Unneeded roadblocks

Experience is an excellent teacher. At least, this has been the theme of UNL's 200th Commencement exercises. The one-credit hour worth of education is a hardwired one that cannot be replaced. The roadblock that stands in the way is a lot of work. The work is not necessarily difficult, but it must be completed. The task is to make this education work and to make it possible for those who want to do so.

We believe that the students are the best, for all of them. This is why they are so much more valuable than any other group. They are so much more valuable than any other group because they are so much more valuable than any other group. They are so much more valuable than any other group because they are so much more valuable than any other group. They are so much more valuable than any other group because they are so much more valuable than any other group.

An Approach to Song My

As an approach to Song My situation avoiding the usual cliches, we offer the following:

1. We support the proposal for abolition of requirements, for reasons similar to those offered by Mr. Del'ce.
2. The Vietnamese, perceived by "our standards," have been described as a "little strange or something, but I don't like this Christmas this year. And there are some 40,000 who will never see another Christmas again. Maybe I'm a little strange or something, but I don't like this Christmas this year. Perhaps Santa Claus will never come again and the Vietnamese will never see another Christmas again. Maybe I'm a little strange or something, but I don't like this Christmas this year.

Grapplers defeated by R.P.I.

State hosted RPI Wednesday in the dual men’s basketball game. Albany, coming off a very close loss against SU on Tuesday, took on the Bearcats with a slight crowd disadvantage. The Bears topped the Danes 72-54. "We didn’t get the job done," said Danes assistant coach Al Carducci. "They played the wrong way and we played the wrong way." Albany, which had won three straight, was outscored 44-24 in the first half and dropped both games by double digits. "This is a team that can shoot the ball, and we didn’t even get a free throw," said Carducci.

Blacks out to stay in the ball game, at least for a while. It was 32-18 at the half. With the Danes back in the game, it was 47-35 at the end of the third quarter. Sandy, Volinski Win Warden Scholarship

The New York Times reported that a decision by the New York State University Board of Trustees to award the Warden Scholarship to a single student "is a dumb decision," according to one of the board members. The decision was made in response to a request from the Albany Student Press to award the scholarship to a single student "as a way to provide some recognition for the outstanding work of the student." The board member said the decision was "a dumb decision," and that it was "a dumb decision." COMUNICATIONS

University Vietnam Action

To the Editor:

On Sunday, November 19th, there will be a public hearing on the Vietnam bill. It will be introduced on the floor by Sen. Tucker, and will be discussed by students and faculty, so we urge you to support the bill in assembly at the Assembly Hall in the Campus Center.

The bill prepared by Jack Schwartz and John Reilly is a response to our inability to contribute to building human communities, student organizations and a political atmosphere. It is also a statement of the need for the administration to be a home of academic education and also political commitment. The University Vietnam Action is a political action, a statement of good citizenship, political activism, and a demonstration of the unspoken responsibility to preserve good citizenship, political activism, and as a demonstration of the unspoken responsibility to preserve peace and democracy. On November 19th, the U.V.A. will have a definite count of those who are interested.

Unjust Punishment

To the members of the SUNYA Judicial Board:

I am writing this letter in pursuit of your recent decision to penalize me with a one-week suspension. I feel that this decision was unjustifiably severe and is a violation of my constitutional rights.

The appeal process for this decision was conducted in a manner that was unfair and biased. I was not given the opportunity to present my side of the story to the appeals committee. I was not allowed to cross-examine the witnesses who testified against me.

I am asking for you to reconsider this decision and to reinstate me to my normal status.

Respectfully,

Robert Brown

Basketball Scholarships

I hope you will take time out from politics in the Action to consider something concerning the student body. It is an important concern that you cannot overlook. This issue involves the funding of our basketball team.

I would like to bring to your attention the recent discussions about extending the American Basketball Association of the University of Albany. The discussion has been initiated by the student body and is centered on the financing of the team.

Although an awkward situation, it is or at least appears, that the student's views are being disregarded.

I hope you will take the time to come to a meeting and listen to the student's concerns. The installation of a basketball scholarship would be a significant step towards addressing these issues.

Sincerely,

Brian Brown
