ALWAYS REMEMBER.

CSEA members Yvette Anderson, Florence Cohen, Harry Goody, Marian “Marty” Hrycak and Dorothy Temple were among the 2,753 people who lost their lives at the World Trade Center on September 11, 2001.

We honor their memory. Now and forever.

See commemorative 10th anniversary retrospective inside.
More than 1,000 hourly and seasonal employees of Westchester County recently voted by an overwhelming (7:1) ratio to become a part of CSEA. The newly organized workers include some seasonal workers working at the county’s parks, pools, golf courses and an amusement park, and some year-round employees who work on an hourly basis with no benefits.

“Thousands of full-time and part-time public sector workers work alongside us without representation around the state. In recent times local and state governments are increasingly tempted to lay off full-time union members and replace them with non-union, temporary and part-time workers. We are committed to making it harder for them to exploit these workers and undercut our union. This is a major step in the right direction. By coming together with CSEA, all the employees of Westchester County are now made stronger,” said CSEA President Danny Donohue.

“This is so exciting for us. Many of us work side-by-side CSEA members, working the same jobs and same hours for less money, no benefits and no opportunities for advancement. We were treated like second-class employees and now this will change,” said Jorge Vasquez, a County Center recreation attendant. “We now have a voice on the job and this means the power and respect we deserve to have our place at the negotiating table.”

Another UPSEU unit switches to CSEA
Food service workers from Cold Spring Harbor School District on Long Island recently decided to join CSEA and dump UPSEU (formerly known as Local 424). The workers filed to decertify UPSEU and began with the election process to join CSEA.

UPSEU suddenly withdrew from the election and handed over representation of the workers.

This is the second group recently to decertify from UPSEU and join CSEA. Twenty adult nursing instructors at Eastern Suffolk BOCES represented by UPSEU joined CSEA last spring.

1,000 Oneida County workers look to CSEA
With a strong will to organize and the help of numerous volunteer member organizers, nearly 1,000 Oneida County workers want to return to CSEA. The group filed a petition recently seeking to decertify UPSEU and certify CSEA as the exclusive bargaining agent for nearly 1,000 Oneida County workers in the blue- and white-collar units. A hearing with the state Public Employment Relations Board (PERB) is scheduled for mid-September.

“We are committed to making it harder for them to exploit these workers and undercut our union. This is a major step in the right direction.”

CSEA President Danny Donohue to meet Southern Region members on Oct. 12
President Danny Donohue will visit the CSEA Southern Region on Oct. 12 to meet with members. The meetings will be held at the Southern Region Office, 568 State Route 52, Beacon.

Donohue will meet with union members from 1 to 7 p.m. Please call the Southern Region office at (845) 831-1000 or 1-800-757-CSEA for an appointment and directions.

In other organizing news
Several other organizing campaigns have reached a majority and have filed for recognition with PERB; a unit of bus drivers, teacher aides, food service workers and maintenance/custodial employees in the Poland Central School District; front line supervisory employees in the Village of Rockville Centre; part-time employees at the Baldwin Public Library and substitute bus drivers in the Bath-Haverling School District are all on their way to becoming part of CSEA.

CSEA members ratify state contract

ALBANY — CSEA-represented state Executive Branch employees have ratified a contract with New York state that keeps people working and protects rights and benefits.

Each of CSEA’s four bargaining units (Administrative, Institutional, Operational and Division of Military and Naval Affairs) individually approved the agreement.

The agreement was approved by a total vote of 16,896-11,856, nearly a 60 percent approval with more than 28,000 votes cast.

“These are not ordinary times and CSEA worked hard to reach an agreement that we believed would be in everyone’s best interest,” said CSEA President Danny Donohue. “CSEA members agree that this contract is reasonable and responsible for the long term. CSEA will move forward as we always have.”

Job protection

The five-year agreement includes strong job protection provisions to keep CSEA-represented state employees on the job delivering essential services to New Yorkers.

The agreement includes money in each of the last three years.

