Onondaga Aides Facing Longer Hours, Less Help

(From Leader Correspondent)

SYRACUSE, May 20—Onondaga County employees face longer hours at the same pay—and possibly a cut in personnel—next year.

County Executive John H. Mulroy recently told a closed-door meeting of Republican supervisors that the 1964 county costs can be cut.

And one of the ways of reducing the expected budget, he said, is by lengthening the work week of employees from 31 1/2 hours to 32 hours, freeing job vacancies, abolishing unnecessary jobs and rearranging personnel structure.

County employees now work from 4:30 to 4:30 p.m. five days a week. Lunch periods and other breaks reduce their actual work time to 31 1/2 hours weekly. They also have a three-day sick leave of one day for each month worked, and three days off each year for "personal reasons," which does not count against their sick leave.

Only Cutting Area

Mulroy said that the area of personnel is the only place the budget can be cut. Increasing the work and other personnel charges would raise the county an estimated $200,000 annually, he said.

Personnel accounts for $114,000, or 36.7 per cent of the estimated 1964 budget, he said.

Mulroy also feels that "it is more efficient to work our personnel for longer hours than to add new positions to get the work done."

It was also said that if county workers are paid more for longer hours, the immediate effect on the budget also would mean an increase. However, in the long run higher pay for longer hours could lower the budget.

Reallocation Appeals Of Park Police Denied

ALBANY, May 20—A request for reallocation of traffic and park officers and park sergeants from grade 12 to grade 14 and park sergeants, grade 15 to grade 17.

The reallocation appeal was denied, in part, on salaries paid to police officers by other governmental jurisdictions in the Long Island State Park Commission has been denied by the State Division of Classification and Compensation.

This request, which was approved by the Civil Service Employees Assn., asked for the reallocation of traffic and park officers from grade 12 to grade 14 and park sergeants, grade 15 to grade 17.

CSEA Nominations Are Due June 5

All chapters of the Civil Service Employees Association are urged to send nominations for either State office or departmental representatives to the CSEA Nominating Committee, 88 Flk Street, Albany, before June 5.

The committee will meet next week and elect Mrs. Mildred O. Meskll its chairman. Mrs. Meskll was chosen secretary. Mrs. Meskll asked nominations be mailed early enough to be considered at the June 6 meeting of the committee.

CSEA Joins Range Fight For Reclassifications

ALBANY, May 20—The Civil Service Employees Assn. last week joined the Department of Conservation in its appeal of a denial by the Division of Compensation and Classification for reallocation of forest and district ranges.

The reallocation request, turned down last February by the Division, asked for a six-grade statement, signified by Association President Joseph F. Felli supporting his request.

Call Denial 'Inequity'

In the statement, Felli said "we feel that the decision rendered by the Director of Classification and Compensation ... represents a gross inequity. We feel that the contents of the Director of Classification and Compensation report are quite equitable.

CSEA Joins Range Fight

For Reclassifications

ALBANY, May 20—Representatives of the Civil Service Employees Assn. and the State Division of the Budget were to meet today in order for CSEA officials to obtain full information on the impact of Governor Rockefeller's vacancy freeze order on State department and agency heads.

Joseph F. Felli, CSEA president, said the meeting was requested not only for details of the temporary freeze on new job-hiring but also to determine whether or not any proposed long range plan in this area will have an adverse effect on personnel currently employed.

Felli noted that the freeze order, issued by Budget Director T. Norman Hurst with the authorization of the Governor, would be lifted following review and approval by Budget of proposed plans by each State department for coverage of necessary public services without filling new vacant positions.

The title of school crossing guard has been replaced by the New York City Department of Personnel until May 24. The positions are available through the auspices of the New York City Police Department's School Crossing Bureau. These vacancies are expected for the remainder of the school year.

There are several positions open now, including positions for five days sick leave, five days vacation leave, and five days holiday pay. Successful candidates who are hired will receive a minimum of one-year of service.

