3,500 To Be Affected

Salary Schedule And
Reclassification Set
For Monroe County

(From Leader Correspondent)

ROCHESTER, June 17—Paying raises for some 3,500 county employees will average about five percent if, as expected, they are approved by the board of supervisors of Monroe County at its July first meeting. A new job classification and salary schedule costing about $400,000 for the remainder of 1963 would become effective July 2. The supervisor's salaries either. Both will be conducted for members of the Civil Service Employees Association.

Separate semi-final competitions will be held in each of the Association's five conference locations across the state. Three finalists from each conference will be sent to Syracuse for grand finals and the first and second place winners will be awarded $300. The tour will leave from Idlewild on Friday and the total cost for the tour is $800 plus taxes.

Budget Assures Correction Uniforms

ALBANY, June 17—The State Division of Budget has assured the Civil Service Employees Association that rules relating to uniform allowances for correction officers will be issued within a short time, the Leader learned at press time.

The Association had protested to the fiscal agency which "an undue delay in the promulgation of the rules." The Association, since winning the approval in the 1963 State budget, has pressed for prompt action concerning this matter. The appropriation covers correction officers and some other State employees required to wear distinctive uniforms.

the public saw was a man stand-

bosses, a man fighting for good
government without undue poli-
tical influence.

The public took up Wagner's
case, as did most of the daily
papers. Wagner emerged. The

President's strongest backers in
the House of Representatives. From
then on, he believed that Kennedy
deserved Buckely in favor of
Wagner over a matter of local

his efforts to the settlement of the
season, painful and costly never-
theless, the most striking of the
earlier this year. The
publishers continually impress this
friendship and support on Miller's

The Public Employee

By Joseph F. Feily

AFSCME Action Questioned

Two separate, yet related, incidents dealing with the same subjects, unions in public service have prompted me to write this column. The public employees' worries are over. Dr. Zander also cited union contracts in the cities of Philadelphia and New York State—and rightly so, CSEA feels. Another tool which has held that vacancies in the ranks may be filled from existing Civil Service eligibility lists. The chief said the transfers were for the benefit of the public and the employee, and to be their exclusive bargaining agent. The same point, that the so-called union contract is the end-all and that the union sit down at the bargaining table and work out a contract covering salaries, hours, work load, etc.

Cities Examples

Dr. Zander, at his appearance in Albany, stressed the same point, that the so-called union contract is the end-all panacea for public employees and implied that once a contract is achieved, the public employer's worries are over. Dr. Zander also cited union contracts in the cities of Philadelphia and New York, the State of Rhode Island and elsewhere as good examples of what can be achieved under such arrangements between an employee union and the employer in public service.

Frankly, I and my fellow members in the Civil Service Employees Association are appalled at what the union is attempting to sell the unsuspecting employee and the public in general.

Use of Strike

Let's take a closer look at the two incidents described and see what they really amount to. First, collective bargaining for public employees does not and cannot work the same as it does for employees of private industry. What the union neglects to mention is that the essential tool in executing collective bargaining in private industry is the strike, the very threat of which carries with it the fear of loss of profits to the employer through prolonged work stoppages, and which is expressly forbidden to public employees in New York State—and rightly so, CSEA feels. Another tool which makes collective bargaining in private industry is the Taft-Hartley Act which, among other things, holds both the employee and the employer bargaining in good faith. The provisions of this law do not extend to public employment. If the union does not realize this—and we're sure they do—they are doing a gross disservice to their members and to the public.

No Secret Ballot

Second, the union evidently does not practice what it preaches, or it would not say that "the employees in a certain agency, department or institution hold a secret ballot election and choose an employee organization to be their exclusive bargaining agent. Following this, the department heads and the union sit down at the bargaining table and work out a contract covering salaries, hours, work load, etc." Should be exposed for what it actually amounts to, a sell-out of employee rights to gain nothing more than quotas.

Where to Apply for Public Jobs

The following directions tell where to apply for public jobs and how to reach destinations in New York City on the transit system.

NEW YORK CITY—The Applications Section of the New York City Department of Personnel is located near the No. 6 Subway at 166 Duane St., New York 7, N. Y. (Manhattan). It is two blocks north of City Hall, west of Broadway, across from the Leader office.

Hours are 9 A.M. to 4 P.M. Monday to Friday, and 9 A.M. to 12 noon Saturdays from 9 to 12 noon. Telephone Central 7-8889.

Mail requests for application blanks must include a stamped, self-addressed business-size envelope and must be received at the Personnel Department at least five days before the closing date for the filing of applications.

