Faite Attention!

Today in Assembly the Better Government Committee will present suggestions to the Student Association Constitution for consideration by the Assembly. These changes and revisions represent much thought and effort, for which the Association owes its members.

The work accomplished by the committee allows easy and important revisions over their plans. This restatement and reorganization are necessary to keep the organization running smoothly.

A Widening Task...

SMILES is one of the many organizations on campus with a broad scope and membership. In this case, a large membership is necessary to keep the organization active. The purpose of SMILES is to provide services, particularly through leadership of students in each organization throughout the community. It is vitally important to provide leadership without leaders, which SMILES can do.

The people who have attempted to organize and represent the student community have done a commendable job with their many tasks. And yet they can't be satisfied by the problems themselves. More interested workers are needed now.

It seems logical to assume that many students would be interested in joining SMILES if they knew it was available. With the help of interested students, SMILES could become a successful group.

Kapital Kapers

By CLAY VEAS

On March 5th, the Alpha Chi Omega chapter of the State College Women's Fraternity held a successful alumni meeting. The meeting was held in the Women's Fraternity House, and over 100 alumnae attended.

The purpose of the meeting was to discuss the organization of the chapter and to make some plans for future events. The alumnae were invited to participate in the planning and were encouraged to provide suggestions and ideas.

Kappa Alpha Psi

By LEE MANION

The Kappa Alpha Psi fraternity has been active on campus for many years. The fraternity was founded in 1910 and has a long history of service and contribution to the community.

The fraternity has a strong tradition of scholarship and leadership, and its members have made significant contributions to the university and beyond.