School crossing guards are responsible for protecting children at designated traffic spots. The work is part-time during a five-day basis for the duration of the school term. An average day involves an hour of duty in the morning and in the afternoon, with a two-hour tour at noon.

Walk To Work

It is desirable that guards live no further than one-third of a mile from their assigned crossings, since duties require them to commute from home three times a day. Successful candidates for these positions will receive a training course at the Police Academy prior to a regular assignment.

Applications must be U.S. citizens between the ages of 25 and 50. Female candidates may not be less than 5 feet 1 inch tall; males not less than 5 1/2 feet tall. Weight should not be abnormally out of proportion to height. Other prerequisites are good hearing, a grammar school diploma or the equivalent.

APPLICATIONS ACCEPTED:

Applications are accepted through the New York City Police Department School Crossing Bureau. Applications must be submitted by the deadline of May 24.

CHILDREN'S CAMP

Applications are also accepted for positions as camp counselors. Successful candidates will receive training and employment opportunities.

For more information, please contact the New York City Police Department School Crossing Bureau at 212-630-7000.
At Sing Sing Meeting:

Second Postmortem Reported on Correction Officer Suit

A court action attempting to force State Budget Director T. Norman Herd to declare his reasons for rejecting an upwarding of State Correction Dept. officers has been postponed a second time, according to James O. Anderson, president of Sing Sing chapter, Civil Service Employees Association.

Anderson said the delay was reported by Frank Leonard of Sing Sing chapter, who instituted the suit. Correction officers had their formal appeal rejected by J. R. Kelly, director of the State Division of Classification and Compensation. The State Civil Service Commission then approved a raise in grade from 12 to 13. It was the latter action that was turned down by the Division of Budget.

Correction Dept. personnel and other State employees who wish to contribute to the legal fund necessary for the court action are asked to send whatever amount they can to P.O. Box 21, Ossining, N.Y.

Resolutions Set

Anderson announced also that the chapter has completed action on the resolutions it wished to present to the Convention to be held June 19 and 20 and acted on other resolutions that were presented at an annual meeting of the Employees Association in October.

Robert Cole, chairman of the chapter nominating committee, presented a slate to chapter delegates deemed a winner by an overwhelming re-election as president; Fred Butler and Raymond Hudson, vice president; Robert A. Williams, secretary; Donald L. Dobstaff, treasurer; Robert Cole and Wayne Hammond, second vice president, and Frank Leonard, delegate.

The chapter will enter a float in the 125th anniversary of Ossining on May 23. Members are asked to march in the parade in uniform, minus blouses.

CSEA Meets On State Job Freeze

(Continued from Page 1)

Foley said that "serious concern to be given to all facets of the economy before the blunder of an economy move is forced on the shoulders of State employees. We are as much for economy in government as anyone else," Foley said, and "we would seriously question any attempted economy that is proposed at the expense of State workers, because they happen to be most vulnerable."

In referring to an order by the Governor for individual departmental plans on "position vacancy control," in which the Governor appointed committees and agency heads that "you may assure all present employees that their rights and interests will be fully protected," Foley said the Employees Association assumed that this meant all phases of the vacancy control plans, including work that the Governor was doing without reimbursement, denial of vacation periods, etc.

The question of the grievance appeal on all hiring came on the heels of a Rockefeller in which he promised department and agency heads to show them how they might cut five percent from their state-purposes spending.

Shapiro Named Pres. Of N.Y.C. Chapter At May Meeting

The New York City chapter of the Civil Service Employees Association has recently elected Seymour Shapiro, president, for the coming year.

Pension Increase Funds Approved

More than 600,000 supplemental checks will be mailed to Federal retirees by the middle of June. The checks will cover the increases in annuities granted by Public Law 81-793, which was effective January 1, 1963.

Even though these increases were approved last October, they could not be paid until the Congress appropriated $30,000,000 to cover the cost. This money was appropriated last Wednesday.

