FEILY ASKS STRONG ACTION
On Bill Requiring Budget
To Give Reasons For Vote

ALBANY, Feb. 18—All State employees are being urged to take the strongest possible action to support a bill now before the Legislature that would "require the State Budget Director to specify in writing his reasons for disapproving a reallocation or reclassification request that reaches him."

As a first step, Joseph F. Feily, president of the Civil Service Employees Association, last week asked all State Correction Dept. chapter presidents to send particu-
lar weight to the drive.

Bills In Legislature
The bill, sponsored by the As-
sociation, was introduced to the Legislature by Senator Norman S. Len; of Rockaway and As-
semblyman Robert J. Feinberg of Plattsburg.

Under present law, the courts have held that the Budget Di-
rector does not have to give any reasons whatsoever for a veto of a reclassification or reallocation request that reaches him, with the result that his veto, for all practical purposes, cannot even be reviewed in court. Passage of this bill would remedy the sit-
uation.

Feily's Letter
In his letter to Correction chapter officers Feily said, "I don't have to tell you why this bill is of so much importance to you and all other State employees."

New Non-Teaching Unit in Long Island
BLIAL, Feb. 18—John Curran Jr., Long Island field represen-
tative for the Civil Service Em-
ployees Association announced the formation of a new non-teaching unit at the Comseguet School District, located in the Towns of Islip and Brookhaven. The new unit has 33 members. Pat Trotta is the unit president.

Residence Bill Runs Into Snag
ALBANY, Feb. 18—A bill to erase residence requirements on appointments to municipal jobs has run into unexpected opposition in the State Assembly.

Assemblyman Orin S. Wilson, chairman of the Civil Service Committee, withdrew his meas-
ture temporarily from considera-
tion, when a debate threatened its chances of passage.

Wilson had asked opponents to out-
line their objections to him for study before bringing the bill up for a vote.

Wording Changed
The measure changes the wording of the Civil Service Law with regard to the use of residence requirements in selecting from an eligi-
ble list for municipal posi-
tions.

Under present wording, only residents are listed unless resi-
dency requirements have been waived. Under the new wording, eligibles are restricted to resi-
dents if requested by the munic-
iple civil service commission.

The bill also adds the alterna-
tive of picking first from local residents only. Then, when that group is exhausted, picking from the entire eligible list.

Both Republican and Demo-
crats assemblymen questioned the bill.

Major Portion of CSEA Program In Legislature
ALBANY, Feb. 18—The Employees Association has presented the latest report on the pro-
gram to the Legislature.

The sponsors, introductory and print numbers are given, where available, and the committees con-
sidering the bills. Employees are urged to use these numbers when writing to legislators for support of the CSEA-sponsored measures. Leading off with the salary re-
duction, here is the latest report:

Arlene Drobny Named
Miss Highway Safety

(From Leader Correspondent)

ALBANY, Feb. 18—Arlene Drobny, a striking brunette with a winning smile, is Miss Highway Safety for 1963. She is a resident of Troy.

She was chosen from a court of ten lovely contestants, all State Motor Vehicle Department employees.

The contest, now in its third year, is sponsored by the Civil Service Employees Association chapter of the Department. Runner-Up

Barbara Goldstein was named runner-up, becoming the alternate Miss Highway Safety for the coming year.

Some 200 department employees turned out to witness the cer-
emony, which was covered by newspaper and television camera-

Legislators Respond

Numerous legislators from the Metropolitan New York and Long Island area have already accepted invitations to a panel discussion on the relationship between legis-
lators and the public employee, being sponsored by the Metro-
politan Conference of the Civil Service Employees Assn.

The panel discussion, to be moderated by Henry Shemin, chairman of the CSEA Resolutions Committee, will follow a noon luncheon in the Astor Hotel in New York City on March 2. Shemin informed The Leader that.

Civil Servants
Again Pondering
Using Vote Muscle

PUBLIC employees in New York State, who represent approximately 10 per cent of the voting population, are re-
ported watching the "Battle of the Budget" in the State Legislature with considerable concern. Once again, they feel the civil servant is going to be the sacrificial goat in terms of saving money to appease other tax-
payers in the State. These concerns are reported to be causing some segments of the civil service to bring up again.

