CSEA Bill Passes:
Legislature Restricts Budget Power On Overtime Exclusions

World's Fair Event Set
Mayor Robert Wagner Proclaims May 31 As 'Civil Service Day'

Mayor Robert F. Wagner last week paid tribute to the merit system of public service and the "devoted and able civil servants in all branches and levels of government" by proclaiming Monday, May 31, as "Civil Service Day" in New York City.

At a later ceremony at Gracie Mansion, Mayor Wagner presented his proclamation to Jerry Finkelstein, publisher, and Paul Kyr, editor, of the Leader.

May 31 is the day set aside at the World's Fair for "Civil Service Day," an event sponsored again this year by The Leader.

The text of Mayor Wagner's proclamation reads:
WHEREAS: The Merit System Act was signed in 1883 by President Chester A. Arthur and, in that same year the separate cities of New York and Brooklyn became the first municipal governments in the United States to adopt civil service laws; and
WHEREAS: The Merit System in the United States to adopt civil service laws; and

MAYOR'S TRIBUTE — Jerry Finkelstein, left, publisher, and Paul Kyr, right, editor, of The Civil Service Leader, were honored by Mayor Robert F. Wagner in a ceremony at Gracie Mansion last week when the Mayor presented them with his proclamation declaring May 31 to be officially "Civil Service Day" in New York City. On that same day, The Leader is presenting "Civil Service Day" at the World's Fair.

CSEA Recommendations Show Up in Revised Staff Report For State's Judicial Conf.

Representatives of the Civil Service Employees Assn. appeared at a Judicial Conference hearing on the revised staff report to the State Administrator concerning the classification of positions within the Unified Court System of the City of New York, held recently in the Civil Court Building in New York City.

Speaking on behalf of CSEA members employed by the Judiciary in the Unified Court System of the City of New York were: John C. Rice, assistant counsel, of CSEA, and William L. Bloom, director of research. In addition, William Berman, a member of

CSEA New York City chapter employed by Kings County Supreme Court, also made a presentation on behalf of the Judiciary in Kings County. Also in attendance was William Sullivan, representing Judicial employees on the CSEA Board of Directors. Rice and Bloom indicated CSEA's (Continued on Page 16)

Other CSEA Measures Make Major Advances

ALBANY, April 19—The Legislature last week passed and sent to Governor Rockefeller a bill sponsored by the Civil Service Employees Assn. that would remove the authority of the Budget Director to exclude employees from compensation for overtime work.

Other major CSEA legislation was advanced last week as the Legislature adjourned for religious holiday observances.

Chief among these measures were bills that would provide job protection for State employees in the non-competitive class; provide a 40-hour work week for Barge Canal employees; and give salary protection to employees of political subdivisions whose jobs are abolished because of automation.

The overtime bill, sponsored by Sen. Thomas A. Duffy (D-Queens) and Assemblyman J. Lewis Fox (D-Queens), passed both houses of the Legislature and amends the Civil Service Law governing the Budget Director's right to remove employees from provisions requiring compensation for overtime work. The bill empowers the Budget Director to make any changes in the provisions of the Civil Service Law that would give full recognition to the value means to prevent the conditions that cause "the present law has neither consideration. At the same time, The Leader learned that CSEA was (Continued on Page 16)

Condon-Wadlin Hearing Is a Quiet Affair

ALBANY, April 19—Several employee organization spokesmen, including one for the Civil Service Employees Assn., within the provisions of the law and found they all had one thing in common — none of them who opposed the CSEA of overtime workers from compensation for overtime work. — — —

ALBANY, April 18—Several employee organization spokesmen, including one for the Civil Service Employees Assn., appeared before the Assembly Ways & Means Committee hearing on the revised staff report to the Civil Service Employees Assn. last week appealed to the Civil Service Commission to upgrade three titles in the barge canal area of the Department of Labor.

Peity's request was made during a hearing conducted by the Commission to hear arguments on CSEA's realignment request to the Civil Service Commission after it was denied by the Division of Classification and Compensation of the Department of Civil Service.

Peity said: "We strongly urge the Civil Service Commission to give full recognition to the value of three positions to the public service."