Completed application forms which are filed by mail must be postmarked no later than twelve o'clock midnight on the day following the last day of receipt of applications.

The Applications Section of the Personnel Department is near the Chambers Street stop of the main subway lines that run through the area. These are the IRT 7th Avenue Line and the IND 9th Avenue Line. The IRT Lexington Avenue Line stop is near the Brooklyn Bridge stop and the BMT Brighton local's stop is City Hall Bridge stop. Both lines have exits to Duane Street, one block from the Personnel Department.

STATE — First floor at Times Square, Broadway, New York 7, N. Y. At the corner of Chambers St., telephone Broadway 7-1616; Government Building, E. Smith State Office Building and The State Campus, Albany: State Office Building, Buffalo: State Office Building, Syracuse; and 500 Midtown Tower, Rochester (Wednesday only).

Any of these addresses may be used for jobs with the State. The State's New York City Office is in two blocks south on Broadway from the City Personnel Department entrance, so the same transportation instructions apply. Mailed applications need not include return envelopes.

Candidates may obtain applications for State jobs from local offices of the New York State Employment Service.

FEDERAL—Second U.S. Civil Service Region Office, News Building, 220 First Street (at 2nd Ave.), New York 17, N. Y., just west of the United Nations building. The IRT Lexington Ave. Line to Grand Central and two blocks south, or take the shuttle from Times Square to Grand Central or the IND 9th Avenue Line at the 9th Avenue station, two blocks south of the Grand Central stop.

Hours are 8:30 a.m. to 5 p.m. Monday through Friday. Telephone number is YU 6-2626. Applications are also obtainable at main post offices, except the New York, N. Y. Post Office. Board of examiners at the particular installations offering the tests also apply to be participated in further instruction and application forms. No return envelopes are required with mailed requests for application forms.

Federal Administrative Internship Program In Experimental Stage

Administrative interns in the experimental program to attract outstanding college students to positions in the Federal service have been appointed, according to an announcement by Dr. Martin B. Dworick, professor of public administration at New York University and chairman of the board of directors of the Federal-College Internship Program. The internships are financed by a grant from the Ford Foundation to the Board of Higher Education of the City University of New York and are under the sponsorship of the College-Federal Internship Council.

The appointments have been made in the states of New York and New Jersey, which are the areas from which applications have been solicited. The interns will be selected from twenty-three colleges and universities.

Twenty-five students in colleges in the states of New York and New Jersey have been selected by the board. The twenty-five appointments are to be filled from twenty-three colleges and universities.

The twenty-five federal installations in the two states will share the interns between them. Four of the interns will be split among the two agencies that will consequently be placed at two agencies each.

Under the terms of the Ford Foundation grant, each intern receives a scholarship stipend of $250 for up to eight weeks duration. This payment will be in addition to any scholarships or fellowships the student may be receiving. The stipend is to be used for living expenses.

The program will enable these young men and women, who are majoring in the social sciences in college, to see the Federal service as a potential career. They will be encouraged to take the Federal Service Entrance Examination and will be given opportunities to compete for positions if they pass the examination and are offered appointments.

One Answer For Three Problems?

SUMMER employment for youth is a perennial problem. Educators, parents, sociologists and criminologists deplore the fact that it is becoming increasingly more difficult to find positions for these between-term students who are eager to find permanent positions in civil service. Annually, the City, State and Federal governments complain: "We just cannot find qualified young people to fill our positions." Could it be that there is a common solution to both problems?

Surely, the government agencies have positions available for summer replacements in the lower ranks of civil service. A third problem—the problem of enabling young people to fill permanent positions in civil service. Annually, the City, State and Federal governments complain: "We just cannot find qualified young people to fill our jobs." Could it be that there is a common solution to both problems?

Every working person remembers his first job. When the student returns to school after a summer employment, the summer system, he, too, will remember his first job and possible strive towards making civil service his future career. The cost of such a program could be written off through the savings in the turnover of permanent employees who have to "pick it in" when a fellow employee is on vacation leave—and would be solved by such an employment practice.

If you are in the area, public or private, would be most happy to give entrance examinations to their students who are interested in such employment. By doing so, the schools would be fulfilling another facet in the education of the student—that of preparing him to meet the world of business.

The following Is a copy of a letter from Judge Louisa L. Kaplan, commissioner of the Department of Investigation, concerning a recent column in the World-Telegram and Sun, discussing "racketeers" in the civil service system. The Editors of the World-Telegram and the Sun: In the recent column you refer to, and we remain convinced that our report was challenge your statement that no more data on the promotion of a symbol is emotional and expresses an associative mental concept. "A symbol may be defined as a sign or indirect mark which, by being associated with something else, gives rise to some idea of it over.