Presidential Request Youth Unemployment Target or Proposed Conservation Corps

*By Mary Ann Banks*

One of the more startling facts in America today is the fact that unemployment among young Americans is about as high as the national average. And this figure is minor when compared with the millions of unemployed among youths who are unable to complete their high school education.

There are some of the facts behind President Kennedy's special appeal for funds to expand training programs and technical assistance to local communities for the containment of juvenile delinquency.

In 1961 we had a youth employment act which enabled youth to be employed to do useful work. But the funds were inadequate and the programs were not effective in improving the country's forests and recreation areas.

The President's appeal for funds would allow the federal government to provide half the wages and costs for young persons employed on local projects that offer useful work experience in non-profit community services such as hospitals, schools, parks, and settlement houses. An appropriation of $100,000,000 has been requested for by Kennedy to establish and carry out the first of this program.

Other Requests

The President called for a three-year extension of the 1961 Juvenile Delinquency and Youth Offenders Control Act, the program for grants for demonstration projects, training programs and technical assistance to local communities for the containment of juvenile delinquency.

Other requests included funds to aid children's welfare and day care programs; renewal of the appeal to create a program to meet critical educational needs; governmental assistance in mental retardation, mental health, and crippled children's projects.

This program is designed to combat the unemployment problem which will be created next year by new credit union services such as hospitals, schools, parks, and settlement houses. An appropriation of $100,000,000 has been requested for by Kennedy to establish and carry out the first year of this program.

In announcing the program, the Governor said:

"New York State—the first in the Nation to mandate minimum training standards for local police officers—can take great pride in this significant further step in the professional discipline and enforcement. The Municipal Police Training Council, which has provided such leadership in the mandate of the State's efforts to enhance the professional status of local police is to be commended for its development of this new 100-hour training plan. With the benefits of this increased training there will be a stronger system of law enforcement throughout the State."

**Twenty-two Subjects**

The new course of instruction includes such courses as: Parole; Probation; Probation and Parole; Criminal Procedure; Penal Law; Police Recruit Training Council; and its members are: Sheriff J. Auburn Survey Is Completed

(From Leader Correspondent)
AUBURN, Feb. 18—The Auburn Civil Service Commission has received a commendation from the State Civil Service Commission following a management survey.

George A. Donovan, secretary of the Auburn unit, said the only criticism in the report was about "differences that persist" in the procedures of some examiners for setting technical positions in the Water and Sewage Department.

He said steps to correct this matter already have been taken. The board also has recommended that funds be made available for improving the training facilities of employees. Also, he said, the city administration is now studying possible reorganization of the present system.

The report states that five consecutive examinations for positions of assistant sewer department operator failed to produce an eligible list. Many applicants were disappointed on lack of training and experience. Those who qualified failed the written examination.

Salary Schedule

Similar Pattern

The pattern was similar for high level positions, except that the two most recent tests in 1959 and 1960 produced no eligible lists and three eligible employees, respectively, the report said. Two appointments have been made from the 1961 list.

The report covers activities of the Auburn unit from March 1961; claims are paid to beneficiaries of deceased members within 24 hours after notice of death is received at CSFA headquarters.

West Conference Hears Galpin On Accounting Uses

BATAVIA, Feb. 18—The Western New York Conference of the Civil Service Employees Association held its meeting in Batavia recently. Henry Galpin, assistant state CSEA director, discussed standards of accounting for labor organizations here at its recent meeting of the school unit chairman.

Huntington CSEA Unit To Install Invitation On Panel

HUNTINGTON, Feb. 18—Frank Grella, president of the Huntington Town Unit, Suffolk County Civil Service Employees Association, has extended an invitation to all members to attend the installation of the town's expanded CSEA unit.

Fly to Give Oath

Town Supervisor Robert Flinn is expected to install the officers of the chapter, which has been enlarged to take in not only highway department workers but also employees of other departments. The town unit now has 239 members.