The majority of the supplemental checks will cover the five percent annuity increase accrued for the months of January, February, March, April, and May to retirees after 30 years of service and by Senator Pong (Hawaii) permitting retirement at any age after 30 years of service, were opposed by Civil Service Chairman John M. Macy last week.

Macy contended that these bills were unnecessary since the present system is sufficient. He explained further that he did not believe these measures were in the public interest.

Johnston, on the other hand, maintained that more liberal retirement policies are inevitable. Employee leaders present at these Senate subcommittee hearings were highly in favor of both of the bills.

**LETTER TO THE EDITOR**

The Editors,

This week’s Civil Service List

Job Assurance Means More Than No Job Loss

A professional organization that represents firemen has called for the firing of a firefighter who refused to work.--Mr. Carr, 42, a member of the organization, says the firing is unjustified because the firefighter was merely exercising his right to refuse to work.

**Your Public Relations IQ**

By LEO J. MARGOLIN

(Mr. Margolin is Adjunct Professor of Public Relations in the New York University School of Public Administration and is Vice President, Public Relations, of A. J. Armstrong Co., Inc.)

---

**Firefighter’s Words Tragically Portrayed**

“Tragically portrayed” are the words of one of the members of the Union of Firemen’s Association in New York City. In a sliding scale of recognition for the work of firefighters, the association’s comments freighted the word “tragically” with an emotional weight that belies the fact that what firefighters do is actually a job. It’s not that they’re in the same boat as other workers. They’re in the same boat as all workers.

---

**Your Public Relations IQ**

Admit The Error

**Admit A GOOF promptly and honestly and become a hero!**

This is a unique and laudable method of achieving good public relations. It also has the additional advantage of transforming a prospective goat into a courageous human being.

You don't have to be a lawyer or an accountant — to use H.I.P.

H.I.P. provides prepaid medical services — not cash payments toward doctor bills.

In the H.I.P. program for civil service employees there is no need to study the policy line by line to see what is and what is not covered. There are no fee schedules and no claim forms. There is no need to worry over insufficient cash allowances. There is no need to "share" additional charges through deductibles and co-insurance. There is no need to accumulate and total up medical bills in order to prove you have exceeded a deductible. There is no need to discuss your family income with the doctor. You don't have to watch for limitations on number of services and on kinds of services (such as specialist care).

And in H.I.P. you also have the satisfaction of knowing that each medical group physician provides only the services for which he has been specially trained.
City Offers 17 Titles On Continuous Basis

Applications are being accepted on a continuous basis for positions in 17 different titles offered by the New York City Personnel Department. The examinations, held on an open-competitive basis, are for jobs in various positions and locations. Suburban Living Has Resulted From Lyon's Law Repeal

A burst of enthusiasm for suburban living in the areas bordering New York has resulted from the repeal of the Lyons Law affecting most City employees. From Shirley, Long Island, some reports that the one-quarter acre plots being offered at $1,200 have evoked a great many weekend visitors. Some civil service employees talk of summer cottages at prices ranging from $4,000 up to take advantage of the nearby beaches. To accommodate middle-income employees, provision for purchasing of lots can be made for as little as $100 down.

GENERAL ELECTRIC

Cordless AUTOMATIC TOOTHBRUSH

GIVES CLEANER TEETH than handbrushing — plus healthful care of the gums — automatically. Most people do not brush well enough or use enough strokes for really thorough cleaning. The General Electric Toothbrush has answered these problems with a built-in brushing action that cleans the teeth and refreshes the gums. So pleasant children will use it, so effective everyone should.

TRY IT for 10 days...

If you are not completely satisfied, we will refund your purchase price. Comes in a family package which includes a safe, cordless battery powered handle that automatically recharges in the holder. Four snap-in personal brushes.

GIVE THE GENERAL ELECTRIC AUTOMATIC TOOTHBRUSH WHAT'S NEW FROM GENERAL ELECTRIC

...The Modern Answer to Cleaner Teeth and Healthful Care of the Gums

The General Electric Automatic Toothbrush is the most effective toothbrush ever designed for use in the home. Makes teeth look and feel cleaner and what's more important, they will be cleaner through its scientifically developed brushing action.