It preserves step increments and longevity increases and holds the line on health insurance, increasing employee premium contributions based on salary level while keeping co-payment changes minimal.

Meetings across the state

The tentative agreement was reached in June. The 23 members of the team conducted dozens of meetings across the state to explain the details of the agreement to CSEA members and respond to their concerns.

“First of all we tried to actually engage them and let them know that we were members too,” said Abraham Benjamin, Bronx Psychiatric Center Local president and negotiating team member. “Then we explained the process and gave them some comparison with the circumstances that other union workers are facing in other places.”

The union also provided every member with the contract language and full explanation, and had other information available on the CSEA website before ballots were mailed.

“A time when collective bargaining is under attack all over the country, the CSEA vote demonstrates that collective bargaining can work for the common good. The way both parties handled this process should serve as an example for the rest of the country.”

— New York State AFL-CIO President Denis Hughes

“I applaud Danny Donohue for his leadership and vision in this negotiation. This vote demonstrates their commitment to seeing this state get back on the right track. In these difficult financial times, shared sacrifice is needed, and CSEA members have shown willingness to do their part.”

— Gov. Andrew Cuomo
Always remember

So many things in our world were very different before Sept. 11, 2001.

The term 911 had a very different meaning.

New York City’s skyline had a different outline.

We didn’t have to take off our shoes or have a body scan to enter an airport.

Torture and personal rights were not matters of polarizing public debate.

Al Qaeda and Osama Bin Laden were not familiar household names.

Tens of thousands had not died in military actions in Iraq and Afghanistan.

Two thousand, seven hundred and fifty three people, including five of our CSEA brothers and sisters, went about their lives never imagining they would become a tragic part of history.

We were all more innocent then.

For these reasons – and so many more – always remember.
American workers lose ground while CEOs line their pockets

According to the Federal Reserve, U.S. corporations held a record $1.93 trillion in cash on their balance sheets in 2010. But they are not investing to expand their companies, grow the real economy or create good middle-class jobs. Corporate CEOs are literally hoarding their company’s cash — except when it comes to their own paychecks.

In 2010, Standard & Poor’s 500 Index company CEOs received, on average, $11.4 million in total compensation — a 23 percent increase in one year.

Based on 299 companies’ most recent pay data for 2010, their combined total CEO pay of $3.4 billion could support 102,325 median workers’ jobs.

Fortunately, the 2010 Dodd-Frank Wall Street Reform and Consumer Protection Act contains new tools to help limit runaway CEO pay. Shareholders now have a “say-on-pay” vote on executive compensation, and companies must disclose the ratio of CEO-to-worker pay at each company.

Proposed amendments to
CSEA’s Constitution and Bylaws

The Committee has, amongst its functions, the duty to review proposals and make recommendations to the Delegates regarding amendments to the CSEA Constitution and By-Laws. Committee recommendations are presented to the Delegates, together with the reasons for the recommendations. This report addresses proposals submitted for the 2011 ADM. (New language is underlined; deleted language is in [brackets].)

The following item is presented to the Delegates by the Committee as a proposed amendment to the By-Laws. If passed at this meeting, this amendment will become effective immediately.

Proposal

The following By-Laws proposal was submitted by Region 4 President Kathy Garrison, Region 1 President Nick LaMorte, Region 2 President George Boncoraglio, and Region 6 President Flo Tripi:

ARTICLE 1 – OFFICERS

Section 1. TEXT REMAINS THE SAME.