The officers to be installed include: Grella, Ronald Smith, department public works; John Lonergan, John J. McKay, Howard Novak, deceased members; Nancy Ferrone, W.C. Johnston, hospital social worker; Joel Ginberg; senior clinical psychologist; Herbert Kaplan, associate clinical psychologist. Shown at the completion of the course are, left to right, seated: Mr. Card; Mr. Ginberg; Nancy Ferrone; W.C. Johnston, hospital superintendent; and Mr. Kaplan. Standing, same order, are James D. D. South, William Z. Capron, Ernest Graves, Ulysses S. Reese, Walter Smith, Hugh Perry, Roger Walker and Edger D. Barten.

Techniques — Fifteen employees at Maitland State Hospital recently completed a course in "The Techniques of Group Counseling" given by staff members of the hospital. The program was presented by John C. O'Connor, director of the course who were not present when this picture was taken were: Vincent A. Langan, John J. Merky, Howard Novak, Constance Rand, Stephen Stiarliki and Ernest Wright.

Canton Votes Classified Status For Village Clerk

CANTON, Feb. 18—The village board has voted 4 to 1 to make the position of village clerk an appointed position classified civil service.

No Physical In Feb. For CSEA Group Life

New applicants for CSEA Group Life Insurance under age 55 will not be required to take the usual medical examination during the month of February, 1963.

This does not apply to applicants who have previously been rejected for this group plan on the basis of a medical examination. This announcement was made by Joseph F. Furry, CSEA president.

Who Is Eligible

Applicants for CSEA Group Life Insurance must be a member of CSEA and employed by a member of CSEA. Applicants under age 60 have to have CSEA membership for at least a year, but applicants under age 55 are not required to have CSEA membership. Any employee of the state or any political subdivision is eligible for membership therein. State Police, prison guards, and other members who have continuous employment is eligible.

In addition to the usual civil service premiums, any employee may have to pay additional premiums for Life Insurance, but the state will provide the insurance on the new group plan. Any employee, regardless of employment, is the same.

The plan provides many advantages: lower cost, no medical examination required, protection to widows and dependents. The premium for this plan was made possible by ever increasing membership, becoming insured thereon.

The plan has been steadily developed and improved during the years. The board believes this plan has made possible a reduction in the cost of insurance, and that the board will continue to improve the plan in the near future.

Only in February

The continued development of the CSEA plan was made possible by ever increasing membership, becoming insured thereon. The total membership of CSEA is now over 110,000. Any employee of the state or any political subdivision is eligible for membership therein.

State Police, prison guards, and other members who have continuous employment is eligible.

Joint Consideration of Raise & Retiree Funds

Means Approval

Last week the Senate approved a bill re- ported that retirees could look forward to their additional simul- taneous monthly checks. Among the many new developments, the President has urged Congress for a second year of funds needed for the raise last week. Speaker Kennedy also promised to sub- mit a full report on the pay raise to the President's two leaders at a date. He stressed the fact that the money had to be appropriated Congressional hearings and the large em- lifts voted by Congress could be paid by the Civil Service Com- mission. The problem will arise if the retirement section funds of the Federal pay raise law are not con- sidered as separate matter. If Congress considers the pay raise funds and the retirement funds all the same time, it might be April 15th before retirees and survivors receive the second amount. In any case, the money will be available in January 1st.

$1.6 Million Salary Increase Is Hoped To Aid Recruitment

In an effort to aid recruitment for the Armed Services and physical training, the U.S. Civil Service Commission has announced that pay raises for three handicapped-through 8 positions will be in- creased. Among the jobs affected by the new adjustments are all profes- sional engineering jobs, including those in architecture, and the following science specialties: chemistry, physics, health phys- ics, mathematics, mathematical statistics, metallurgy, astronomy and space science, hydro- graphic, and landscape architecture. Others in- cludes: advanced examination, physical science physics, backjuries, (including electronics, communications, and physics), and geodetic. Also outdoor, forestry products technol- ogy, and technology in fibers, plastics, aviation survival, industrial radiotherapy, packaging and preservation, and photographic equipment.

The increase, which was autho- rized under the 1962 Federal Labor Re- form Act, is expected to cost about $4.8 million annually. It is hoped that the increased pay and benefits will attract Federal agencies in obtaining a greater number of these professionals and also a larger number of this year's college graduates. Reports show that recruiting to this series is much harder last year than in the previous year.

