Guaranteed Half Pay Retirement Bill For Park Police Passes

(Special to The Leader)

ALBANY, April 8—A major step in the continuing refinement of the New York State Retirement System was taken last week when the State Legislature approved a bill introduced by the Civil Service Employees regional State park police.

55-Year Plan is Re-opened

ALBANY, April 8—Employees who failed to take advantage of the last re-opening of the 55-year plan of the State Retirement System would be granted another chance under legislation approved last week by the State Legislature in the final days of 1963 session.

The measure was drafted by the Civil Service Employees Association and would re-open until March 31, 1964, right of persons to the retirement system who failed to elect the 55-year plan.

In presenting the plan was 1913, through a similar measure introduced, drafted and sponsored by CSEA View

The Association noted in introducing this year's bill that "In the past, whenever liberalization of the retirement system has been en-...ed into law, there has always been one or more re-openings to permit those who failed to take advantage of the liberalization amendment an opportunity to do so.

"The cost to the State would be the cost of the increased pension fraction to those who would avail themselves of the opportu-..ally offered by the re-opening."

The bill was sponsored by Sen. Edward J. Speno (R.-Suffolk) and Assemblyman Pres-... Huntington (R.-Suffolk), now goes to the Governor for final action.

In commenting on the bill's ap-...val, by the Legislature, a spokesman for the Employees As-...ociation said that "this measure represents a significant victory for those who are transferred or de-...ed to a lower grade position because of the abolishment of their permanent position."

The exact number of park employees amends salary re-... to seven per cent portion of em-...loyee retirement contributions.

Orders Action on Title Appeals Within 120 Days

ALBANY, April 8—The di-...ector of the State Division of Classification and Compensa-...ion would be required to make a determina-...tion within 120 days of employee request for reclassification or reallo-...cation under a bill approved last week by the Legislature.

The measure, introduced by the Civil Service Employees Assn., sets the first such time limit on deci-...ions of the Classification and Compensation director.

In urging passage of the legis-...ation, the CSEA had stated that "It is our strong belief that orderly processing of these appeals within a 120 period is most reasonable request."

Sponsors of the bill, which now goes to the Governor for final action, were Sen. Frank E. Van... (R.-Monroe) and Assemblyman Joseph C. Pintler (R.-...ayne).

ALBANY, April 8—A bill signed by Governor Rockefeller and supported by the Civil Service Employees Association amends salary re-...ictions on State employees who are transferred or de-...ed to a lower grade because of their permanent position. What The Bill Does

The measure, introduced by As-...emblyman Orin Wilcox (R.-Theresa) at the request of the State Department of Civil Serv-...e, provides that an employees who is transferred, reassigned or demoted to a lower grade position shall continue to receive in the lower grade the same salary which he would otherwise be entitled to in his abolished position. Pre-...vious employees were restricted to the same salary they were last receiving in their abolished posi-...tion.

Don't Repeat This!

(Continued from Page 1) Liberal Party members registered.
Not included, of course, are the
voters who do not align themselves
with any particular party.
The total of registered party
voters is 7,032,240.
Civil Service Percentage
At a conservative estimate there
are more than 680,000 public em-
ployees of voting age in the State
and this represents more than
10 percent of the list of reg-
istered voters reported by Mrs.
Fimmen. Figuring two votes per
civil service family (which
again is conservative since most
pollsters figure 2 1/2 votes per
family) the percentage total rises
to more than 20 percent — a
whopping one-fifth of the voting
population.

There are a number of reasons
why this "sleeping giant" of the
voting community should begin
to move toward consolidating
its strength. As an example, the
Civil Service Commission has
authorized new committees and
sub-committees to do "watch dog" job and investigate into the
operation of State depart-
ments and agencies. It is hoped
they are following a national trend toward governmental
reform in order to save money.
This operation is going to have
a direct impact on the budget.
While it is unlikely that any State
department be dismissed from
its job as a result of this continua-
tion "watch dog" operation, he must
certainly be affected by it,
regardless of his recommendation to the job could be done with less
personnel eventually (not count-
ning the cost of promotion of
automation devices) it could mean
an increase in the work load of the
employees of that branch begins
and without accompanying in-
creased compensation it would
mean that departments and agencies that have already demon-
strated their need for more em-
ployees in order to operate more
efficiently will have to do with
less.