The G-E Toothbrush comes in a family package which includes a safe, cordless battery-powered handle, four snap-in brushes in pastel colors and a holder that automatically recharges the handle. Children will love the pleasant tingling sensation and Mom will love you for making brushing a happy occasion for the entire family.

Law Suit, Other Topics

PETER CHEMA, brother of Steve Cheama, a Correction Officer at Sing Sing has been appointed by Governor Rocke-feller as a member of the State Commission of Correction. Quite a group from Sing Sing is attending the testimonial dinner-dance at the Westchester Town House on May 26 in his honor.

THE ATTORNEY General has now requested a second postponement in the Correction Officer’s action against the Budget Director’s office in relation to their reallocation de-nial.

FRANK LEONARD and Albert Foster want to express their thanks for the contributions received so far at P.O. Box 290, Oshing, New York, not only from Correction Offi-cers but from employees in other departments who feel this action is in their interest.

THE CSEA has appealed directly to Governor Rocke-feller “to intercede on behalf of thousands of State em-ployees whose rights to earn overtime credits have been ar-bitrarily and unfairly annulled, under the new overtime rules promulgated by the (State) Division of the Budget.” CSEA has predicted that failure of the Administration to act against the rules as presently constituted, would bring a rash of grievances and possible court actions. Could one of the real reasons be that since the passage of the law granting the payment of accumulated overtime up to six weeks salary in each, open death or retirement? Prior to this law, any accumulated overtime under above conditions was money in the till for departmental budgets.

AURBURN PRISON will lose about half of its licence plate charge this fiscal year when the first computation was put into effect.

DOWN THE DRAIN along with many other items in the Budget was the construction of a new 1,500 capacity State prison and the removal and enlargement of the Elmira Receiving Center to a location closer to New York City, as most offenders committed to the Center are from this area. According to the FBI arrest from major crimes rose about 16% last year and expected to rise more this year. Maybe they nevve prefabricated prisons which can be constructed in 48 hours when the necessity arises.

To keep the records straight, the pending court action against the Budget Director and spearheaded by Foster and Leonard of the Correction Conference has the financial sup-port of uniform personnel throughout the department. No one organization is seeking glory. It’s strictly a unified at-tempt to secure justice.

A DISMISSAL of a New Jersey Correction Officer was upheld by their Civil Service Commission. They stated, “he failed to qualify with a pistol, riot gun or machine gun.” The officer also denied a charge that he lacked aggressiveness, stating he is “a rather easy going fellow who surveys a situation until he concludes in his mind, just what factors are involved before he takes action.” The Commission replied “in prison work an officer must take action immediately and be decisive in order to prevent possible disturbance at its very inception.”

What other branch level positions in state service expect their employees to make such immediate and decisive decisions. A very good point in the new application for reallocation.

ALBANY, May 20.—A goal of 600 Civil Service Employees Assn. chapter members was set by Agriculture and Mar-kets. Present membership of the chapter is 430, highest ever.

Chapter President Russell J. Kildiadian announced the goal when he took the oath of office for his second two-year term. A & M officials, all re-elected to succeed themselves, were installed at the annual meeting May 9. The meeting and dinner-dance took place at the Petit Paris res-taurant in Albany. Installation ceremonies were conducted by William F. Kehlen, Department representative on the Board of Directors.

Other officers beginning their second terms are Helen Kehlen, vice president; Dorothy VanDer-ree, secretary; Marion Ford, treas-urer. Newly elected delegates for CSEA and Conference representa-tions are Betty Nager, Dorothy VanDeree and Burton Budd with Edgar Troble as alternate. The president is automatically a dele-gate.

Kildiadian thanked the commit-tee which has worked with him the last two years and said he is confident the goal of 600 can be obtained by the end of the year if men have been declared eligible for A & M chapter membership.