Seeking Benefits Boost

Cayuga Chapter Proposes
8-Pt Program For Auburn

(From Leader Correspondent)

AUBURN, April 19 — Cayuga Civil Service Employees Assn. has proposed an eight-point program for boosting pay of Auburn City workers, increasing the City's contribution to retirement payments and broadening employee's vacation, sick leave and hospitalization benefits.

The program, presented to City Manager Oliver S. Taylor by chapter president Spencer Pat and other State officers.

1. Modification of the City's existing salary schedule so all employees will be given a 10 percent payment of hospitalization cost by the City is the "boots" part of the program. "It is currently in private industry for the employee to provide his own medical care. What we are aiming to do is step ahead of the negotiated new State taxes."

Also known as "with the economical atmosphere in the rise in the Auburn area, it is felt that it is only fair and reasonable that governmental wages and salaries should keep pace with private industry."

2. The requested changes in the vacation and sick leave plan will mean new employees 13 days of vacation during the first year of employment, and a maximum of 20 days after 10 years.

Increased Leave

The chapter also recommended increased sick leave with pay, or 10 days, or 15 days on a basis of one day's pay for 75 percent of the employee's 150 days of accumulated leave. The Chapter said that a 120-day period of vacation in the States would enable "the employee to have time from the job when necessary to conduct personal business of a non-medical nature, or to observe religious holidays, or to participate in any special event with one's religious faith."

On the vacation changes, the chapter president told Klawans that more than one person may appear with an aggrieved employee during the presentation of his appeal before the Board. "It would mean a substantial increase in the present Board," she said. "It would be a great advantage to the aggrieved employee," she said. "It would enable him to lose any vacation time that he may be called by the employer to give testimony." "It would prove disadvantageous" to the aggrieved employee, and suggested that the employee be allowed to have more than one representative. If its request, which the chapter president said, "it would be 'good practice,' that an aggrieved employee had others present in a cumulative capacity."

In reply to the CSEA request, the chapter president told Klawans that it has "no objection to the request but that it is a minor one."

On the overtime request, the chapter president said, "the overtime can be imposed if an employee is not a personal assistant of a prison guard or prison guard."

"Overtime Pay"

Our time request, the chapter president said, "that it has been established that an employee princi- pally to receive pay based on his hourly wage as computed by the recovery insurance for hours in overtime."

The State operated in this method and we requested this method be adopted."

Now, City employees receive a weekly facility time off for overtime.

Carroll H. East, executive secretary of Cayuga chapter, Edward Maro, delegate, and Louis Shaw, a member, accompanied Sperr at the letter was given Taylor. The City manager said he is continuing the revision of the plant and adopted the program.

The chapter president asked the Administration to consider the plans and rejected the plans. "It is of the utmost importance to the State and the City after comparing the plans, techniques and principles of either State and City."

"It would be interesting in the views of employees and am glad that they submitted them at this time."
Hayes Bill Would Allow Transfer Of Employees To Foreign Service

A bill has been proposed by Rep. Wayne L. Hayes (Dem., Ohio), which would place all government employees with the Foreign Service under the Civil Service Act.

The proposal (H.R. 2677) would allow all government employees in foreign service to be transferred to the Foreign Service if they have worked for five years in foreign service. The bill is expected to pass the House.

McNamara Urges Liberal Travel Cost Payment

Defense Secretary Robert S. McNamara is reported to be leading a movement to have the President's advisory panel on Federal pay take a stand in favor of those government employees who would be discharged by government shirkers and transfers. The feeling is that the panel will speak out for payment of travel costs for these displaced workers plus relocation allowances by the Civil Service Commission.

McNamara, a member of the panel, closed a restrictive bill by the Senate which, he says, is as totally inadequate and scored it as one which would not be possible in the Congress to try on the employees.

McNamara was successful in blocking support by the Administration of the meager allowance plus and more liberal proposal which is being drafted which would be more realistic and generally

Our 65th Year

Because you can't tell when you'll be sick or have an accident, it's well to be protected in advance.

