and 1:30 p.m. at the Civil Service offices in the County Center.

For further information, write or telephone the Suffolk County Civil Service Commission, County Center, Riverhead, New York. Phone, Park 7-4700, ext. 248.
AF Recovery Group Seeks Vets on L. I.

The 8309th Air Force Reserve Recovery Group has a number of “job” openings for qualified and interested veterans in the new Air Force Reserve Recovery Program on Long Island.

Colonel Clifford W. Vedder, Commander of the 8309th AFRRG, with headquarters at 32 Jericho Turnpike, Mineola, is seeking qualified and interested veterans in various specialties.

The 8309th Group has its 9111th Air Force Reserve Recovery Squadron in training at Mastic Flight Strip at Mastic, Long Island, and the 9109th and 9110th sister squadrons temporarily located at Roslyn ANG Station in East Hills.

Each unit is composed of reserve officers and airmen who train one weekend per month and on 15-day annual encampment for pay and retirement benefits.

Colonel Vedder has urged all interested veterans to contact the Mineola Air Reserve Recovery Center in person, or to call PI 1-7905 for information.

Quarantine Inspector Trainees

The U. S. Public Health Service is seeking quarantine trainees at a salary of $5,355 a year to fill vacancies around the country.

Applicants must have had appropriate experience or a combination of pertinent college study and experience. See announcement No. 279 B, which is available from the U.S. Civil Service Commission, Washington, D.C.
TA Cerbereans Set Annual Ball

A vacation in the West Indies, plus $200.00 in cash, will be awarded by the Cerberian Society of the Transit Authority Police Department, Detective Sergeant Leonard R. Alston, president of the society announced. The presentation will be held in conjunction with the society’s ninth annual policemen’s ball, Sept. 28, at the Hotel St. George, Brooklyn. The Caribbean air cruise will cover a nine-day circuit with stopovers in the Dominican Republic, Haiti, and the new Republic of Jamacia. It will be an all-expense paid tour for two.

Sgt. Alston said that the Cerbereans will continue to donate a portion of the proceeds from their annual affair to local charities.

Mental Hygiene Memo

By William Rossiter
CSEA Representative

(The views expressed in this column are those of the writer and do not necessarily constitute the views of this newspaper or any organization.)

The Poison of Prejudice

How bigoted most of us are! How ashamed we feel for some of our thoughts, beliefs, actions and得出 from our daily lives. Education, tradition, heredity, job and social status, geographic and economic standing notwithstanding!

Do we not all live in a delusion because of lock-sided thinking and wrong planning by some people and some governments. Our destiny may depend on this.

We REET too much on our leaders (of whatever category) to guide and control our lives. This can be good or bad, effective or otherwise for us.

The Rank and File citizen should study many things and take more active part in all deliberations whether economic, social, political, religious or personal. Progress could follow!

We are All Faced with trials, challenges and threats. What do we do? Do we face up to these challenges or are we overwhelmed and devoured by them?

Individual citizens criticize practically everything in our community, our country and around the sacred cow—good—it is human nature. Criticisms are directed at or-...

Within the gamut of others. And not done, in many cases, for con-...

The betterment of all immigrants, in all languages and education has been our goal (and extremely important)...

To the present time. Acceptance of new people, customs, practices and mental hygiene one must first respect the dignity and rights of man.

Of course not—we trample on it.

The “melting pot” of the world is ours. In these United States of America, all nationalities have been historical with us. The betterment of all American citizens, in all areas, has long been established, from our forefathers down to the present time. Acceptance of new people, customs, languages and education, will strengthen our bond and make our lives easier at times for the future.

One of the main concerns that exist today is the problem of the minority groups, their acceptance in the society, business, political, professional and other areas.

We read and hear more of discrimination, integration, segregation and equal opportunities. This is a problem for all of us—the solution of which will require hard work, patience and education in many areas for an indefinite period of time.

You Are Your Brothers' Keeps but in order to practice mental hygiene one must respect the dignity of man. The person practicing his natural instincts cannot be isolated—nor can human beings.

Police-Fire Merger Discussed

The Bolex will show them at their very best!
Binghamton Sets Pay Hike for Fire, Police

BINGHAMTON—A pay increase for the police and firemen in Binghamton this year would be less than the $1,500 increase being sought by members of the patrolmen and first-grade firemen. They now work 56 hours. They now work 56 hours. They now work 56 hours. They now work 56 hours.

The Fire Bureau consists of 170 men. The Police Bureau has 130 men.

Comparative Cost

To grant a $1,000 pay raise would cost a local budget of $700,000, while $1,500 increase would cost $1,540,000.

The present salary of first-grade patrolmen and first-grade firemen is $4,983.

In addition to $1,500 annual raises, the veterans have asked that their work be cut next year to 48 hours. They now work 56 hours.

To establish a 48-hour week, Mayor Burns said, would require about 30 additional firemen.

Mayor Burns said he believes much of the "moonlighting" by the bureau's personnel would be stopped.

Albany Tax Chap. Sets Retirement For Oct. 23

Pauline Pagano, president of the Albany Tax Chapter of the Civil Service Employees Association, announced plans for a retirement forum to be held on Tuesday, October 23, at the headquarters of the State Health Department, Holland Ave., Albany.

