Twenty Year Old Headlines
Reveal Startling Controversies

As the 1950 edition of the June 15th issue of the State College News was being readied for print, a headline from the May 15th, 1930, issue stood out: "Cinderella to Reign at Derby Ball, According to June Jackson." The story went on to explain that the decision to crown"Cinderella" as the queen of the annual May Day dance had been made by the students of the college. The selection of "Cinderella" as the queen was seen as a way to bring attention to the college's efforts to promote gender equality.

The headline from 1930 was just one of many that have been preserved by the State College News. The newspaper's archives contain a wealth of information about the history of the college, as well as the lives of its students.
