The regular weekly assembly was held on Friday, October 1, at 12:15, and was conducted by the president. Assembly was opened by singing the Alma Mater, led by Agnes Underwood, the song leader. This was followed by a short talk by the outgoing president, Maurice Hetherington, in which he welcomed the class of '24. After taking a vote, it was decided that the class should be admitted also to the faculty members of the Athletics Assembly. The assembly hour was closed by singing the alma Mater.

Dr. Brubacher recently appointed the faculty members of the Athletics Council, Dr. Connell and Mr. Edward Long have been re-appointed, and Dr. Hulseus is the new appointee in Professor Douglas’s place. Principal Edward S. Dewey of Public School 4 is the alumnus representative. Mr. F. A. Hulley has been re-appointed to the Student Finance Board as treasurer.

The Sophs will hold a party in the gym Friday evening, October 8, for the Frosh. Frosh, be sure and come. You’ll have a good time and you may get wise.

PROSPECTS FOR "PEPPY" INTERCLASS BASKETBALL

Upon close examination of the registration records we find that the prospects for "peppy" interclass basketball has passed beyond the poor prognosis stage. Indeed, we are pleased to find among our新生 various veterans such as Hugo Pott, Ted Cassavant, Bob Bedworth and Jack Johnson. The first three, with the addition of "Joe" Sherlock and Baker, will carry both teams on 210 pounds through the season.

The Juniors, however, will be at great loss to fill the vacancy caused by Eddie Miller’s withdrawal from college, but will undoubtedly make a splendid showing with Baldwin, Breslin, Hambone, Humebinet, Schoenert and Link as representatives of ’22.

The "Sophs" will enter the race with such men as Johnson, Reilly, Plym, Dooley and Meierhaefer.

A majority of men has been reported for '24 but what men they will be is left pure speculation. Cassavant, Sheredy, MacGregor, Putnam and Rheingold will in all probability compose the Freshman team.

STATE COLLEGE NEWS, OCTOBER 7, 1920

[LETTER BOX]

Dear Editor:

Letter Box is open to all college students, but especially to freshmen, Sunday afternoons are long and lonesome. They are too hurried because there is nothing to do. Of course there are the home time hours at the First Presbyterian Church and the college student's social life. What State College needs is something that will make it feel perfectly free and enjoyable. There is no such thing as a perfect college life. But there was for one the excellent cookies that Mrs. Richardson baked. But what is our need of something, to which only this body can look forward realistically? If it can't always possible to obtain a teacher, what does it matter? Let him be on those occasions who gets centered.

HISTORY MIGHTS

On Saturday afternoon about fifty freshmen and sophomores met at the office of the History Department to plan the annual History Building and Schuyler Mansion. There were so many that they were divided into two groups under Miss Alida Curry and Miss Fay reversing the program. There were also several others which should be of interest to third and fourth-year students, on which Sat­urday, October 16th, there will be a hike to Rensselaer to visit the Yankee Doodle and Van Rensselaer. The house of which date back to revolutionary days.

The trip of the season will be one taking up the entire day. On October 30th the students will leave school on two occasions of which there are no places of historic note.

Prof. Alida and Miss Ridley leave Wed­nesday morning and the American His­torical Society early on Monday of the first one.

PHYSICAL EDUCATION

The following G.A.A. activities have been elected for the morning of Saturday, October 23rd. Captain J. G. G. A. vice-president, Wilfred Darling: G. A. A. treasurer, Bertha Cunningham: cheer leader, Pauline George.

The freshmen particularly are interested in the girls of Schenectady. There are many of them, something to which they are accustomed and not to be found in the women's quarters. The girls of the winter, until easier.

STUDENT BODY'S GLEE CLUB

One thing which we lack at State College and which we ought to have is a Glee Club. Some of our best student life has been spent in musical associations, and we have material for the formation of a Glee Club. We think that the State College Glee Club should register in this course. Now then, it will be only a few weeks till we have an interesting and connected with intercollegiate circles. It would also be of great aid and help to us, and would give us an opportunity to make more of their music.

A chorus singing class has been established this year, which ought, if it is a success, to form a basis for the formation of a State College Glee Club. This course will furnish training in singing, and if it should be of interest to anyone for our college courses to be formed. This will be a splendid start, and every student who can register should in this course. Now, at the beginning of the year, it is only.

Modern Motive Might

Mountains, miles and minutes give way before electricity, the magic motive power. Properly applied, it drives giant locomotives across the continental divide, tows ocean liners through the Panama Canal, or propels huge ships. Through good light, safe signals, and illuminated highways, it is making travel better and safer and also is increasing the usefulness of transportation methods on land, sea or in the air.

In short, electricity is revolutionizing transportation, making it quicker, safer, more economical and reliable in all sorts of weather.

And back of this development in electric transportation, in generating and transmitting apparatus as well as motive mechanisms, are the co-ordinated scientific, engineering and manufacturing resources of the General Electric Company, working to the end that electricity may better serve mankind.

Newman News

The first monthly meeting of the Newman Club was held Monday, October 4th, in Room 211. The spirit of the club was evidenced by the large attendance at this first meeting. Father Dimney heartily welcomed the Freshmen and in a most interesting manner delivered the first of his series of lectures on the "Evidences of Religion."

October 9th is the date for the first Newman hike. The Newman Freshmen are especially invited. Everybody out! Watch the bulletin board for the time and place of starting.

The first quarterly communion for the Club will be on October 17th at St. Patrick's Church. Further information will be published later.