It is hoped that other cost-
reducing recommendations, for
instance, a sub-committee investigat-
ing the operation of a certain
State department made before any
recommendation that the job could be done with less
personnel eventually (not count-
ning the cost of promotion of
automation devices) it could mean
an increase in the work load of the
employees of that branch begins
and without accompanying in-
creased compensation it would
mean that departments and agencies that have already demon-
strated their need for more em-
ployees in order to operate more
efficiently will have to do with
less.

Employee Program Effect
Economy of operation is bound
to result, sooner or later, in
money on employee programs.
This could mean that the at-
tempts of State workers to erect
themselves on all levels with their
counterparts in private industry
would be hindered by a lack of
money, and administrative reluctance
year to advance any real progress in lower and middle State executive
employees. In general, State employees—
though their major organization,
the Civil Service Employees Assn,
managed to hold their own remark-
ably well. But employees in the public service have so
little power to fend for themselves
that their only hope lies in the
major trade union which has
already demonstrated its ability to
hold its own when major goals have still not been reached.

The searches for means to save
money on State operations come
basically from the reluctance of the
Legislature and the Admin-
istration to seek increased taxes.
Public officials simply are not willing to pay the
bill for advancing public service.

There is little hope that they
will do so in the near future and
do to is underlining very emph-
atically that they are a very big
portion of that voting power. The
Legislature is worried about it.
In addition, they must demonstrate to the public the huge in-
saving in saving of tax monies will
eventually back-fire in terms of
votes if they proceed in public service through lack of
sufficient money to operate prop-
erly. It is rather the percentage
the public that it is the public that
demands they be well performed.

Need For Awakening
In the coming 18 months, Rep-
ublicans and Democrats alike

Holding One's Own
Is Not Good Enough

STATE employees will not exactly look back on the 1963 session of the State Legislature with any enthusiasm. It was the year of the so-called tight budget and economic lasso for correction and safety officers and motor vehicle inspectors. Two significant gains were the elimination of one entire State agency and vesting program and passage of a measure guaranteeing pension for police. The latter measure, coupled with a previous victory in a year of general recession, the Employees Association is justifiably disheartened.

Despite these advancements in a year of general retreat, the Employees Association is justifiably distressed with the Legislature's reluctance to concede any one of its demands, and will continue to contend that the State has definite obligations to its employees which must be fulfilled. The organization does not intend to "wait until next year," but to press for fulfillment. The battle of 1964 is already under way.

Hard Work Corrects Pension Injustice

THE hard work of the legislative committees of the Uniformed Firemen's Association and the Patrolmen's Benevolent Association has resulted in a resounding success.

Last week, on the last day of the last session of the Legislature, Governor Dewey, in his final address, signed what was described as a "bill going nowhere" in the early part of this year's legislative session. These bills provide a guaranteed half-pay retirement after 25 years of service for members of the two uniformed protective services in New York City.

This is the second year that these bills passed the Legislature. Last year the Governor vetoed them during the heavily populated public relations season, because of a claim of insufficient funds by Mayor Wagner. This bill provides that retirement benefits be based on the average of the last five years' salary instead of the average of the last five years' salary paid to the retiree.

As a firefighter in mid-town, he gathered experience among the working class areas. He started at what was then a headquarters for modern firemen respond more readily to democratic rather than law enforcement. "Firefighting Strategy and Leadership" included among the many firemen's home rule in the event a fireman is injured. The bill provides for retirement benefits based on the average of the last five years' salary paid to the retiree.

Pioneers in Protection

Just as Roentgen's invention first made possible a complete internal examination without surgery... to the STATEWIDE PLAN was the first program of protection against the costs of hospital, surgical-medical and major medical care for the employees of the State of New York.

This three-part program — Blue Cross, Blue Shield and Major Medical — offers most State employees, active or retired, the most liberal benefits at the lowest possible cost. That’s why more than 425,000 State employees and employees of many local subdivisions of New York State and their dependents are now subscribers.

If you are not a subscriber and would like all the facts on the STATEWIDE PLAN, see your payroll or personnel officer.

“The most complete contract (for medical care insurance) offered for sale in New York State is provided by the Health Insurance Plan of Greater New York.

... prepaid service benefits are the best and easiest way for most people to meet medical care costs. In reviewing scope of benefits, the standard employed was that the more complete the benefits, the better they are for the public.”

This is a quote from a recent report by the Columbia University School of Public Health and Administrative Medicine on a four-year study of New York State prepayment plans.