Enrollment in the CSRA Accident & Sickness Insurance Plan is open to eligible members of the Civil Service Employees Association, Inc. in locations where payroll deduction is available.

The program includes coverage for total disability resulting from occupational and non-occupational accidental injuries, or sickness, plus other important benefits. Coverage is worldwide and the cost is low because of the large number of members (40,000) participating in this plan.

If you have not yet enrolled, call your Ter Bush & Powell representative for full details now.

Mayor Robert Wagner Proclaims May 31 As Civil Service Day

(Continued from Page 1) of public service which has adopted by the governments of the United States and the City of New York in that memorable year has stood the test of time and the demands of a growing population, touching upon the lives of all citizens who benefit daily from a multitude of services performed by civil servants, including open competition and selection of the best qualified; and

WHEREAS: May 31st has been set aside at the World's Fair as Civil Service Day. The object is to spotlight the multitude of services performed by government employees which most citizens take for granted. Now, therefore, I Robert F. Wagner, Mayor of the City of New York, do hereby proclaim May 31, 1965, as "Civil Service Day" in New York City, and I do request the citizens to join in honoring the Merit System of public service and the capable and devoted civil servants in all branches and levels of government whose skills and dedication to duty make possible the efficient conduct of the public business in an ever more complex society.

This year's civil service day is the third such event at the World's Fair. It was held in 1939, and in 1964—each under the sponsorship of The Leader. City, State and Federal agencies as well as those from local governments throughout the State of New York will participate in the day's events at the Singer Bowl as the World's Fair. A six-hour show, featuring some of the modern techniques used by civil service employees will be concluded with the selection of Miss Civil Service in each of the categories—City, State, federal and local governments. DPW Joins Blood Donor Program

The Department of Public Works has been accepted as a member of the Employee Blood Credit Program according to City Personnel Director Theodore H. Lang, Chairman of the Blood Credit Board. More than 600 of the 2,000 employees of the Department of Public Works who enrolled as members of the program are scheduled to donate blood within the next few months. In a statement congratulating Commission of Public Works, Bradford N. Clark, and Lena O. Schwartz, secretary and blood credit coordinator, for the fine results achieved in their agency, Dr. Lang said:

Protection: "Large numbers of City employees are providing themselves with priceless health protection. I hope that all will take the opportunity to do so. Donors from the Department of Public Works are to be commended not only for protecting themselves and their families for future blood needs but also for adding to our community blood supply by their donations."

The program is supervised by the City's Blood Credit Board, composed of Dr. Lang, Dr. Ray E. Trussell, Commissioner of Hospitals, and Dr. George James, Commissioner of Health. It is administered by the Department of Personnel.

The Blood Credit Program is open to all City personnel. All New York City departments and agencies which do not have donor programs are being encouraged to participate and enrollment drives are being started as quickly as possible for their employees.

Mayor's Civil Service Day Declares Cites Merit System

AST week, Mayor Wagner proclaimed May 31 as "Civil Service Day" in New York City. In so doing, the Mayor was stressing his support of the methods and traditions which have made the civil service the invaluable and proud axis of governmental operations it is today.

It is noted in the text of the proclamation that in 1853, the same year President Chester A. Arthur signed the Federal Civil Service Act, New York and Brooklyn became the first municipal governments in the country to adopt civil service laws. It was this legislation and the consciousness which accepted it that laid the foundation for the merit system of civil service the Mayor honors by his decree.

The merit system has been the breath of civil service organization in augmenting the needs of the workers, who are its heart. Their loyal efforts and ingenuity are its life's flow. The system has grown since 1883. It has become strong by its regard for the civil servant. The Leader joins with the organization in augmenting the needs of the workers, who are familiar. When change is necessary let us take care.

Rule X-XI
Editor, The Leader:

The facts adduced in the case were that effective January 11, 1964, certain employees were transferred from Civil Service Rule X title prior to the reclassification of 1964.

The facts adduced in the case were that effective January 4, 1964, certain employees were transferred from Civil Service Rule X title prior to the reclassification of 1964.

The facts adduced in the case were that effective January 11, 1964, certain employees were transferred from Civil Service Rule X title prior to the reclassification of 1964.