Section 2. EXECUTIVE VICE PRESIDENT. There shall be an Executive Vice President who shall assume the duties of the President if the President is unable to act for any cause whatsoever or if the office becomes vacant. If the office becomes vacant and the next regularly scheduled election is more than 1 year from the date the office became vacant, the Statewide Board of Directors must approve a special election at the next regularly scheduled Board of Directors meeting. If the regularly scheduled meeting is more than 45 days from when the position became vacant, a Special meeting of the Statewide Board of Directors must be called to approve the special election. Any member in good standing would be eligible to run in the special election. The election for the vacated office of Executive Vice President must be completed no later than 6 months from the date the office was vacated. A vacancy in the term of any of the Vice Presidents shall be filled according to the Constitution and By-Laws of the respective Region. Vacancies in the office of Secretary and Treasurer may be temporarily filled [for the remainder of the term] by the Board of Directors. If the office of Secretary or Treasurer becomes vacant and the next regularly scheduled election is more than 1 year from the date the office became vacant, the Statewide Board of Directors must approve a special election at the next regularly scheduled Board of Directors meeting. If the regularly scheduled meeting is more than 45 days from when the position became vacant, a Special meeting of the Statewide Board of Directors must be called to approve the special election. The election for the vacated office of Secretary or Treasurer must be completed no later than 6 months from the date the office was vacated. No person elected to a position as an officer of the Association shall remain an officer of a Local or Unit.

REST OF ARTICLE REMAINS THE SAME.

EXPLANATION: This proposal was submitted with the following justification: “This Amendment is a result of numerous conversations throughout 2010 when our Statewide President was nominated to serve as the Secretary/Treasurer of AFSCME. Many concerns were expressed about the leadership of our union during that year. As leaders we often boast about our democratic process and the rights of our members to run for any position within CSEA. This amendment allows for temporary appointments prior to a special election. It also allows for reasonable timelines. If there is opposition to this amendment based on cost delegates should know that this situation has only occurred once in the past 12 years and the cost is minimal compared to our priorities to remain as democratic as possible.”

The Committee does not support this proposal. The basic rationale suggested for this proposal is to preserve democracy with regard to how potential vacancies in CSEA statewide offices are filled. However, this proposal inaccurately suggests that the process already in place is somehow undemocratic. Currently, our Statewide Constitution provides that the “officers of the Association shall be a President, an Executive Vice President, six Vice Presidents to the six Region Presidents, the Secretary and Treasurer. Our Statewide By-Laws provide for how vacancies occurring during a term are to be filled. A vacancy in the Office of Statewide President occurring during the term is automatically filled by the Statewide Executive Vice President. A vacancy in the Office of the Statewide Executive Vice President is filled by the Board of Directors selecting a new Statewide Executive Vice President from any one of the other eight sitting Statewide officers, that is, one of the six Vice Presidents or the Statewide Secretary or the Statewide Treasurer. A vacancy in the Office of Statewide Secretary or Statewide Treasurer may be filled by a Board of Directors.

Continued from Page 7

Directors’ election from any qualified member candidate seeking to fill that position. For the six Vice President positions, a vacancy is filled under the Region Constitution by the highest ranking Region Vice President moving up to become Region President and, hence, also a Statewide Vice President.

This current structure for filling vacancies at the statewide level is paralleled in the mandated constitutional succession rules for the Region, Local and Unit levels. Thus, at every level of CSEA a vacancy in the president position is filled in the same way, by the highest ranking vice president moving up. In most democratic forms of governance, the duly elected vice president succeeds to the presidency automatically, without the need for an intervening election. In democratic forms of governance, this system provides for the orderly transfer of power when a vacancy occurs and for a stable governing body during a transition.

As we know, under the best of circumstances elections can cause political division and unrest within the Union. Under this proposal, the Union could be faced with conducting four statewide elections, over a two-year period, leaving no stable governance in place for that entire period while “everyone” is running for office. Imagine this: The Statewide Presidency becomes vacant. The Executive Vice President successfully runs for Statewide President, thereby creating a vacancy in the Executive Vice President position. The Statewide Treasurer successfully runs for the Executive Vice President vacancy, thereby creating vacancy in the Treasurer position. The Statewide Secretary then successfully runs for the Statewide Treasurer position, creating a fourth statewide vacancy and the need for yet another statewide election to fill the Secretary position. While we cannot say with any certainty that this would happen, we cannot say with certainty that it would not happen either. And, depending on the timing of the first vacancy, this series of four successive replacement elections could run right up against the commencement of the next full term election cycle for the statewide officer positions.