The findings of the report were submitted to Governor Rockefeller by the State Commissioners of Health and Insurance.
CITATION. — THE PEOPLE OF THE STATE OF NEW YORK, by the Grand Jury of King County, to the Clerk of the Surrogate's Court of the County of King, in the City of Seattle, in and for the State of Washington, to whom this shall come, GREETING:

By virtue of authority given by law, we have caused the writ of protest to be issued, and do hereby cite you, or some person or persons known or unknown, to show cause why the account of proceedings of The People of the State of New York, by the Grace of God, Free and Independent, To Alida May Vandervygh, late of New York, N.Y., deceased, should not be judicially settled.

IN TESTIMONY WHEREOF, we have caused the seal of said court to be affixed hereto and certified with our hand, and ordered to be recorded.

Given under our hand and the seal of said court at Seattle, this 24th day of March, in the year of our Lord one thousand nine hundred and sixty-three, and in the 106th year of the independence of the United States of America.

HON. S. SAMUEL Di FALCO.

616 THIRD AVENUE AT 40TH STREET, NEW YORK CITY

CALL MU. 3-3616
Mayor Robert F. Wagner has, by executive order, mandated a policy of labor relations conduct to be used in dealing with members of the New York City Police Department.

Grievance machinery, collective bargaining and other facets of labor relations are conferred upon the Police Department by the terms of the Wagner Act, which was enacted between the City of New York and Members of the Police Force of the Police Department. This edict was placed into effect on Friday, March 29 and the highpoints were reported in last week’s issue of The Leader.

In the establishment and maintenance of labor relations between the Police Department and its employees, the latter are hereby assigned a strong measure of responsibility for the fair and peaceful settlement of disputes. The Wagner Act provides that such representation of employees shall be the exclusive and mandatory labor relations agencies for the employees of the Police Force.

The complete text of the mayor’s order is printed below.

**Introduction**

Inquirers are hereby advised of the mutual needs of the City and members of the Police Force of the Police Department in the conduct of labor relations. The Police Force is a critical component in the efficient operation of the public service and to design the appropriate terms and conditions of their employment within the subjects open to collective bargaining.

**Rights of Employees**

Employees of the City of New York, acting through duly appointed representatives of their own choosing, shall have the free choice of the employment relationship, to which each employee or group of employees, as aforesaid, shall have the right to an agreement in a legal form by negotiation to establish the terms and conditions of their employment.

**Employees of the Police Force**

Employees of the Police Force of the Police Department, including those who have joined the police force during the terms of the terms and conditions of their employment, including those who have joined the police force during the

**The term "organization" as used in this order shall mean and be limited to an organization recognized by the Police Department to be the recognized representative of the employees in a grouping of employees of the Police Force of the Police Department.

**The term "employee" as used in this order shall mean and be limited to an employee of the Police Force of the Police Department, and any other employee of the Police Force of the Police Department who is covered by this order as a member of a grouping of employees of the Police Force of the Police Department.**

Accordingly, this Order is hereby issued which shall constitute a statement of the Wagner Act for the Police Force of the Police Department, and shall be to further and promote the establishment and maintenance of labor relations in accordance with the provisions of the Wagner Act.

**Experience**

Experience has indicated that labor disputes between the City and members of the Police Force of the Police Department are common, and that effective operation of the mutual needs of the City and the Police Force is of the highest importance to the public interest, shall be safeguarded, by permitting such employees to negotiate for and enter into agreements in accordance with the Wagner Act, as hereinafter set forth, through procedures established and chosen by them.

**Employees of the Police Force**

Employees of the Police Force of the Police Department shall be free to choose the mutual needs of the City and members of the Police Force of the Police Department in the conduct of labor relations. Such employees shall be free to choose the mutual needs of the City and members of the Police Force of the Police Department in the conduct of labor relations.

The text contains various advertisements and notices regarding civil service coaching for exams. It includes details about the services offered, registration dates, and costs for different classes. The text is a mix of advertisements and instructional content, aimed at preparing individuals for civil service exams. The document is not a novel or a complete story, but rather a collection of information and guidance for those interested in civil service preparation. There is also a mention of a high school equivalency diploma, which is relevant for students seeking to improve their educational qualifications.

Vesting Bill

(Continued from Page 1)

This bill gives those in the more expensive and more beneficial 55-year plan the right to that benefit of the general public.

Workshop

(Continued from Page 1)

In memoranda accompanying their measure, the Civil Service Em- ployees Association said that "since most State employees are members of the 55-year plan, it seems most hospital that they should be paid under the vesting statute if they all belonged to the 60-year plan."