Experimental Type Solicitation Drive Launched by CSC

Even though the voluntary pay- raise program has not worked well in private industry, CSC officials feel that enthusiasm for this system is locally mild and void in the Gov- ernment. Until this year, various charity drives have solicited two or three times a year. This year, by Central Agencies and the CSEA, the country will experiment with a new method. A once-a-year contribution will be aimed at the basis of being a time-saving device.

Structure Maintainer
Titles Opened in City
Pay To $3.15-Hr.

The New York City Department of Personnel is offering a promotional examination for the title of structure maintainer—Group G—in the Transit Authority. The filing date for application forms will be February 21 and the salary range will be $2.83 to $3.15 per hour.

The examination is open only to employees of the New York City Transit Authority. The tentative date of the examination is May 6. Those who achieve this title will be required to work shifts as ordered and will receive a salary ranging from $6,726 to $8,375 per annum.

The examination is open to employees of the Triborough Bridge and Tunnel Authority who are permanently employed in the title of bridge and tunnel maintainer or motor vehicle operator. Such employees must have served in that title in the department for a period of not less than six months.

Any employee who has been retrenched after reappointment or reemployment is required to serve only three consecutive months before the test in order to be eligible. The addition of employees in the title of motor vehicle operator is for reclassification and appointment to this examination only.

Under general direction, a senior bridge and tunnel maintainer supervises and directs repairs to all structural elements, powers, and control equipment, and mechanical and structural devices; cleaning and clearing the bridges, buildings, and approaches operated by the authority.

The written test, which is tentatively scheduled for May 1, will test the candidate's knowledge of supervisory techniques in directing the work of assigned personnel, knowledge of mechanical and maintenance techniques in connection with components in buildings, fixed and movable bridges, and tunnels, and other related areas.

Applications will be issued and closed on the following dates: Friday, from 9 a.m. to 4 p.m. and Saturday, from 9 a.m. to 12 noon.

The successive examination will be held on May 21, 1963, and the report will be mailed to applicants on or about June 10, 1963.

For further information and application forms write or apply in person to the New York City Department of Personnel, 96 Duane St., New York 7.
Budget Should Give Reasons For Vetoes

Not all public employee bills in the Legislature contain money if enacted and some of these bills are as important as any that may be enacted to raise funds. The raising of even more funds than some of the important bills of this type now before the Legislature is a measure that would require the State Director of the Budget to state in writing his reasons for turning down funds for approved title upgradings and reclassifications.

As things stand now, the Budget Director can exercise the veto power and turn down any form. This, of course, robs state workers of any avenue of approach toward overcoming Budget arguments for denying such funds. There is no reason why this should be so. If the denial is just, then the Budget should have no fear of explaining the reasons for not giving funds. If the denial is not just, then state workers should certainly have the means to appeal for redress.

Basically, the responsibility for deciding on whether or not upgradings and reclassifications be put into effect should not even be subject to a Budget veto. It would seem to us that the final determination should be made elsewhere. Going further, it would seem to us that the Division of the Budget should be only too happy to rid itself of the onus of making such decisions. But this involves another area and not covered by the particular piece of legislation under discussion.

A first step in the right direction would be the measure, sponsored by Senator Joseph T. Bellew, of Assem., to require the Budget Director to give reasons in writing for turning down appeals. CSEA President Joseph F. Fiey has called on all state employees to get behind this bill. It is to their interest that they do so.

Civil Service Heroes

New York City patrolmen, described as an "average cop" with no communications or complaints, was shot and killed while on duty last Thursday evening.

Six weeks ago, Youth Board worker Louis Marsh lost his life while preventing an outburst of juvenile gang warfare on the Upper East Side.

A little over a week ago, bus driver Walter Stith employed by the Manhattan and Bronx Surface Transit Operating Authority raised his life when he ran through a blinding Harlem tempest in the early hours of the morning waking sleeping residents and leading them to safety. Two patrolmen, Stith, and his 10-year-old daughter were credited with the raising of a new sense of pride in all who work in the public service.

When Charles Goodyear invented vulcanized rubber in 1839, he gave the human body its first real means of protection against rain and immersion in water. He was called — mockingly, at first — "The India-Rubber Man" because he dressed from head to toe in his new-fangled, flexible rubber garment.