Such circumstances could have devastating effects on the Union as a whole. The period of instability and uncertainty could last a year or more. The Committee notes that such a situation, particularly detrimental during difficult economic times such as we are experiencing now, would be damaging to our place in the trade union movement, our place across the negotiating table in collective bargaining, and particularly damaging to our relationship with our own membership which, not so long ago, was demanding that we have fewer, not more, elections.

By potentially adding up to four additional statewide elections, this proposal also comes at a significant cost: each statewide election in today’s dollars costs the Union approximately one-quarter of a million dollars. This proposal pretty much insures that at least two additional elections would take place: statewide president and statewide executive vice president, for a cost of half a million dollars. While it is possible that a Vice President/Region President would run for and be elected to the vacant statewide presidency and no further election would be necessary, that scenario is less likely than a scenario wherein the Executive Vice President succeeds in the first election to become President and a Vice President/Region President is then elected in a second election to the position of Executive Vice President.

Further, pursuant to By-Laws Article I, Section 2, the main reason we elect an Executive Vice President is to “assume the duties of the President if the President is unable to act for any cause whatsoever or if the office becomes vacant.” This proposal would act to disenfranchise the Executive Vice President from the purpose of being elected as an Executive Vice President in the first instance and is completely contrary to By-Laws Article I, Section 2. Absent the purpose as now spelled out in the By-Laws, the Executive Vice President position, unlike any of the other statewide positions, would be a position without a function.

Notwithstanding the proposal’s limited reach which would change the Statewide By-Laws, our history tells us that this type of change may well have a cascading effect on the way in which president vacancies are filled in the Regions, Locals and Units. A similar succession scheme wherein every officer vacancy will require a special election at every subdivision level of the Union will potentially enmesh us in continuous election cycles, with unimaginable costs in terms of dollars and in terms of finding candidates willing to run for office.

Further, the proposal, if applied as written, creates an exception for how a vacancy in the six Vice President positions is filled. The proposal leaves untouched the existing “succession rules” in the Region Constitution to fill a vacancy in a Region President position, even though that position serves as a Statewide Vice President as well. This dichotomy creates a disparity between the Statewide Executive Vice President and Region Executive Vice President positions. A Region Executive (or Region First) Vice President would automatically become Region President without the need for an election. Yet, the Statewide Executive Vice President, duly elected by the entire membership, would have to run again to fill the vacated Statewide President position. The Committee is unsure as to the rationale for leaving this automatic succession in place for purposes of Region President vacancies, while dismantling the same approach at the Statewide level. This is particularly odd in that several vacancies have occurred in Region President positions in the recent past and another vacancy is to happen shortly after close of the Annual Delegates Meeting. No concerns for our democratic process arose then, when Region Vice Presidents moved up to fill those vacancies to become Region President and Association Vice President without having to run in an election.

Stability in governance at every level of the Union is necessary to insure that our mission and our responsibilities as bargaining agent are continued with minimal disruption or breach in the face of a change of leadership at the Statewide President level. The current succession rules insure the least disruption and smoothest transition in leadership when a Statewide President position becomes vacant. The number two statewide officer moves—almost seamlessly—into that position to serve out

Continued from Page 9

the term. This proposal creates just the opposite of a smooth transition: it insures a sustained period of disruption, uncertainty, and unnecessary expense.

The Committee believes that this proposal is neither necessary nor workable. The current succession rules have proven to work and to work well over many years at every level of the Union, allowing smooth transitions at no extra cost. Should the Office of Statewide President become vacant in the near future or ever, these rules will work well again, and provide a smooth transition, placing into the Office of the Statewide President a person elected by the membership with the common understanding that this is a person who could be “a heart beat away” from being Statewide President. That is the common understanding in any election for vice president and nothing in our CSEA history or our future makes that untenable today or tomorrow.