"My cleaning woman works for me every other Thursday. Do I have to pay social security tax for her?"

If you pay your cleaning woman $50 or more in a calendar quarter, you must report the wages and pay the appropriate tax to the Social Security Administration. The report for the quarter ending December 31, 1963, must be made by March 31, 1964. For further information, write to the Office of Director of Internal Revenue.

"I am a widow and will be 62 in a few months. When my husband died, I was paid the lump sum death payment. What will I need to do to get benefits now?"

Your social security office will provide the forms needed to establish your own status. You will be given to your husband when he filed his claim.

Retired Federal Employees Advised On yet's Disability

Retired Federal employees and survivors who are receiving non-service-connected disability pensions from the Veterans Administration were advised recently to check their income figures for

necessary because of the increase in Federal premium that is being paid this month. Adjustments in their income may have to be made in order that they may continue their eligibility to receive the VA pension by keeping their total income within the limits prescribed by law.

Retired veterans, widows, and other next of kin who receive both the Federal retirement benefits and VA pensions should visit the New York City Division of Veterans Affairs to discuss the matters thoroughly.

The New York City Division of Veterans Affairs is located at 300 West 43rd Street, corner of Eighth Ave., Manhattan, and is open Monday through Friday from 9 a.m. to 5 p.m.

Extend Expiration Of Prom. Lists

ALBANY, June 17—The Civil Service Employees Association has issued an extension of all State promotion lists which are about to expire and which because of the freeze on promotions, might be detrimental to employees where appointments have been delayed.

CSSEA representatives made the request to the State Civil Service Commission and representatives of the Civil Service Department at the Commission's regular monthly meeting here.

The Association earlier had requested State departments and agencies, where freeze upon promotions is in effect, to make similar requests to both the Commission and Civil Service Department.

The Commission stated that they would take the recommendations under consideration.

Montauk Yacht Club Invites Civil Servants To Have "Sun and Fun"

Civil service employees from New York State, New York City and other municipalities have been invited to visit Montauk Yacht Club, one of the oldest and most exclusive "sun and fun resorts" in the world, which opens on Friday, June 21.

This is the first season that the club will be open to non-sea-son members.

Bernard Ward, club manager, said a limited number of rooms and club facilities will be made available to the public although members will continue to enjoy certain privileges reserved for them.

The club is in safe sheltered waters just inside an inlet leading to the Atlantic Ocean and has mooring facilities for more than 2,000 vessels, ranging from small pleasure craft to ocean-going yachts. Although it is still known as Montauk "Lake" because it actually was a huge fresh-water lake before a breakthrough to the ocean was completed, it has an abundance of fish, scallops, clams, oysters and other marine life.

Ward said the new public policy was being kept as a secret until club plans to operate on a year-around basis.

In addition, he said, plans for extensive expansion are being made for the club. These will include a small-boat marina and construction of more than 100 additional rooms. The new construction is expected to be completed by the spring of 1964 on 16 acres of adjacent land which was recently acquired.

In addition to swimming, boating, water-skiing and fishing, the club has cabins and golf cartage, sailing and charter boats available for visitors.

The public will be welcomed to make use of the various dining and bar facilities of the club.

For further information interested persons may call the club at 516-MO 8-2121.

Taxation And Finance Department Receives Personnel Council Award For Excellent Management Work

ALBANY, June 17.—The New York State Personnel Council's annual award for excellence in a personnel management activity has been presented to the Department of Taxation and Finance by Governor Rockefeller.

The ceremony took place at a luncheon meeting of the Personnel Council, held at the Manger DeWitt Clinton. Accepting the award were Tax Commissioner Joseph H. Murphy and John J. Denn, director of Personnel for Taxation and Finance.

The award, in the form of a hand illuminated scroll, honors the Department of Taxation and Finance personnel office "for the excellence of its personnel administration program and its contributions to public service in New York State."

Selection of the Department of Taxation and Finance personnel office was based on its work in employee staff development, covering such efforts as: a continuing management, staff inventory, management appraisal, and management training consisting of staff development seminars, district tax supervisory organization courses, renewal of income tax examiners, and data processing training.

The committee which selected the award-winner personnel program is composed of: Raymond Breimer, personnel director, Albany Medical Center Hospital; Raymond C. Dummer, assistant vice-president for personnel, National Commercial Bank and Trust Company; and James Watson, executive director and National director, National Civil Service League.

