CSEA Seeks Rules
Set By Dr. Hurd
On Overtime Pay

ALBANY—The State Civil Service Employees Association is anxiously awaiting receipt of a copy of rules and regulations regarding the overtime payments to certain State employees.

The State Division of the Budget recently submitted what is presumed to be a proposed draft of the rules and regulations to head of the various State departments and agencies for suggestion and comment. The answers were returnable Sept. 8 to Dr. T. Norman Hurd.

Joseph P. Feily, CSEA president, said: "We are looking forward to receiving a copy of the proposed final draft from Dr. Hurd in order that we may review the rules and give an opinion on them before implementation begins."

The ten percent lump sum overtime payment was passed by the State last spring and went into law April 27 of this year, along with other items concerning essential pay and overtime compensation.

Repeated Demand
CSEA leaders have repeatedly demanded that the State implement the rules and regulations of the new law. The above is the first such action. "It is a step in the right direction," said Feily.

PW Aides May Get 2nd Chance on Unused Leave

ALBANY—State Department of Public Works employees who had their overtime accruals suspended last April 1 may be given another chance to use up their credits in the Civil Service Employee Association.

State Budget Director T. Norman Hurd, in a letter to Joseph P. Feily, CSEA president, said, "We expect to approve an extension period for the liquidation of overtime suspension on April 1, because of faulty notification or processing of claims on the part of CSEA.

CSEA earlier had strongly protested the suspensions and called on Hurd to take immediate steps "in order to correct the situation as State officials are responsible for overtime pay credits." Hurd told Feily that his office had analyzed the Department of Public Works' most recent reports on the factors which contributed to the suspension for numerous employees and that he has asked the Department to identify positions where overtime suspensions were terminated because of lack of notification or opportunity for the use of overtime credits.

CSEA Charges State With Dragging Heels On Pay In Three Different Areas

ALBANY—The State is continuing to "drag its heels" in implementing action which would provide its workers with geographic pay differentials, premium pay for night work and retroactive overtime compensation, the Civil Service Employees Association has charged.

On August 11 filed a grievance against the Rockefeller Administration over the items which originally had been negotiated in collective bargaining between the Administration and the Association.

CSEA contends that no rules or regulations have been established to implement Chapters 618 and 740 of the State Civil Service Law which provide, respectively, for geographic and night shift salary differentials, although both were signed into law last April 27. The Association, in a letter that not one single State employee is receiving any benefits under either law.

On the question of overtime compensation, the Association says it has information that the State, in some instances, has failed to provide retroactive payment for overtime earned from Feb. 1, 1967. CSEA has learned that State Budget Director Dr. T. Norman Hurd recently has taken initial action on the last item mentioned—authorization of rates and regulations to establish lump sum payments for employees who are otherwise disqualified from receiving overtime compensation.

Board Member Signs Grievance

ALBANY—A recent request by a State worker for a voluntary retirement pension was denied by the State Civil Service Employees Association.

The Board denied the grievance on March 25, 1967, but has not yet provided a final decision.

Levitt Boosts Travel Expense Allowance

ALBANY—An increase in travel allowances for State employees, covering meals and incidental items, has been approved by State Comptroller Arthur Levitt, following a vigorous campaign by the Civil Service Employees Association.

The increase, recommended by the State's Inter-Departmental Committee on Travel Regulations, became effective Sept. 1. The committee consists of representatives of the Department of Civil Service and Comptroller and the Office of the Comptroller.

Under the new plan, State employees in travel status will receive $8 for a full day when they are out of town overnight. The previous rate was $7 for a full day.

When an employee is in travel status for less than a full day, the maximum claim for reimbursement is $7.50, if there is no overnight lodging fee involved.

Of the $1 increase, 50 cents is for lodging and the remainder for meals and incidental items. This is in addition to the maximum allowance of $30.

Separate rates for meals taken in railroad dining cars are as follows: $1.25 for breakfast, $2.75 for lunch, and $3.50 for dinner. The rate for each meal was raised by 50 cents.

Levitt pointed out that when an employee is in travel status for less than a full day but incurs a lodging charge, claim may be made for lodging fees not exceeding $50 cents.

**RIVERHEAD—**The Suffolk chapter of the Civil Service Employees Assn. will press up, among other issues, for the membership elections for county board of supervisors, at the regular meeting of the Westchester unit of the Westchester Civil Service Employees Assn., planned for Thursday night. President Robert Villa said the Board of Supervisors is the key to the reforms sought by the Association, which has tried to correct the present system for the past twenty years, but has been unsuccessful.

The Suffolk chapter has also submitted a proposal for the establishment of a Civil Service Employees Assn. in the county, which has been refused by the Board of Supervisors. The Association has been trying to organize the county for the past three years, but has been met with resistance from the county officials. Local 832 Says Its Meter Maids Should Have Own Legal Counsel

"We must have a departmental attorney to represent meter maids when they are assaulted," said Fred Castiglione, business agent for Terminal Employees Local 832 at a City Hall session with representatives of the Administration. The meeting came as a result of a complaint by the local that the Department of Traffic had never had a lawyer in court when a girl pressed charges against a member of the public when she had been hurt, and had to rely on an assistant corporation counsel if she was present, or on a kindly judge. The latter was found to be few and far between.