Pioneers in Protection

Just as Goodyear was first to provide mankind with wearable protection against harmful moisture . . . so the Statewide PLAN was the first program of protection against the costs of hospital and medical care for the employees of the State of New York.

This three-part program — Blue Cross, Blue Shield and Major Medical — offers most State employees, active or retired, the most liberal benefits at the lowest possible cost. That’s why more than 425,000 State employees and their dependents are now subscribers.

If you are not a subscriber and would like all the facts on the Statewide PLAN, see your payroll or personnel officer.

CIVIL SERVICE LEADER Page Fifteen

An April tour to Europe that will bring participants to Rome for Good Friday, Easter Sunday and Easter Monday has been announced by the Dongan Guild, composed of Catholic state employees.

Catherine Hafele, president of the Guild, said that the tour which departs April 3 via KLM and arrives at Amsterdam April 5, from New York, is open to all members of the Guild and members of their immediate families.

Tour members will have their first of many nights in Paris and will receive a full tour of the ancient capital, absorbing Mass on Palm Sunday, will attend the ancient and famous cathedral of Notre Dame. Following Mass, the group will depart for the sunny Riviera to stay in Nice.

From Nice, the group will travel the Italian Riviera to Pisa and then on to Rome, arriving early on Good Friday. Saturday will feature a sightseeing tour of the city that is the very seat of the Catholic world. A grand opera performance in the impressive outdoor Colosseum Theater will end the evening. Easter Sunday will be free to attend Mass either in St. Peter’s Basilica or any other of the other famous churches in the city. Easter Monday also will be free for the group to do whatever they want.

Leaving Rome, the group will head for the famed Renaissance city of Florence going by way of Assisi, where St. Francis is enshrined, and Pisa. From Florence, tour members will go to Siena, Venice where a full sightseeing program will be given, followed at night by a grand Aegean Serenade trip. The next stop will be the outskirts of Milan to visit the famous DaVinci painting "The Last Supper." Switzerland and Germany perhaps the most spectacular section of the tour. When members will ascend into the Alps to one of the most popular ski resorts in Switzerland, Lucerne. This city is located on one of Europe’s most beautiful Alpine lakes.

Travelers will then head for Germany going from Lucerne and so on to the Rhine city of Heidelberg, known long to the setting of the "Student Prince." A stepper trip up the romantic Rhine, through castles and vineyards, will take the group tour up to Cologne. From Cologne, the group leaves for Amsterdam, the Venetian of the North, where a sightseeing tour will be offered. From Amsterdam, the group leaves for New York.

Where to Apply
The complete tour price of $275 includes round trip jet transportation, all transportation in Europe; all hotel rooms, most meals, sightseeing tours, porter service and tip. The 23-day tour leaves April 5 and returns to New York April 27.

IMMEDIATELY by writing for application blanks and descriptive brochure of the tour to Catherine Hafele, N.Y.C. 668, 50 Park Place, New York 7.

CSEA To Poll Members On Co-Op Sponsorship

ALBANY, Feb. 18 — The CSEA to members in the Albany area to determine if there is sufficient membership interest to warrant sponsorship by the Association of a $2.5 million cooperative construction on the fringe of the proposed South Mall in Albany.

The poll was announced today by CSEA President Joseph F. Tierney, who said the purpose of the response to a questionnaire mailed to members in the area is to determine whether the Association would seek sponsorship of a housing project.

Construction of the 12-story, fireproof building, located on the former site of the New York State Bridge Authority's Swam Street Reservoir, was begun last week by the Chauncey Construction Co.

Valuable insights from the Co-Op sponsorship would be offered to our members at low, fixed charges. The prepayment privileges would have the benefit of low interest money provided through State sources and a tax deduction.

Legislation Topic Of Thruway Meet

POUGHKEEPSIE, Feb. 18 — Discussions centered around a 40-hour work week, overtime and holiday pay, classification, training and reclassification, certification and retirement, and whether it can be used as a substitute for the state course in county training.

The membership voted to send John L. Wozniak as their delegate to Albany for a delegates special meeting to be held at the Ten Eyck hotel March 6 and 7.