Installation

The luncheon meeting also witnessed the installation of a new chairman and executive committee member of the State Personnel Council.

Dr. David S. Price, outgoing council chairman and assistant vice-president for personnel, St. Lawrenson University, announced the election of John H. Blueden, director of New York City General Service, as council chairman, and William Lavington, director of personnel, State Education Department, as a member of the executive committee.

The Personnel Council comprises the directors of personnel of all departments and agencies of State government.

New York State Will Hold Annual Dinner

NEWARK, June 17.—The social committee at Newark State School is making plans for their annual dinner at which they will honor the retired employees on June 23rd at 5:30 p.m. Twenty-one officers have retired the past year and will be present, along with the president of the alumni association, secretary, Marilyn G────────── and Loretta Connolly and recording secretary, Jack Edilkia and Mary Brady.

Tickets for the dinner-dance are $3.50. Mrs. Mary Gormley is social chairman.

Suffolk Chapter Meets With Griffin To Discuss Pay Boost, Health Plan

BUFFALO, June 17.—Buffalo Chapter CSEA will install 1932-44 officers June 19 at a dinner dance in the Sheraton Motor Inn.

Cocktails will be served at 5:30 p.m., and dinner, an hour later. Buffalo Park Commissioner Albert C. Killian fifth CSEA vice-president, will be the installing officer.

A ballot mailed to all members by the nominating committee includes this date of officers: President, John Hennessy; first vice-president, Mary Gormley and Mrs. John Kavanagh; second vice-president, Mary Cavanell and Robert Jones; treasurer, James Macrata and Louis Mr. and secretary, Marilyn Gormley and Loretta Connolly and recording secretary, Jack Edilkia and Mary Brady.

Tickets for the dinner-dance are $3.50. Mrs. Mary Gormley is social chairman.

of not only members of the board of directors but also of all officers of the various CSEA units in the County.

Questions and Answers

The chapter meeting will take the form of a question and answer session, in which Griffin has agreed to discuss various aspects of the County's attitude toward employee problems. It will be the second meeting of its type.

The organization previously heard Suffolk County executive H. Lee Denmon.

The meeting with Griffin comes at a time when the chapter has submitted to Griffin and to Denmon its two-point 1034 program. This calls for a 10 per cent across-the-board pay increase and the adoption by the Chapter of the State health insurance plan. The Suffolk chapter is expected this year to take a militant attitude in its dealing with county officials.

Dobris said that groups of employees would be formed into committees to call upon their home town supervisors to seek their support for the CSEA requests.

Association Seeks Upgrading Of Correction Food Service Aides; Cite Additional Duties

(Special to the Leader)

ALBANY, June 17—The Civil Service Employees Association has recently submitted an appeal to the Division of Classification and Compensation of the Department of Civil Service seeking the reclassification and reallocation of cook, baker and meat cutter titles in the Department of Correction.

In filing the appeal, which was signed by food service workers at the Woodlawn Correctional Facility for the American Federation of State, County, and Municipal Employees, AFL-CIO, the CSEA cited the dual role of those workers, claiming that they have in addition to their regular duties and responsibilities, an added duty which requires them to coordinate the conduct and welfare of inmates assigned to work under them in the kitchen and dining areas.

The request calls for the following positions:

- Assistant cook, grade 5 to assistant cook (Correction), grade 8
- Assistant baker, grade 5 to assistant baker (Correction), grade 8
- Cook, grade 8 to cook (Correction), grade 11
- Baker, grade 11 to baker (Correction), grade 14
- Bread, grade 11 to bread baker (Correction), grade 14
- Meat, grade 14 to meat cutter (Correction), grade 18
- Food service manager (Correction), grade 18

Broome County Wants to Halt Dual Employment by Aides In Employees, Other Municipalities

BUFFALO, June 17—State Joseph P. Feily, president of the Association of County Supervisors, wants to eliminate the dual job status of persons who work both for the federal government and for other municipalities within the county.

Henry M. Baldwin, chairman of the Board of Supervisors, wants to make an exception in the rule for town supervisors, who by law are both town and county officers.

Baldwin said he would like to see such a prohibition included in a new county charter being studied.

Senator Frank J. Giolinski and the Civil Service Employees Association honored guests at the recent安装 dinner of the Erie County chapter at the Adam Plewacki Post.

The dinner marked the installation of the chapter officers and the new officers of all ten of the chapters in the chapter. In addition to the installation, members of the chapter were honored with March of Dimes awards.