The forum will include Daniel Pagano, assistant director of Retirement Administration, State Employees Retirement System, and Edward C. Hannan, district manager, Social Security Administration.

Insurance, as an important factor in retirement planning, will be discussed by Thomas McCraken, associate health insurance representative, Division of Personnel Services, Civil Service Department, and Patrick DeMarco, supervisor of Insurance accounts, Civil Service Employees Association.

Fred W. Tierney, director of the Tax Department's Planning Bureau, will be moderator of the forum.

The Tax Chapter's Program and Community Service Committee of which Anne Warren, Income Tax, is chairman, is in charge of arrangements. Other members of the committee are Howard Fite, Division of the Treasury, Marjory Flett, Miscellaneous Tax, Vincent Monohan, Corporation Tax, and Anne Buchmann, Laura Rodgers and Louise Scarsella, Income Tax.

Mrs. Nisengard First Appointee Of New Court

BUFFALO, Sept. 24—The new Erie County Family Court, which began earlier this month, will be staffed with civil service employees.

The first appointment — Mrs. Nisengard, of Buffalo, as Family Court case supervisor — was announced today by Probation Director Charles L. Hutchinson.

Mrs. Nisengard, a graduate social worker for 17 years, passed a competitive Civil Service examination for the new job.

Albany Tax Chap. Sets Retirement For Oct. 23

Pauline Pagano, president of the Albany Tax Chapter of the Civil Service Employees Association, announced plans for a retirement forum to be held on Tuesday, October 23, at the headquarters of the State Health Department, Holland Ave., Albany.

The forum will include Daniel Pagano, assistant director of Retirement Administration, State Employees Retirement System, and Edward C. Hannan, district manager, Social Security Administration.

The Tax Chapter's Program and Community Service Committee of which Anne Warren, Income Tax, is chairman, is in charge of arrangements. Other members of the committee are Howard Fite, Division of the Treasury, Marjory Flett, Miscellaneous Tax, Vincent Monohan, Corporation Tax, and Anne Buchmann, Laura Rodgers and Louise Scarsella, Income Tax.

Mrs. Nisengard First Appointee Of New Court

BUFFALO, Sept. 24—The new Erie County Family Court, which began earlier this month, will be staffed with civil service employees.

The first appointment — Mrs. Nisengard, of Buffalo, as Family Court case supervisor — was announced today by Probation Director Charles L. Hutchinson.

Mrs. Nisengard, a graduate social worker for 17 years, passed a competitive Civil Service examination for the new job.

Nassau Officials Like Merit Idea But Differ On Who Decides Awards

MINDELA, Sept. 24—Nassau County Executive Eugene H. Nickerson has asked the Nassau Board of Supervisors to establish a merit-award system for county employees who suggest ways of saving the taxpayers' money.

The Nickerson proposal was immediately approved, in principle, by the Republicans-controlled board but they fell to haggling over the details. Nickerson had suggested that the merit-award board, which would judge the suggestions, should consist of himself, the county controller, and the county commissioners of police, public welfare and public works. However, County Bar Association President John J. Burns argued that the law required the merit board to consist of Nickerson and other members chosen by the GOP board.

Typical "Hassle"

The hassle was reflective of numerous Nassau-GOP clashes, especially where the favor of the county employees is concerned, Nickerson, in proposing the merit-award board, said, "I welcome this opportunity to compensate county employees who submit ideas that will benefit our government and its citizens." He said similar boards were in operation in various counties and in the state government.

Nickerson said that worthwhile ideas that were not measurable in terms of monetary savings would receive a $25 award. Awards for money-saving ideas would range up to $100.

CSEA Lauds Idea

The merit award idea was praised from Irving Flaumenbaum, president of the Nassau Chapter, Civil Service Employees Association, said Flaumenbaum, "This is a fine idea. It will go a long way toward improving employees' morale and keeping it at a high level. We are sure it will be successful."

Kilcawley Selected

ALBANY, Sept. 24 — Edward J. Kilcawley of Troy has been reappointed to the State Air Pollution Control Board for a term ending July 1, 1966. Mr. Kilcawley is professor and head of the Division of Environmental Engineering at Rensselaer Polytechnic Institute.

New Judge

ALBANY, Sept. 24 — Governor Rockefeller has appointed Emannett J. Schrempf of Jericho as the judge of the Children's Court of Monroe County. The 1961 Legislature increased the number of Children's Court judges from two to three.

Pilgrim State Officers Elected At Brentwood

Pilgrim State Chapter of the Civil Service Employees Association elected new officers at its annual election at West Brentwood last week. The following officers will be installed on Sept. 27: George Pothol, president; Paulino LoSacco, first vice president; Philip Ryan, second vice president; R. Konop, treasurer; August Stewart, secretary. The installation will be held at the Huntington Town House, 244 East Jericho Turnpike, Huntington Station, L.I. at a dinner dance for members at 7:30 p.m.

HONORED — The East Hudson Parkway Authority Chapter of the Civil Service Employees Association honored one of its retired members at a recent ceremony held at the Westchester County Center in White Plains. William Stillman, a maintenance mechanic with the Authority, is shown being congratulated by New York State Assemblyman George Van Cott of Mt. Vernon and friends look on. From left to right, are: Jose LeFever, chapter treasurer, Alfred Rech, secretary; John P. Schenck, membership chairman; Stillman, Van Cott and James J. Laenen, secretary.