The facts adduced in the case were that effective January 11, 1964, certain employees were transferred from Civil Service Rule X title prior to the reclassification of 1964.

The facts adduced in the case were that effective January 11, 1964, certain employees were transferred from Civil Service Rule X title prior to the reclassification of 1964.

IN HER APPEAL for judicial review, the petitioner directed attention to the fact that the Commission consisted of only two Civil Service Commissioners with the resignation of Commissioner Kaplan. As Sec. 5 of the Civil Service Law creates a three member Commission, the petitioner contended that the Commission was not a valid Commission. The Court upheld this contention in reliance upon the General Construction Law, sec. 41. This section provides that a majority constitutes a quorum.

IN HER APPEAL Sec. 41 proceeding the petitioner contended that Sec. 120 (3) does not give the hearing to the party. The petition-er also contended that the denial of re-classification was unreasonable.

CONCERNING the petitioner's contention that the Court, in denying the hearing to the party, the Court held that "it appears from the proof submitted that the respondent was neither arbitrary nor capricious.

As THE COURT did not require the respondent to submit an answer, the sole proof submitted was the petitioner's contentions that it passed the examination for the higher

What’s So Special About H.I.P.’s “SPECIAL SERVICES”?

At H.I.P. there’s a department known as “Special Services.” But this is a modest title. It does not do justice to perhaps the most dramatic service ever conceived in a medical insurance plan — one that demonstrates H.I.P.’s unique ability to bring to its members the newest life-saving discoveries and techniques in surgery and medicine. And without any cost to you!

Never has American medicine been more creative than now. Discoveries in its many fields are almost daily occurrences. But only a modern health plan like H.I.P. can make these discoveries easily available to you as soon as they are proved medically sound.

Illnesses that were once fatal or incurable are cured today by “miracle” surgery and other unusual and delicate procedures performed by physicians with special skills. Even though the fees of these “super-specialists” ordinarily run to thousands of dollars, their services are provided for H.I.P. members without charge, “Special Services” takes care of the bill.

Here are some of the difficult and expensive procedures fully covered in H.I.P.:

- Open-heart surgery
- Cold-knife surgery for brain tumors and Parkinson's Disease
- Surgical repair of detached retina of the eye
- Delicate inner ear surgery
- Multi-million-volt radiation therapy for cancer
- Radio-isotopes for diagnosis and treatment of thyroid and other conditions
- Resection of aortic aneurism (ballooning of artery) and replacement by artificial tube
- Newer forms of lung surgery
- Exchange of blood for Rh factor in infants
- Cancer cell tests
- Cobalt radiation treatment for cancer

“A Special Services” in H.I.P. really represents another level of medical care — another level of protection for you!
Numerous positions in many different fields with the U.S. Government are available from the U.S. Civil Service Commission regional office at 220 W. 42nd St., Manhattan.

Examinations marked with a star (*) may be used for filling jobs in foreign countries.

18-Day Mexico Tour At Cut Rates
An 18-day tour of Mexico, its quaint cities, silver mines and bullfights and floating gardens, will be conducted by Edwin Taitt for a limited group this summer. Taitt, who is an attorney and a Special Deputy Clerk of the New York Supreme Court, announced that the tour will leave August 28 this year and return September 14.

The tour will include visits to Mexico City, Cuernavaca, Taxco, Acapulco and Monterrey. A discounted rate is being offered to teachers, civil service employees and employees of government organizations. For more information call 34-6502 between 8 a.m. and 8 p.m.

Pay Raise Depends On
Capitode State Aid
Says Syracuse's Mayor

SYRACUSE, April 19 — Pay boosts for City and County workers depend on passage of a bill by Governor Rockefeller's plan for additional per capita aid State, Arthur F. Kasson Jr., president of Onondaga chapter, Civil Service Employees Assn., has been informed.

Kasson said Syracuse Mayor William F. Walsh told him City employees could not expect any pay increases this year unless the City receives additional payment in aid from the State.

The mayor said he would support a bill in both houses of the Legislature to provide financial aid to relieve the financial strain which has been due in large measure to the extra drive and effort exerted by our engineering staffs.