Furthermore, the delegates should also realize that should this amendment be approved, it could not be effective until the 2016 election cycle. The 2012 election cycle has already begun; candidates have petitioned for placement on the ballot with the understandings of possible responsibilities as they currently exist. Members have signed nominating petitions with those same understandings and the nominating period closed before any consideration of this amendment by the Delegates. The duties and responsibilities of the positions running in the current election cannot be changed during an election cycle. Such changes can be prospective only and in this case that means effective with the 2016 statewide election cycle.

FOR THE PURPOSE OF PLACING THIS AMENDMENT BEFORE THE DELEGATES, ON BEHALF OF THE COMMITTEE, I MOVE THE ADOPTION OF THIS AMENDMENT. THE COMMITTEE RECOMMENDS A “NO” VOTE.

Resolutions proposed for CSEA’s Annual Delegates Meeting

PROPOSED RESOLUTIONS for consideration by delegates attending CSEA’s 101st Annual Delegates Meeting, Oct. 3 to 7 in New York City:

1. Benefits for Our Military Veterans

Submitted by Lavarne (Lee) Pound Delegate – Local 918

More than 75,000 veterans are living on the streets or in temporary shelters and virtually all of them served in Iraq and Afghanistan. The resolution proposes CSEA take up the cause to lobby the federal government for shelter and medical treatment for all homeless and disadvantaged veterans.

The Resolutions Committee recommends the resolution be adopted as amended.

3. Weakening Union Rights Weakens All Workers’ Rights and Weakens America

Submitted by Shaun Chesley Delegate – Local 814 and Clarence Russell – Delegate, Local 651

Unions protect the rights of American workers who have helped grow the nation. The resolution calls upon CSEA to lead the way in educating both unionized and non-unionized workers that attacking those rights undermines our nation, our economic health and our prosperity.

The Resolutions Committee recommends this resolution be adopted as amended.

Submitted by Nancy Ianson Delegate - Local 830

The resolution reaffirms CSEA’s commitment to organizing the unorganized and honors locals, units and members who have participated in that mission, and encourages all members to build our union.

The Resolutions Committee recommends this resolution be adopted as amended.

Break in membership affects eligibility for union office, voting privileges

A break in union membership status can have long-term future implications. Your membership status affects your eligibility with respect to:

• seeking or holding union office;
• signing nominating petitions for potential candidates;
• voting in union elections, and;
• voting on collective bargaining contracts.

Only members “in good standing” can participate in these activities. To be in “good standing,” your dues cannot be delinquent.

If you go on unpaid leave or for any other reason have a break in your employment status, your dues will not continue to be paid through payroll deductions. You must make arrangements to pay your dues directly to CSEA to continue your membership status. If you are either laid off or placed on leave without pay status due to becoming disabled by accident, illness, maternity or paternity, you may be eligible for dues-free membership status for a period not to exceed one year. If you are called up for active military duty you may also apply for dues-free status.

Note, however, you must continue to pay dues to run for office. Dues-free or gratuitous membership allows members to continue their insurance coverage while out of work. It does not protect your right to run for or hold office. This does not apply to members who are on leave due to being called up for military duty. Members on active military duty, upon return, are considered to have had continuous membership status for all CSEA election purposes.

Please notify the CSEA Membership Records Department at 1-800-342-4146, Ext. 1327, of any change in your status and what arrangements you are making to continue your membership in CSEA.
Mims is PEOPLE Recruiter of the Month

HEMPSTEAD — Ruby Mims of the Erie County Local in the Western Region is the PEOPLE Recruiter of the Month for June. She recruited 45 new PEOPLE members at the MVP level.

“The PEOPLE program helps protect CSEA’s interests in the political arena,” Mims said. “When legislation is proposed that is bad for CSEA and for us as union members, PEOPLE helps us fight it and stop it before that legislation becomes law. We don’t want to become the next Wisconsin. Today the PEOPLE program is more important than ever before.”

CSEA’s PEOPLE program protects and improves our jobs, benefits and pensions in Washington, Albany and in your community. Your support and participation in PEOPLE strengthens CSEA’s clout in the workplace, in the legislature, in your community and in the labor movement.
