Dear Governor,

Two years ago when you were elected, you found it necessary to make a decision on the future of State College. This decision was made in the light of the projects you planned to undertake. Among these was to educate.

Now, a proposal is made, which if adopted, would institute a tuition system in State College. Reality is the measure by which we can determine the worth of each action. We have thought that the latter has been.

Room for Change

The problem is urgent. Approximately 230 freshmen girls have the opportunity to join a sorority each year. Although such a number is unsatisfactory ten years ago, the rapid growth of the female population here at State College has made this program inadequate.

There are two possible solutions to this problem: firstly, at the risk of understating the basic principles upon which a society is founded, it could extend the quota of freshmen girls, but this would mean a sacrifice of quality and, secondly, the one with which we are concerned, rebuilding the form of the society, so that it will provide the administration with an effective girl group.

A negative reaction to such a proposal is understandable: it is difficult, almost impossible, for a group of girls who have never had previous contact with authority, rules, finances, and organization to establish a new group, which will become self-sustaining within the first year of its existence. It is both difficult and time-consuming to develop from scratch the traditions and the prestige that have been built up by the older groups.

We have therefore constructed a program which, planned carefully, with good detail, would make a new society to become as financially competent, as active, and as acceptable as the 'old' ones in no time at all. One plan is that it is not based on new and radical, but a standard of old and rational. It is not based on new and radical, but a standard of old and rational.

The main obstacle to such a plan, we believe, would be the initiative of the smaller group, which will become self-sustaining within the first year of its existence. When The "NEWS" Was 10 Years Old

Ten Year's Old

"Ten years is not a long time in the life of a man or of an institution," Mr. Van der Hoef wrote in his tenth anniversary address, "and yet the News can claim neither a large amount of aged wisdom nor a great stock of happy traditions.

"But a tenth birthday is nevertheless an occasion for rejoicing. Many newspapers celebrate birthdays, and the News need not anticipate a second decade of happy, healthy growth."

The newspaper, when the Inter-American Conference was held in Panama in 1914, had a staff of twelve editors and publishers. Today, the News is a large newspaper, with a staff of over one hundred editors and publishers.

The first issue of the News was published on September 1, 1914, and it has been published every week since then. The News is a local newspaper, serving the needs of the campus and the city.

History of SCN

The committee on publishing a weekly newspaper reports a favorable outcome to the faculty, the first of its kind on the State College of New York, opening thus, we believe, a new chapter in the history of the College. To the editors who have been entirely unknown at the forming of this journal and to those who do not directly understand what we direct this message.

Class of 1916 Begins NEWS

Vol. 2 Oct. 4, 1916

For the benefit of those who are not familiar with the annual procedure of the News, we will give a brief outline of the same. Then, almost at the crisis, in the events so far comprising the history of each unit of our college, we believe, a new chapter in the history of the News will be written.

The nominations will remain open until the end of the semester. All nominations must be made in writing and submitted to the secretary. The secretary will then make a list of the nominees and distribute it to the members of the council. The council will then vote on the nominees and make the final decision.

OCC Wrestling

The OCC wrestlers start the 1960-1961 season with high hopes. They have rolled the highest scores of the season and have rolled out for the season. This year the team has both men and women on their rosters. The Freshmen have no men in the 191 and un­weighted weight classes because they are doing their practice teaching during the first part of the season. Dave Pause, co­captain of the team, has been slow in getting his place on the team. He is a former Section 2A 191-pounder and is now with the team. The Frosh and Varsity wrestling teams, however, were the only ones to have a chance at winning the championship. The Frosh team has won the last three years except for one match last year.

Ranks Still Remain Vacant

Since the wrestling article last week outlined the man­power shortage on the Frosh and Varsity wrestling teams, it was evident that the Frosh team was not ready to begin the season. The Freshmen have not been able to fill the roster for the Frosh team. However, there are still not enough men on either team to fill out the roster. The Freshmen have only 8 men on their roster and the Frosh team has 10 men. The Frosh team will be able to fill out their roster by November 21. Any girl who wishes to try out for the team should report to the meeting room at 7:30 p.m. on Monday, December 7. The team members will be announced on Tuesday, December 8.

Bowling Results

As the only two remaining OCC League teams, the women’s team and the men’s team have been practicing for the last month. The women’s team has been practicing with a team of 25 and 25 members. The men’s team has been practicing with a team of 25 and 25 members. The women’s team has been practicing with a team of 25 and 25 members.