The local spokesman said that representatives of the civil service commission represented the parking enforcement agents of the city, had pressed Traffic Commissioners for a staff of attorneys, and had been turned down, and had also been told that the city was too small for the type of service wanted. Castiglione said that the steers committee of the Traffic Department's Parking Enforcement Agents Association, had said that the membership had mandated him to press for the appointment of a counsel in the Department of Traffic as a unit, because of the stepped up number of assaults upon the City's meter maids during 1967.

The City of New York will soon see the appointment of a whole batch of new meter maids, according to spokesmen for the Traffic Department, who said that they would fill existing vacancies as well as add to the present dwindling force.

Castiglione said that the term "meter maid" was now a complete misnomer, and that men as well as women would be hired from the list, a list which was still growing only a few short weeks ago. Castiglione said that it was entirely possible that all the men on the list will be enlisted in one fell swoop and another examination for the title of parking enforcement agent (the civil service title for meter maid) ordered. The same list will be used by the City for motor vehicle operator on a City-wide basis.

Castiglione said that he had been informed that the Department of Traffic had requested a reclassification, which, if granted, would change the names of the Department of Personnel from which to make appointments, and that they had received a list of one hundred names with more to follow. The first batch of thirty was interviewed on Saturday, Sept. 9th, a second group of thirty on Saturday, Sept. 16th, and a third group of forty is to be interviewed on Saturday, Sept. 23rd. The new meter maids, both male and female, are expected to be on the streets writing summonses by Oct. 1st.

The local executive said that he expected most of the eligibles on the open competitive list to "whale" the offer for ten per cent, because of the fact that the local is scheduled to go into bargaining. This will make the job eminently more attractive. At the same time, he said, the welfare benefits, which are substantial now, are expected to be greatly expanded with such benefits as medical bills, medicines, etc.

The appointment of the new appointees, said Castiglione, would be the filling of new supervisory positions, such as assistant and supervising parking enforcement agent; the local has been operating promotion classes for time and again his organization, which represented the parking enforcement agents of the city, had pressed Traffic Commissioners for a staff of attorneys, and had been turned down, and had also been told that the city was too small for the type of service wanted. The Editor:

In response to a copy of your editorial of Tuesday, August 29, 1967 entitled "Amateur Or Antique?" I must state that I am neither an amateur nor am I antique.

You stated that your editorial should have used the word "some-" as it relates to the performance of Federal employees. This statement is correct and I am the one who should have used the word. I apologize for the error.

Sincerely,

Dear Mr. Newman,

I appreciate your acknowledgment of my error in the editorial "Amateur Or Antique?" and I accept your apology. However, I would like to make a few clarifications.

First, I believe that the phrase "amateur or antique" is not accurate in describing Federal employees. I believe that Federal employees should be recognized for their hard work and dedication.

Second, I do not believe that the phrase "amateur or antique" is appropriate in describing Civil Service employees. I believe that Civil Service employees should be recognized for their hard work and dedication.

I hope that these clarifications will be helpful. Please let me know if you have any further questions.

Sincerely,

Central Conference Meeting To Hear Officer Candidates

ITHACA—The Central Conference, Civil Service Employee Assn., will hold its Fall meeting at the Sheraton Motel on Tuesday, September 19, and 20.

Candidates for Statewide office have been invited to discuss their proposed programs.

The meeting will open on Friday, Sept. 22 at 8 p.m. with a "Meet the Candidates" program. A social hour, hosted by the Willard State Hospital, Cornell University and Tompkins County chapters, will follow.

The second day's program will include a seminar on the Public Employees Fair Employment Act conducted by John Bay, CSEA field representative. The afternoon program will include a business meeting, according to Mrs. Clara Boone, conference president. A meeting of the County Workshop, under R. Samuel Boyles, will follow. A cocktail hour will precede the dinner meeting which will feature Harry Albrecht, Associate Channel for the CSEA, as guest speaker and Claude Rorwill as toastspeaker.

FARMINGDALE—The Civil Service Employees Assn. will sponsor a 13-week, college-level course on the new Public Employees Fair Employment Act at the State University at Farmingdale.

The course, believed to be the first in labor relations offered at the college under CSEA auspices last year, was developed by Mrs. Erie Armstrong, education committee chairman of the Long Island Conference and Prof. Thomas Ladysgath, president of the Farmingdale College unit of CSEA.

The course will feature lectures by experts and persons actually engaged in administering the new law, and a mock collective bargaining session.

This course is a rare opportunity for any other employees to participate in this important educational experience.
The New York State Department of Civil Service is accepting applications until Sept. 25 for 27 promotion examinations. In addition, it is offering one promotion exam open until Oct. 9. Each examination is open only to permanent employees in the Department of promotion for which it is announced.

The 27 examinations, which will be held on Nov. 6, follow.

CANDIDATES — Statewide candidates for office in the Civil Service Employees Assn. were presented to the Metropolitan Conference in downtown Manhattan and to the Long Island Conference delegates at Bethpage. Each conference meeting has been scheduled for the same day and candidates had been invited to both meetings. The Metropolitan Conference had arranged for the introduction of candidates at the beginning of the meeting while the Long Island Conference scheduled the introduction for the concluding part of the session.

However, in making the preparations, nobody figured on the Long Island Expressway and its delays on the Interstate route, the home. Since Irving Flaumenbaum, president of the Long Island Conference, had arranged for the introduction of candidates at the beginning of the session and because of the absence of his opponent, Hazel Abrams, CSEA secretary, who was out of the state on CSEA business, he pledged to fight for the public employees' vote.

A. Samuel Notaro, candidate for first vice-president, pointed out that his experience as treasurer and his membership on the Statewide pension committee.
