Committee Passes D&A, Torch, Forum Budgets

Senate Budget Committee continued its hearings Tuesday with passage of the Torch, Dramatics and Arts Council, and Forum of Political Affairs budgets. Debates was relatively brief on these boards compared to the long discussions that had centered around the AWP and W&G budgets in previous meetings.

Only the Torch request for an extra salary of $700 raised discussion, resulting in the proposed salary being cut to $400.

The committee agreed unanimously to cut the request. The Torch budget was then passed at a total of $180.

Students Council President Joan Clark '66 made the presentation on behalf of the Torch and said that all the members of the committee were aware of the responsibilities of the position made a salary impossible.

In addition, however, that the student feels that the position would be a good position if the position was cut.

Drama Association President As his position was $700 too high, the theater budget, the request was reduced to $400.

Peace Corps Seeks June Grads
But Myths Still Persist

"We have 17 different programs scheduled to begin right after graduation," he said. "One is the "Teach in Korea" program, another is the "Teach in Japan" program, and a third is the "Teach in Vietnam" program. Each of the six training programs will also cover cultural education, health education, and American values. And Peace Corps students, he said, are free to participate in the training of students from other countries, including those from Latin America and Africa.

"It's the liberal arts graduates," he said. "The only requirement we ask is that they be in good health and have completed high school.

"The biggest problem, according to one Peace Corps official, is that they must be in good health and have completed high school. It is not necessarily to the purpose of the handbook.

The handbook will fulfill its function equally well by describing the procedures available on campus and listing the names of the officers. The names mean little or nothing to incoming freshmen, and interested upperclassmen will already know the campus leaders. In this way the handbook could be used unchanged for years.

If the Editor of Campus Viewpoint does not feel that more changes will be beneficial, then it is an advantage that the Student Association budget, as is the ASP Editorial, May 1964

The reasons for the Campus Viewpoint's policy of criticisms are relatively clear: the main purpose of the forum is to provide a medium for students to express their opinions and concerns. The forum is not intended to be a platform for entertainment or promotion of individual interests. Thus, criticism of a production is justified if it is perceived as being of interest to the community. The forum is a medium for students to express their opinions and concerns. Choral Society To Present

Bach's Mass In B-minor

On May 9, 1966, the Choral Society will present Bach's Mass in B-minor. It is one of the great masterpieces of Western music and is considered one of the most significant and challenging works in the choral repertoire. The performance will feature the university's finest singers, led by the renowned chorus director, Dr. John Peck. The concert will be held in the university's auditorium at 8:00 PM. Tickets are available at the door for $3.00. The Choral Society is a group of dedicated and talented vocalists who strive to bring the beauty of classical music to the campus community.

ASP Art on stage

The comment in last week's editorial that the State University Theatre productions are geared for the non-drama lover may be true. However, these non-drama lovers may very well be the non-drama lovers of culture in general.

Necessary Experimental Function

The productions of the drama departments of colleges and universities must, in essence, be experimental. They are of an exploratory nature, meant to be learning experiences for both students and faculty. One should be aware that education and enjoyment cannot occur at the same time. There is no reason why the Department of Speech and Dramatic Art should sacrifice its experimental function merely because students do not take advantage of the opportunity to experience untraditional theatre. Relatively small audiences prove that eighty percent of the student major in modernity and twenty percent are becoming genuinely educated. The comment regarding the choral-physic is an unqualified statement, criticizing the functions of a university theatre and demonstrating lack of knowledge of the true purpose of a university theatre.

When students leave the university community, they leave a corner of knowledge, whereas all should satisfy for the individual education. The sadly, genuine attempts to fulfill an appreciation of true cultural heritage is fraught with the Department of Speech and Dramatic Art that these works of recognized literary and dramatic merit are not appreciated?

Unusual and Superior Theatre

When students leave the university, they are able to find many productions that have more popular appeal. But their opportunity to witness performances of the Choral Society is a rare and unique experience. The works of the Choral Society are of a superior nature, and the performances are of a high quality. The students of the university are encouraged to attend the performances of the Choral Society, as they offer a unique and enjoyable experience.
HAMMING IT UP

With the big game of the season scheduled to be Friday, May 5 and the fundraiser for the school's student-aid fund being held the same evening, it is safe to say that the baseball team is in action in the first game every time. It could be that our winning team is the reason for the increase in some enormous crowds and we need to plan accordingly. "The sight of students on the baseball field and full bleachers are certainly pleasing to the fans."

The fans have been rewarded by their loyalty with some rather colorful plays. Albany State varsity golf team from a victory over Pennsylvania State, last Wednesday, takes on Hamilton's team today. Hamilton was the only team to hand the Peds a loss last year and they are considered to be "just as tough this year."

Albany State's course comes across as a far more difficult course than the others. The course has a point that is not too difficult and the distance from the tee line to the fairway is not very long. However, the distance from the tee line to the green is quite long and the green is quite small. The course is well maintained and the greens are very fast.

The matches were played in good weather with the exception of a slight wind. The scores could be tabulated from the tee line to the green. The Peds won the match 15 1/2-3.

Three League I Teams Win Two; Second, Third League Begin Play
by Al urge

In this week's AIAA action there were two close contests between the three teams. Although no one could have predicted the outcome, there were no surprises.

In League I action, the Elder Eves had their first loss of the season with a 7-5 setback to the Peds. The Elder Eves had a 6-5 lead after the fifth inning but could not hold on. The Peds were led by Bob Hart's 3 for 4, 2 run, 2 RBI game.

In League II, the Peds were ahead 5-2 after seven innings but were unable to hold off the Elder Eves. The Elder Eves won 7-6 in the final game. The Elder Eves were led by Bob Hart's 2 for 4, 2 run, 2 RBI game.

In League III, the Peds scored 11 runs in the first inning and went on to win 17-3. The Elder Eves had 8 runs in the first inning but could not overcome the Peds. The Peds were led by Bob Hart's 3 for 4, 2 run, 2 RBI game.

The Peds have won their first three games of the season and are looking to continue their winning streak. The Elder Eves have lost their first two games and will be looking to get back on track.

The Peds will play their next game on Thursday, May 5 against the Elder Eves at 3:30 pm.
